There is very little hope for prohibition in Kentucky. At the late election in that state 3291 votes were cast in its favor and 285,886 against it.

While Uncle Jerry Rusk is trying to invent a system that will produce rain where it is most wanted, if some smart Yankee would try his hand at inventing a machine that would stop rain where it is not wanted, it would have a great run in the web-foot part of this state.

The exports of cotton goods from New York for the first seven months of the current year amounted to \$7,327,349 as against \$4,577,552 for the same period last year.

An agent of the notorious Monte Carlo gambling establishment has offered the directors of the world's fair, to put up a million dollar building and pay another million dollars as a license for the privilege of running a branch gambling game during the exposition.

RAILROAD TAXATION IN WASHINGTON.

The Whitman county, Wash., assessor has fixed the rate of assessment of the various railroads running through that county at \$10,000, irrespective of the cost of construction.

A SYSTEM OF WONDERFUL POTENTIALITIES.

If the government can make money out of rags and printer's ink why does it not get down to business and pay off the national debt? What sense is there in all this fight over a tariff for revenue or a protective tariff or any other kind of a tariff?

trusts. Every man would have all the money he needed. The United States would become a paradise with the fruit of its trees yielding all manner of greenbacks.

BRIEF STATE NEWS.

The number of passengers who have traveled on the motor line at Monmouth during the year amounted to 57,485.

The high school building at La Grande came within an ace of burning down last Saturday. A bucket brigade succeeded in quelling the flames.
