TAKE UP A COLLECTION.

A Negro Enters a Church and Orders a Collection Taken.

JACKSONVILLE, Fla., Aug. 25.—Harmon Murray, a negro desperado and murderer, is still maintaining a reign of terror in the southwestern portion of the state. He stopped into a colored church near Melrose yesterday, and holding up the congregation, compelled the deacons and minister to take up a collection for him, which they did. He left after telling them they were doing good by helping him. He has threatened to stop trains on some of the railroads, and armed men are patrolling the track in many places. Murray has committed many other acts of lawlessness in the past week. The citizens of Gainesville have offered large rewards, and the county commissioners have been asked to aid in the work of arresting the desperado. Two hundred men are searching the swamps for him, but as the murderer knows all the by-paths he is able to escape his pursuers, and appears in unexpected places, causing the wildest excitement.

THE VISITORS DEPART.

The French Fleet Leave England With Pleasant Memories.

LONDON, Aug. 25.—The French fleet started homeward today bound for Cherbourg. The British sailors gave the departing visitors three hearty cheers which were as heartily responded to. Last evening over 1000 French sailors accompanied by a number of officers were entertained at the town hall at Portsmouth as guests of the municipality. The decorations, marqueses and other appurtenances for the previous reception of the officers and other distinguished guests remained in position and augmented the effect of the entertainment. The directors of the Royal Sailors' Home at Portsmouth gave the French seamen all the privileges of members during their stay. The mayor of Portsmouth, who presided at the entertainment, expressed the earnest desire of Englishmen to remain on terms of peace with all nations.

JEWS IN RUSSIA.

They are Gradually Forced to Leave the Country.

Moscow, Aug. 25.—Even the Jewish merchants of the first guild are preparing to leave the city. The last order makes it impossible for them to carry on business, as Jews are not allowed to employ Christians, and all other Jews but the merchants of the first guild being ordered to leave Moscow, the merchants can no longer conduct their traffic. Besides, the freedom of the guild is liable to yearly revocation and would not probably be renewed. The result will be that in the course of a few months Moscow will be entirely clear of Jews. Owing to the fact that Jews are being sent back in large numbers, on account of destitution, from Germany and Austria, the Russian government has issued orders to the police to abstain from plundering Jews who are on their way out of Russia.

No Rain for Two Years.

SAN ANTONIO, Tex., Aug. 24.—A private letter from Albert Garcia, a prominent citizen of the state of Chihuahua, Mexico, tells of a most widespread and pitiable famine in that state. There has been no rain in many sections of the state for nearly two years. The cattle are dying by thousands, and men, women and children by scores are dying from hunger. President Diaz has been appealed to and has suspended the customs duties in order that bread stuffs from the United States can be gotten to the starving people with the least cost.

The English Hangman.

LONDON, Aug. 25.—Berry has redeemed his reputation as a hangman. The execution of Watts, the wife murderer, today, was performed with neatness and promptitude. It is said that the high sheriff of Hants gave the hangman notice through a subordinate that there must be no drinking, not even of brandy or soda previous to the execution. The condemned was allowed a stimulant, although that privilege was denied to Berry. The result was no repetition of the Liverpool horror.

Co-operative Railroad.

OKLAHOMA CITY, O. T., Aug. 25.—The farmers' alliance at Oklahoma has just concluded a largely-attended territorial convention. The Ocala platform was unanimously adopted. They favored building an interstate road from Duluth to Galveston on the co-operative plan, and condemned the action of the Cincinnati convention.

HITCH IN THE SCHEME

The Enormous Floating Debt of the Union Pacific Gets a set-back Through Exactions.

A British Vessel Swamped and Four Seamen Lose Their Lives—Crops Badly Damaged.

New York, Aug. 26.—A hitch in the financial scheme by which the enormous floating debt of the Union Pacific was to have been extended for three years is believed to be due to uncertainty concerning Jay Gould's purpose in the matter. The understanding in Wall street is J. Pierpont Morgan consents to act as trustee in the proposed fund raising scheme only after exacting from Russell Sage, Sidney Dillon and George J. Gould concessions of great importance to the road. One of these concessions, it is believed, is the presidency of the road, and it is stated Morgan selected his able lieutenant, Spencer, to succeed President Dillon.

Four Seamen Lost in a Storm.

LONDON, Aug. 25.—Last night the steam pinnace belonging to the British war vessel at Portsmouth was swamped in the gale and four seamen drowned. The gale on shore swept down telegraph and telephone wires and poles, uprooted trees and unroofed houses. Dispatches from various parts of the coast announce numerous wrecks. Reports from all parts of Ireland indicate the crops badly damaged by the gales.

IN THE LAWS CLUTCHES.

An Escaped Murderer Returns Only to be Captured.

ASHBURY PARK, N. J., Aug. 24.—Judge Petcare, of Long Branch, arrested today at Baltimore Peter Dowling, the negro who on November 1, 1888, murdered at Long Branch William Hamilton, who had charge of banker A. J. Drexel's property at that place, and had been in his employ for twenty-five years. On New Year's he visited a low dive called "Little Limerick" at Long Branch, where a colored ball was in progress. He drank a great deal while there and exhibited a large roll of bills and a handsomely engraved gold watch, given him by Mr. Drexel. Early next morning his body was found in a back street, there being several wounds on the head. Several of the inmates of the dive were arrested and they confessed that Dowling had committed the crime. Dowling escaped, and nothing had been heard of him until recently, when Judge Petcare received information that Dowling was on a coasting steamer, and would shortly arrive at Baltimore. He hurried with requisition papers, and discovered his man. Judge Petcare will arrive with his prisoner in the morning. At the time of the murder Mr. Drexel offered \$1000 reward for the arrest of the murderer, to which Long Branch citizens added \$500.

RAILWAY MEN ORGANIZE.

They Will Elect by Ballot Men Who Oppose Capital Oppression.

OMAHA, Neb., Aug. 26.—At a meeting last night the Omaha railway employes formed a branch association of railway employes which is being formed all over the western country. Its object, as stated, is to secure by casting votes federal officers who will favor laws opposed to capital oppression. It is supposed there are about 20,000 railroad men in this state and that through organization these means 40,000 votes.

The Latest from Chili.

CITY OF MEXICO, Aug. 26.—The latest telegram from Valparaiso states the fight has been going on for twelve hours and from the first it was thought the army of Balmaceda was nearly double that of the congressionalists, the latter being victorious. From present indications the fight may continue several days. The congressionalists are expecting reinforcements. The insurgent fleet are still harboring about Quinter's bay.

Crops in Ireland Damaged.

DUBLIN, Aug. 26.—A violent thunder storm passed over Charleville county, Cork. The rain was the heaviest seen in that district for the last thirty years. Corn and hay crops are rotting in the fields and it is feared potatoes will prove a failure.

Storms in the Old World.

PARIS, Aug. 26.—News was received of a hurricane in Leneval in which an Italian steamer and two cutters were wrecked at Rufisque and eighteen persons drowned.

LONDON, Aug. 26.—The meteorological bureau predicts that gales will continue all over the country today.

The Ballot Reform Law.

HARRISBURG, Pa., Aug. 26.—The prohibition state convention opened here this morning with 403 delegates present. H. T. Ames was selected as permanent chairman. In his speech he denounced the ballot reform law because it discriminated against the prohibition party.

DESPERATE CRIMINAL.

Commits Murders and Robberies, but is Finally Captured.

BUFFALO, N. Y., Aug. 25.—Two detectives here arrested William McDermott, aged twenty years, yesterday. He is a desperate character, and the police of Corry, Pa., are anxious to take him into custody. McDermott is charged with train robbery and possibly murder. On August 17th he entered a train on the Western New York & Pennsylvania railway, and flourishing a pair of big revolvers, commanded everyone to hold up their hands. After robbing the passengers of their valuables, the desperate criminal pounced upon an old man and woman and beat them into unconsciousness. He then shot another woman and she now lies in a critical condition at Corry. He shot a child and it, too, was severely wounded. McDermott and two companions, who stood guard at the doors of the coach, then jumped from the train and escaped to the woods. After dividing the booty they separated.

THEIVING WRECKERS.

Wrecked and Disabled Vessels Plundered by a Band of Robbers.

NEW ORLEANS, Aug. 25.—A Picayune special, dated Off Simini, Great Bahama Banks, Aug. 23, says: "The revenue cutter McLane arrived here this morning with the wrecking schooner Cora in tow. Captain Byrne, of the disabled steamer El Dorado, reports that on the 17th his ship was boarded by 1500 black, English, Bahama wreckers armed with knives. They demanded the cargo and to prevent bloodshed he had to let them have the cargo. Of course, half of it will be stolen before they arrive at Nashua. The wreckers, who invaded the ship after the McLane's departure, are worse than pirates. One of the wreckers attempted to haul down the flag and replace it by the English flag. The El Dorado is afloat and will probably sail tomorrow."

A Freak of Nature.

HINTON, W. Va., Aug. 25.—People living on New River mountain, in this county, are much wrought up by the phenomena which has been witnessed there at intervals for several months, but which has only recently assumed startling proportions. Many reports were circulated of the mysterious rain of tiny stones, which apparently came out of the air. At first these attracted little notice, but, as time passed, the reports became so general as to attract wide notice. In response to inquiries from a distance, a correspondent visited the mountain last week to investigate the stories. He found that while the common reports are considerably exaggerated, there is a basis of truth for it, and the facts which are susceptible of proof are mysterious and interesting.

A Steamship Disabled.

NEW YORK, Aug. 25.—Captain Dalton, of the Cunard steamer Servia, which arrived here today, reports that he saw the Hamburg-American Packet Company's steamer Suevia in a disabled condition in latitude 34:43, longitude 56:36. The signals displayed by the Suevia showed that she had one of her propellers broken, leaving one intact. She should have arrived here yesterday. She left Hamburg for New York August 10, and has a large number of steerage passengers on board. The agents of the line in this city will send tugs to the Suevia's assistance.

Cheap Laborers Wanted.

SAN FRANCISCO, Aug. 25.—Joseph Marsden, a member of the Hawaiian legislature, arrived here yesterday on the China steamer, having spent some time in India, China and the Philippines, investigating the labor market in the interest of the sugar plantations of Hawaii, where cheaper labor is wanted. He states that the Hindoos of Lower India are admirably suited for plantation work, and that if a treaty could be made with Great Britain, large numbers might be brought to Hawaii.

Took Her Own Life.

DAYTON, Wash., Aug. 25.—Yesterday morning Miss Maude Lathrop, aged 21, committed suicide at the house of her father, seventeen miles from here. Her father found a letter to her, which she demanded. On his refusing to give the same up, she took eight capsules, containing morphine. Dr. Van Patten thinks she took about two grains, a fatal dose. No inquest was held. A married man here is suspected of being the author of the fatal letter.

Intense Suffering.

LONDON, Aug. 25.—A London clergyman, residing in the province of Kazan, Russia, has written a letter to the Pall Mall Gazette, in which he gives a harrowing description of the sufferings of the unfortunate peasants of that province, brought on by the failure of crops. Large numbers of them, he says, are in an absolute state of starvation. Many in their efforts to sustain life have been compelled to eat grass and leaves. There is great excitement throughout the province among the poorer class, and an outbreak may occur at any time.

Sixty Bodies Recovered.

NEW YORK, Aug. 26.—At 7:30 this morning sixty bodies had been recovered from the ruins of the Taylor building.
