It seems to be one of the happy coincidences of this world that the man who does not want an office seldom has it forced on him.

There will be no Congregational Sunday-school tomorrow, but it is expected a place of meeting will be arranged for before the following Sunday.

Messrs. Thompson, Henson and Gilmore, who lately suffered the loss of their saw and planning mill, near Kingsley, were in the city yesterday.

Dr. Siddall has lost a large picture frame enclosing seven cabinet pictures of the royal family of England. He believes it was saved from the fire and will liberally reward any person who will restore it to him.

There have been received since our last report for the relief of the sufferers by the fire; one crate of cabbage from Portland, appropriately marked "pro bono publico," a wagon-load of potatoes from J. C. Wingfield of Eight Mile creek, two dozen quilts from Mr. Heppner of Arlington, a box of clothing from Mrs. T. W. Sparks of Portland, and \$1000 from Portland and \$750 from Walla Walla.

Special policemen Sechler arrested a regular, genuine, old fashioned tough hobo, Wednesday night, who gave his name as Peter Satta. Peter has entered into a contract with Jack Staniels to work for the city.

The reduction in the price of school books announced in our advertising columns by the enterprising firm of E. Jacobsen & Co., is another evidence that the house is determined that no bookstore in The Dalles will be permitted to undersell it.

The one and a half year old child of a Mrs. O'Keefe from Pasco, who has been camping for some time at White Salmon, fell off a chair last Thursday and fractured the right arm near the elbow joint. Mrs. O'Keefe brought the child to The Dalles and Dr. W. E. Rinehart reduced the fracture.

Mayor Mays has received intimation from Portland that Mr. H. Heppner of Arlington has ordered shipped from a wholesale house in the former city, for the use of the sufferers by the late fire, two dozen quilts. This is very kind of Mr. Heppner and has the city's warmest gratitude.

A. W. Whetstone brought to this office today a number of twigs cut from three-year-old silver prune trees, which were grown on his hill land between Five and Eight Mile creeks. These twigs are simply loaded down with fruit, and they afford another proof, if such were needed, of the adaptability of our driest hill lands to fruit culture.

chard by every tree he can set out. Mr. Whetstone would like any one who doubts the adaptability of our driest hills for prunes, plums, apples and pears to come and see his orchard. He believes no country in the world can beat Wasco county for these fruits.

Mr. C. C. Bunnell, of Lewiston, is visiting his brother, Mr. A. Bunnell, of this city.

Hon' D. J. Cooper, who has been ordered by his department to Duluth, Minn., left for that place last night.

The rolling stock of the Cascade Portage Railroad is now on the way from the east. The cars were shipped on the 27th inst. and are expected to arrive any moment. The locomotive was shipped on the 4th inst.

As will be seen in another column, the Regulator, on and after Monday next, will leave her landing at the foot of Court street for the Cascades and way points. The intention is to accommodate the local trade till connection can be made with the lower river.

A Joke on the Purser. Last night the purser on the boat till near midnight, seeing his best girl or something, when he returned and was met by the mate who, with marked kindness, offered the purser the use of his lamp to light him to bed.

Then looking at the sign outside which bore the legend "Purser's Room" he changed his mind, reentered his quarters and grasping the sleeping form of the intruder in his arms he bore him to the side of the boat and was just about to throw him over the rail when the head of the man fell from his body and rolled on the deck! Then the purser stood up the headless trunk, against a box, which, of course was only a bundle of clothes and quietly went to bed.

The average cost of running a passenger train on the railroads of the United States is 83 cents per mile, and the train earns just \$1.06 in doing it. The profit, therefore, is only 23 cents a mile, but it foots up \$300,000,000 on all the roads in the course of a year.

MARKET REVIEW.

THURSDAY, September 10, 1891.

The business of the city has been paralyzed from the effects of the fire, and the past week has been taken up in adjusting losses and damages, which is put down at a round million dollars.

The wheat market here is inactive owing to the depressed reports from our Eastern grain centers. The bears are on top and are using every device to control the bulls and keep them under.

The general situation in the old world is somewhat easier as the weather has become settled in a measure, and an easier feeling prevails in England and also in Scotland.

The Paris quotations are a little off, but the weakening tone is believed to be caused by the large quantity on passage to foreign ports at the present time.

The wheat market is firm at 80 cents per bushel for No. 1, and 70 cents for No. 2.

BAGS—Calcuttas, 9 1/4 @ 9 1/2 by bale with an upward tendency.

OATS—The oat market is in good supply with more frequent offerings. Owing to the near approach of the new crop, a decline has taken place.

BARLEY—The barley supply is fairly good with limited inquiry. We quote \$1.00 per cent sack.

FLOUR—Local brands, \$4.25 wholesale and \$4.50 @ \$4.75 retail; extra, \$6.00 @ \$6.25 per bbl., and firmer on quotations.

MILLS—The supply is in excess of demand. We quote bran and shorts \$17.00 per ton. Retail \$1.00 per 100 lbs.

HAY—Timothy hay is in good supply at quotations \$16.00. New wheat hay is in market at \$10.00 per ton loose, and \$11.00 @ \$12.50 per ton baled.

POTATOES—New potatoes, 3/4 @ 1 cent per lb.

BUTTER—We quote A1 .40 @ .50 cents per lb. and scarce.

EGGS—The market is in average supply at 18 @ 20 cents per dozen.

POULTRY—Old fowls are in less demand at \$3.00 @ 3.50. Young fowls are easily sold at \$2.00 @ 3.00 per dozen.

HIDES—Prime dry hides are quoted at .06 per pound. Culls .04 @ .05. Green .02 1/2 @ .03. Salt .03 1/2 @ .04.

WOOL—The market is quite steady. Wool is nominally quoted at .13 @ .16 per lb.

BEER—Beef on foot clean and prime .02 1/2, ordinary .02 1/4; and firm.

STOCK SALT—Is quoted at \$18.00 per ton. Liverpool, 50 lb sack, 80 cents 100 lb sack, \$1.50; 200 lb sack, \$2.50.

The Northwestern Life Insurance Co OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00. Surplus over \$6,500,000.00.

Prof. E. L. Shaug, Dayton, Ohio. LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Tontine Plan, for \$40,000. My premiums during the period amounted to \$87,512.00. The Tontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000.00. And cash \$7,751.60. SECOND—A paid up policy for \$40,000.00. And cash \$4,000.00. THIRD—Surrender my policy, and receive in cash \$36,496.80. I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy for the amount, \$36,496.80, to their State manager in Cleveland, and he would remit me the amount, I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment remains further comment unnecessary. During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. It marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Tontine, for \$10,000, that company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of the satisfaction of knowing that at maturity it will net me from \$3,000 to \$5,000 more than the face of the policy calls for. Very truly yours, ROSS MITCHELL.
