Deputy marshal A. G. Johnson arrested a man last Saturday on suspicion of having been connected with the late stage robbery near Sherar's bridge. United States Prosecuting Attorney F. P. Mays has been sent for and on his arrival the man will have an examination before Commissioner Huntington.

Mr. A. Hudson, who has lately returned from the Atlantic coast has been authorized to select somewhere in Eastern Oregon about a thousand acres of land, adapted for fruit culture. The selection will be in the interest of an Eastern syndicate and it is the desire of Mr. Hudson to locate the lands as near The Dalles as possible, provided he can secure suitable lands and at reasonable rates. A project of this kind would be

of immense benefit to the country and we earnestly hope it may be carried out.

The first fire in the furnace of the Regulator was started today.

Miss Aubie Story and Messrs T. P. Crum and Frank Shontell returned yesterday from a six weeks camping out at the Cascade Locks. Messrs. Crum and Shontell report having caught 75 dozen trout during the stay, thirteen dozen of which were caught (save one trout) last Friday. The one trout was caught by Mr. Truman Butler and Shontell says he caught it up a tree. It measured nearly two inches long and Truman ate it all himself.

A fellow named Charley Nelson, hailing, he says, from Arlington, got possession of a knife Saturday night and started in to clean out the Columbia hotel. Con Howe arrested him and he was brought before the recorder this morning charged with being drunk and disorderly. He was fined \$20 and costs and for lack of the cash will work out his fine on the streets for the next ten days.

Last Saturday evening Dr. O. D. Doane, Past Grand Master, assisted by a large delegation of Odd Fellows from The Dalles, Cascade Locks and Latourelle Falls, organized a lodge of the order at Hood River with six charter and ten initiate members. The new lodge is entitled Idlewilde, No. 107, and has the following staff of officers: Henry J. Hibbard, N. G., M. P. Watson, V. G., A. B. Jones, R. S., and L. Neff, Treasurer. At the conclusion of the business of the lodge the members and visiting brethren adjourned to the Mount Hood Hotel, where they were regaled with an excellent supper by mine host George Herbert who is one of the charter members and was chiefly instrumental in the organization of the lodge.

A Dalles Man Unwittingly Treats a Buffalo Lady to Cigars.

The Buffalo Courier of the 25th inst. contains an interesting interview with a young lady of that city who is ably managing the business of her deceased father, to which she succeeded a short time ago. As the lady does her own correspondence and simply signs the initial of her first name, reference is made in the interview to the fact that she is frequently addressed as Mr. A. C.—or A. C.—Esq. and it is noted as a climax that the other day "a man from Oregon" sent her some samples of Pacific Coast salt, done up in a cigar box, and in the middle of the box two fine cigars were carefully packed, which, it is needless to say, are still unsmoked. No names are given and it remains with the CHRONICLE to furnish the omission as far as the Oregon man is concerned. The father of the young lady was formerly an old and respected friend and neighbor of Mr. Linus Hubbard who is employed in the office of O. D. Taylor of this city and having been long engaged extensively in the salt business Mr. Hubbard procured some samples of Utah and California salt, packed them up in the manner described above, and not being aware of the death of his old friend, thought he would treat him to a couple of the best cigars he could buy and thus mailed the package to the old gentleman's address. The first intimation that Mr. Hubbard had that he was treating a Buffalo lady to cigars was in the interview above referred to.

CROP-WEATHER BULLETIN NO. 25.

Report for the Week Ending Saturday, August 29, 1891.

WESTERN OREGON—WEATHER.

The temperature has been from 10 to 15 degrees a day above the average, the maximum ranging from 90 to 100 degrees on the 26, 27 and 28. Today has been warm but cooler. The season of extreme heat is or should be now about over. No rain fell during the week, the weather has been cloudless, with fog on the coast in mornings and smoke in the interior valleys.

CROPS.

Wheat is all cut and much of it is threshed. In every section the yield has been above the expectations of even the most sanguine. The wheat is plump, heavy and of excellent quality. Oats are heavy and as a rule are large in yields; late oats have been injured slightly by rust in parts of Marion county. The threshers will be busy for about two weeks yet. Hop picking begins next Monday; in some sections considerable damage has been done by the lice, while in other sections a good average crop will be picked. In Josephine county hop lice are not observable and no damage has been done. Fruit is ripening rapidly and is very plentiful. Tomatoes and canteloupes are now generally ripening. The hot, dry weather has been slightly injurious to root crops, clover, corn and to young orchards. In Curry county the second crop of red clover is heading and the fourth crop of alfalfa has been cut, each crop averaged, in stalk, 22 inches in length.

EASTERN OREGON—WEATHER.

Continued hot weather with maximum temperature of from 90 to 105 degrees, have prevailed. No rain fell. The sky has been cloudless with smoke appearing in the atmosphere.

CROPS.

The weather has been slightly injurious to the corn crop, but favorable to fruit, melons and to harvesting. Fruit and melons are ripening rapidly and are very plentiful. The wheat is nearly all cut west of the Blue mountains and considerable has been threshed; all reports show that it is turning out much better than was expected. In Wasco and parts of Sherman county spring and fall wheat is somewhat shrunken. In Gilliam, Morrow and Umatilla counties the wheat crop as a whole was never better. Harvesting is in progress in the south of the Blue mountains; Union county especially has a fine crop of cereals, but all counties have crops above the average. Smut is found in the wheat in sections of Grant county. Prices are about 20 per cent. higher than last year with an upward tendency. Farmers are happy and prosperous times prevail throughout Oregon. B. S. PAGE, Observer.

EVIDENTLY A FRAUD.

The Pacific Coast Home Supply Association.

INDIAN VALLEY, Aug. 22.—[TO THE EDITOR.] Is there an association of wholesale merchants in Portland called "The Pacific Coast Home Supply Association"? There has been a traveling agent representing this association in this part of the country. He guarantees to the farmers "all kinds of goods handled by this association" at wholesale prices in Portland with the freight added.

In order to obtain these rates it is necessary to become a member of this association. And this costs the farmer seven dollars, and this sum is to be paid to the agent, when he shall deliver to the farmer a certificate of membership, which is to be delivered some time in October. Is this a fraud or not? Please answer through the Oregonian.

[Diligent inquiry among wholesale merchants fails to discover any trace of such a concern as the "Home Supply Association," and the merchants say they have no time for such business, and pronounce the "agent," so-called, a swindler. Such swindling scoundrels are traveling through the country in all directions preying principally upon farmers, but some of them like the one exposed a day or two since getting ahead of business men. Hundreds of these swindling schemes have been exposed, but new and more enticing ones have been constantly invented, and the farmer is selected for a victim in most cases. If parties who are approached by such swindling agents would follow the example of the writer of the above letter they might often save themselves from being victimized.]—Oregonian.

One of these same scoundrels has been working the country south of here, around Dufur, Kingsley and Tygh neighborhoods, so the CHRONICLE is informed and we are told he has succeeded in deceiving quite a number of people. We learn that he has arranged to come back in a short time with the certificates and to collect the seven dollars from each victim. That his is a swindle there is no doubt in the world, and we warn the people to give him no quarter. The man who pays him a cent will never see it or its equivalent again.

The Northwestern Life Insurance Co., OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00. Surplus over \$6,500,000.00.

Prof. E. L. Shuey, Dayton, Ohio.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Fontine plan, for \$40,000. My premiums during the period amounted to \$37,312.00. The Fontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000.00. And cash \$751.60. SECOND—A paid up policy for \$4,000.00. THIRD—Surrender my policy, and receive in cash \$8,456.30.

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy for the amount, \$38,456.30, to their State manager in Cleveland, and he would remit me the amount, I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,052.20 less than my total investment renders further comment unnecessary. During the time I carried the Equitable policy up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Fontine, for \$10,000. That company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of their actuary, so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for.

Very truly yours, ROSS MITCHELL.
