Eighteen men belonging to the advance force of Forepaugh's circus are registered at the Umatilla house.

Mr. Dan McLaughlin, master mechanic for the Union Pacific at Albina will be succeeded by Mr. O'Mears of Cheyenne.

Mrs. W. H. Condon left on last night's east bound passenger for Boston, Mass., where she will spend the summer visiting friends and relatives.

Mr. John Sheak of La Grands was in the city yesterday. Mr. Sheak is an old resident of The Dalles and was heartily greeted by his many friends.

Jno. Filloon and family left yesterday for a three weeks trip to Trout Lake. Sam Thurman accompanied them under a contract to furnish honey for the camp.

Isaac and Tom Joles accompanied by the Misses Cora and Ella Joles returned last night from camping out at Hood River. The wagon bravely bore the strain of Tom's increased weight without a break down. Isaac returned to camp again this morning.

John Thomas who has lived for the past year on the Simons ranch on Three-mile has just returned from a trip to the southeastern portion of the county and the neighborhood of Fossil and Condon in Gilliam county. He speaks in high terms of Gilliam county and intends to return and make it his future home.

Yesterday, while the threshing crew of Mr. G. D. Woodworth were working on the ranch of Mrs. Ellen Love, near Wasco, the grain stack caught fire from a spark from the engine and a stiff breeze was blowing, in spite of every effort, the stack, which was estimated to contain about 250 sacks of grain, with the self feeder and derrick fork and wagon was destroyed. The total loss is estimated at over \$1000.

G. J. Farley who came up from the Cascades Saturday night returned again this morning. He reports that the work of constructing the portage road is nearing completion and that everything will be ready as soon as the rolling stock arrives. The cars are on the way since the 21st and the locomotive will be shipped next Friday. By the 10th of the month Mr. Farley expects the portage will be ready for business.

One day last week Mr. C. Phirman, father of Deputy Sheriff Phirman, while about half a mile from his residence in the foot hills, south of The Dalles, came upon a cub bear which he ran up a tree. His hired man, who was with him, emptied two charges of bird shot in his cubship without bringing him down and the shells having given out the man was dispatched to the house for a rifle, leaving the old gentleman in charge. During the man's absence the cub came down the tree and tried to escape, but a shepherd dog, that was with Mr. Phirman managed to delay the cub till Mr. Phirman killed it with rocks.

Mr. Smith French showed us this morning a box of peaches which he plucked from a five year old tree growing in his lot, which are without exception the handsomest peaches we ever saw. The tree will yield, in all, in the neighborhood of 300 pounds. A gentleman who saw the tree the other day remarked, "I have been all over the world and I never saw the equal of it." Another

gentleman who spends most of his time in California, looking at the box of peaches remarked in the hearing of the reporter "Oregon can beat California so bad in raising peaches that there is no comparison, but when such peaches as these are shipped east they are always labeled and sold as California peaches."

P. S. Mattox, press agent for the Adam Forepaugh show is in town today.

Hood River has organized a Road and Gun club. It starts out with nine charter members.

Emit Kohler, Bake Oven, W. W. Freeman, Boyd, John Hull, Grant, F. M. Amen of Ocos Bay, are registered at the Columbia hotel.

The CHRONICLE force is indebted to the kindness of Mrs. J. H. Coventon for a box of delicious peaches. May her shadow never grow less.

Miss Maggie Merrill, Dufur, Mrs. E. E. Lyon, Wasco, J. Koentz, White Salmon, and Geo. McKay, Grant county, are registered at the Umatilla house.

Two cases of common drunks were brought before his honor the recorder this morning and were mulcted in the usual amount, \$5 and costs.

Banker Frick of Arlington is reported to have killed a grizzly bear, last Sunday near Purdy's Springs in the Blue mountains. The animal weighed 500 pounds.

Mrs. Dr. Erank Fulton, mother of Mr. G. J. Farley, who has been visiting her daughter for the past two months, returned to her home in Monte Vista, Colorado, last night.

The Ochozo Review says horse raising is the most unprofitable business of any in the county. It claims the business is overdone and advises horse raisers to turn their attention to something else.

Jack Staniels objects to his employes being called hobos. He wants them called "gentlemen." All right, Jack; "gentlemen" goes, but the big majority of them are hobos just the same.

Mr. I. J. Norman returned last night from a trip to the head of our water supply, in the neighborhood of Mount Hood. He reports that he has never seen the mountain so bare of snow, at this time of year before.

Dick McDonald of the firm of McDonald & Ginn, came down from Biggs yesterday and informed our reporter that he had purchased, yesterday at Biggs 4000 bushels of wheat at 75 cents a bushel. He said there would be plenty of money to buy all the wheat they had facilities for shipping.

Last Thursday the citizens of Milton voted on the question of bonding the town for \$10,000 for the purpose of extending and enlarging the water works and for putting in an electric light plant. The measure lacked the requisite two-thirds majority and was therefore defeated.

Lem Burgess and Jim Smith returned last night from a trip to the Meadows. They report having had a pleasant time only Lem fell in a hole of water, ten to fifteen feet deep and would have been drowned but for the length of his legs. Quite a number of people from The Dalles are camped at the Meadows and it is reported to be a delightfully pleasant place this hot weather.

Mr. and Mrs. W. E. Garretson gave a whist party at their residence last evening which was a very enjoyable affair. Among those present were Mr. and Mrs. J. S. Schenck, Mr. and Mrs. H. H. Bird, Mr. and Mrs. Jud Fish, Mr. and Mrs. S. L. Brooks, Misses Cora Allen, Jennie Lowms, Jennie Marden and Dr. G. C. Eschelman, J. W. French, G. W. Bolton and Mr. Samuel Campbell.

Jack Staniels surprised the CHRONICLE man the other day with the remark "I want \$3 from you." "What for?" was asked, as recollections of an empty exchequer flashed for the thousandth time upon his memory. "Road tax," was the answer. "Young man, said the editor, as he uncovered his venerable head, 'do you take me for a spring chicken? I am fifty-one years old.'" "Well," said Jack, as he moved towards the door, "I'll be dog-goned if there are not more liars in this town than any place I ever struck in my life."

THE INSTITUTE MEETING.

Professor Ackerman Finds a Class Not to be Ashamed of.

The second day of the Wasco County Teachers' institute assembled at 9 o'clock with Superintendent Shelly in the chair. Mrs. Wetzell entertained the teachers with a fine solo, after which the superintendent led in prayer.

The first exercise on the program was Arithmetic by Prof. Ackerman. It takes a lively intellect to follow the professor in all his questions and give the proper answer, but he has an assemblage of teachers for pupils of whom he need not be ashamed.

The subject of Arithmetic was followed by the subject, Reading, by Prof. Wetzell. The professor found himself involved in a debate when he asked for definition of reading. Pitted against him were Mr. Gilbert, Colonel Nevius, a number of the teachers, and Mrs. Wetzell. When the professor found his wife was opposed to him, he said he would wilt, and extricated himself as best he could.

At the close of the fifteen minute recess the roll showed thirty-six teachers present.

Among the teachers present we noticed the pleasant face of Mrs. A. A. Lyon, principal of the Wasco school; also Miss Merrill a former teacher in Sherman county.

The first subject after recess was that of physiology, by Professor Ackerman, in which he said that the pupil reciting before a class should be treated as a witness on the witness stand.

The liveliest debate of the institute, so far, was that brought on in the subject of writing. Professor Wetzell found himself pretty nearly alone in his views.

In the argument Colonel Nevius brought down the house by relating an incident in Horace Greeley's school-teaching days. Mr. Greeley wrote the copy, "Virtue is its own reward." The school committee translated it, "Washing without soap is absurd."

Following the noon recess Professor Ackerman brought the subject of language to the attention of the teachers. One of the instructors plans to repeat some passage or quotation as a competition memory test. Many of the teachers are able to reproduce the selection on the first effort. The professor's memory gems are jewels in the English language.

He paid the primary teachers a high compliment when he said they are doing the grandest work in the public school system, and the teachers feel that Superintendent Shelly secured the right man for the right place, and the teachers are not slow in "getting the thought along the line."

The subject of language was followed by that of history by Prof. Wetzell, which was being discussed at the time of going to press.

HO! FOR THE CIRCUS.
Forepaugh Advance Car Arrives This Morning—The Show Coming Sept. 16.

The handsome advertising car No. 1 of the Adam Forepaugh shows arrived in The Dalles this morning from Portland. The car is in charge of Agent Ed Madigan with twenty bill-posters who are decorating the city today with the artistic painting announcing the coming of the "oldest, largest and richest exhibition in America." The date of this great show in The Dalles is Wednesday, September 16, and it will surely prove the biggest and most important amusement event in the history of the city. A fair idea of the immense size of this institution can be found when it is stated that it requires fifty cars, each sixty feet long and equal to 100 freight cars in length to transport it. The train is generally run in five and six sections. There are 888 people on the pay roll, sixty cages of rare animals, over 200 performers, twenty elephants, 418 horses, fourteen water proof tents, the exhibition tent seating ten thousand people. The advertising car leaves town for the East on the overland flyer tonight.

Occupation in Heaven.
Eochester Free Press.

A little Vermont friend, aged 4, stood by the window and the family physician drove by with a smile and a bow for his little favorite. A moment later she turned from the window with a sigh and said: "Mamma, isn't it too bad that Dr. Blank can't go to heaven?" "Why Jessie?" said mamma, in surprise. "What makes you think he can't go to heaven?" "Why of course he won't go," said Jessie. "There's no body sick there, and they don't need any doctors."

Little Jessie's original idea was told to the clergyman, who called a day or two later, who said that he should consider that "a knock-down argument" against the theory that we are to continue our present occupations in the future life.

A popular physician, on hearing the above, said that he did not see why the doctors have not as good a chance as the ministers, for surely there would be no souls to save in the better land.

LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.
Prof. E. L. Shney, Dayton, Ohio.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Tontine Plan, for \$40,000. My premiums during the period amounted to \$7,512.00. The Tontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000 00
And cash 9,751 00
SECOND—A paid up policy for 54,600 00
THIRD—Surrender my policy, and receive in cash 36,456 80

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount, \$36,456.80, to their State manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary. During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment.

In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Tontine, for \$10,000, that company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of their actuary; so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for. Very truly yours,
ROSS MITCHELL.
