The Chronicle is the Only Paper in The Dalles that Receives the Associated Press Dispatches.

LOCAL BREVITIES.

Mr. S. R. Husband of Mosier is in the city. Mr. T. H. Johnston of Dufur is in town. Assessor Barnet started in to assess the city, yesterday. C. L. Schmidt shipped a car load of flour today to a point west of The Dalles. George H. Knags has returned to The Dalles after a three weeks absence in Portland. Mr. John A. Wilson of Hood River, gave the CHRONICLE office a pleasant call yesterday. George W. Filloon went out this morning on a business trip to the Thompson saw mill, west of Kingsley. Mrs. C. L. Phillips left last Sunday morning to spend a few days with her mother near Hillsborough. William Taylor, of Dufur, brought in a small load of hogs today, which he sold for five cents a pound, gross. The Hampton Bros., had a car of beef cattle at the stock yards today, which they will ship west this evening. About twenty horses are in training at the fair grounds to compete for purses at the coming district fair. Quite a number of others will arrive in the near future. Practically no movement of grain has taken place at this point as threshing has only fairly begun. Three wagon loads of grain were all that arrived up to noon, and two of these were stored at the Wasco warehouse. The best and surest way to inflate the currency—in a man's pocket-book, is for him to set about to work earnestly, and steadily at some honorable employment and then save every cent possible of his earnings. Mr. C. L. Phillips paid a flying trip to Mosier last Sunday and came back deeply impressed with the fact that there is no part of Eastern Oregon, better adapted to fruit raising than that section. Louis Delco of Wapinitia had the misfortune to lose about 300 bushels of grain last week by a fire that started in one of his grain stacks. Through the efforts of neighbors in covering adjoining stacks with canvas and blankets and keeping them wet, his remaining stacks were saved. Mr. and Mrs. Frank Roach left town today for a two weeks trip to Mount Hood. They will stop tonight at the residence of Mr. Jno. Brookhouse of Dufur and will thence be accompanied by the Misses M. J. and Mary Brookhouse to the camping ground somewhere near the Summit house on the Barlow road. Benjamin Jager, hailing from Utah and destined for Mosier, was arrested this afternoon on the charge of cruelty to animals. He was driving one horse in a cart and leading two others that were poorer than the proverb of Joseph's lean kine. We have never seen poor horses but we never saw poverty in horse flesh to equal these. The man who lodged the complaint has the thanks of this county. Jager is being tried as we go to press. The Dalles, Portland and Astoria Navigation company, have fixed the rates on wheat, between this city and Portland at \$2.20 per ton which is about four cents

a bushel less than the present rates of the U. P. Co. Passenger rates are fixed at \$2, single trip and \$3, the round trip; tickets good till used. The reduction on all classes of freight will average from 30 to 40 per cent. less than the present railroad rates. The Regulator will make her trial trip not later than next Monday. W. B. Rodman, of Wamic, is in the city. Hon. F. P. Mays came up from Portland today. Elmer Rand and Miss Georgie Smith of Hood River came up on the noon train today. The Knights of Pythias held their regular monthly convocation last night. There is nothing singular in this announcement and it is only referred to here to explain the cause of the three loud pumps that were heard to proceed from the hall last night at the time, as is supposed, when a handsome young druggist of this city was taking his first ride on the Pythian goat. Paquet & Smith will make the trial trip of the Regulator next Monday. They have extended an invitation to all the stockholders to accompany the boat on its trip. In the absence of Mr. Paquet, Mr. Hugh Glenn will issue the tickets to the stockholders. After the trial trip, if the boat fulfills the contract, she will then be turned over to the company, and be ready for service on picnics or excursions until the portage and the lower boat are ready for business. A lady and gentleman came down from Heppner this morning. County Clerk Crossen suspecting they wanted a license to wed, put on his best bib and tucker and his blindest smile and sat down to await the turn of events that would make him richer by the addition of a license fee. He was soon rewarded by seeing the couple at Maier & Benton's corner, coming west, direct for the court house. Then he rushed to a pigeon hole and got a handful of blank marriage licenses and again sat down, but in another moment the couple had turned the corner and were heading for the cut. Jimmy thinks he'll catch them yet. Council Meeting. The regular monthly meeting of the common council was held last night at which there was a full attendance. The petition of the Dalles, Portland & Astoria Navigation company asking right of way of the water front of the Columbia for construction and maintenance of an inclined wharf or boat landing was referred to the judiciary committee with instructions to report at next meeting. The judiciary was granted further time to report on the petition of Mary E. Walker and ordinance of W. U. Telegraph company. The reports of recorder, marshal and street commissioner were placed on file. The report of city attorney in the matter of liability of John Kashberger was referred to the judiciary committee. The marshal was ordered to report to the next meeting the condition of the tax roll for 1890. An ordinance to provide for the refunding of certain assessments was referred to the finance committee. Ordinance 290 to provide for licensing certain games was passed. C. N. Thornbury alone voting no. The chief engineer of the fire department was instructed to purchase a new suction for fire engine. The recorder was instructed to contract for construction of pigeon holes and shelves for use in vault of recorder's office. Paul Kreft, H. J. Maier and C. N. Thornbury were appointed a committee to investigate the matter of salaries paid the various city officers. The street commissioner was instructed to buy nails and re-nail city sidewalks, where needed. The city attorney was instructed to take steps to collect the notes of J. L. Story, N. W. Wallace and G. W. Miller, but not to bring suit till further ordered. The mayor and recorder were instructed to cancel the notes given in favor of the real estate fund of Dalles City by Dalles City, the same having been paid by sale of bonds and the proceeds turned over to the city water fund. The following bills were allowed: Frank Menefee \$97 25, R V Gibons 101 00, J F Staniels 78 00, George Brown 80 00, George Munger 12 00, F P Mays 125 00, Con Howe 75 00, Gibons, Macallister & Co. 90, Glenn & Handley 238 00, A Anderson & Co 15 75, Dalles Water Works 32 00, C E Haight 24 85, Glenn & Handley 3 20, Currosics Publishing Co 1 50, F Dehm 1 70, Glenn & Handley 6 50, John Campbell 1 50, Joe Studinacca 1 50, John Christian 2 00, Snipes & Kinersly 2 75, Louis Payette 1 00, Jos T Peters 12 00, Gibons, Macallister & Co. 1 50, Total \$933 95. Kingsley Notes. The weather is hot and dry—water is getting scarce. The farmers are getting along fine with their harvest. Pat Bolton and Tim Mayhew started our threshing last week. Lots of hard work stares them in the face for the next six weeks to come. Wheat and oats are only panning out

about half crop so far as have already been threshed. Ira Amee is on the sick list. Ed. Boynton has moved his stock and family to The Dalles to stay until after the fair. What is it that takes Frank Ward to Fraleys so much? I guess he wants to get Mr. Pugh to cut his oats. Frank Edward is a head of you there, oats or no oats. Pugh and Fraley has got about 90 acres of wheat to cut yet, and when done cutting, they will have over 100 cars to gather up. The boys will have to get in and work or the snow will catch them. We have an energetic blacksmith at Kingsley. He is always busy, and a more pleasant and accommodating man you never met; he talks a great deal about Sunday school, and you will always find him promptly on time—meal time. Ed. Rondeau was putting on a great deal of style last Sunday evening buggy riding with one of the fair sex of Tygh Ridge, when his horse balked, and they had to walk up the hill. Ed had better start a foot after this, or get a horse that will not balk. It is hard work to talk to a girl and drive such a horse at the same time. RASP. Real Estate Transactions. Farris returned last week from a trip to Heppner whither he had gone on the trail of the robber who lately held up the Prineville stage. Mr. Farris believes that the man who did this deed is the same man who, a week later, held up the Heppner and Canyon City stage. The description of both robbers tallies. The mail sacks in both instances were cut in the same way by being slashed in the sides with a knife. Usually the straps are cut. In both instances the robber wore a slouched hat and blue overalls and was a man of medium height. A posse of determined men from Canyon City, Long Creek and other places is after him. He changed horses after the latter robbery and the horse last taken is known. No Deformed Chinaman. "Did you ever see a deformed or crippled Chinaman?" asked a gentleman of another yesterday. There was a negative reply, and the questioner continued; "I don't think you ever will. If a Chinese child is born deformed it is made away with as soon as possible. Just how the babe is killed I do not know, but it is never permitted to live. You may travel all over the world and you will never see a crippled Chinaman. When an accident befalls one of them he is made away with, too. This is a part of their religion and they adhere to it closely."—Telegram. A Practical Suggestion. Edwin (as they reached the summit of the mountain after a long climb)—Ah, we are here at last! What a magnificent view! At such a time and place I feel strange sensations—an undefinable longing, a soul craving, as it were, which—Angelina—My dear Edwin, you must want a ham sandwich! Died. At the residence of Joseph Knebel, on Mill Creek, at 6 o'clock this morning, Miss Lavina Knebel of Junction City, Lane county, Or. Miss Knebel arrived here, only a few days ago on a visit. At four o'clock this morning she was taken with hemorrhage of the lungs and at six she was a corpse. Her remains will be shipped, this evening to Junction City. Albert B. Mayne, and his wife have been arrested at Denver, Col., for placing their newly born twins in a stove and roasting them to death. The husband has confessed. The police are after other married people on similar charges, and say that arrests will follow thick and fast and that before the matter is through there will be such a stirring up in Denver society as never was dreamed of. From next Sunday onward Scandinavian meetings will be held at the Methodist church every Sunday at 4 o'clock. All Scandinavians cordially invited. Notice. City taxes for 1891 are now due. Dalles City tax assessment is now in my hands and will be held in my office for sixty days. Taxes due from date, July 18, 1891, city taxes will be delinquent. O. KINERSLY, City Treasurer.
