## Laid at Rest.

**BAKER CITY, Sept. 13.**—The remains of Miss Bertha Ison, the young lady who was murdered at Bloomington, Ill., last Monday, arrived in this city this morning at 7 o'clock, the scene of her birth and home for almost her entire life. The funeral party, consisting of the mother, sister and brother, were met at Pocatello, Idaho, by W. F. Butcher, and at the state line by several intimate friends who accompanied the remains here. When the train arrived in the city hundreds of friends were standing on the depot platform, and the scene was indeed a sad one. Among the number were many schoolmates of the deceased who could not keep back the falling tear. The remains were conveyed to the family residence, from which place the funeral will take place tomorrow at 3 p. m. Never in the history of Baker City was there an announcement which fell heavier than the intelligence that Miss Ison, one of the city's fairest and most highly respected young ladies, had been shot down by the cruel hand of an assassin. The news fell like a pall, and a state of gloom is everywhere manifest. The remains arrived in a good state of preservation and look very lifelike.

## What are the Authorities Doing?

**NEW YORK, Sept. 13.**—Statistics furnished by her majesty's customs officers at the port of Vancouver, B. C., state that for a period of six and a half months, from January 1st to July 15th, 1891, there were disembarked at Vancouver 7900 Chinamen, ninety-five per cent. of whom were bound for the United States, and her majesty's officers also estimate that at least 7000 of this number are either in the United States or scattered along the border waiting an opportunity to slip across the line. Customs officers and special agents of the treasury department along the northwestern frontier concur in this estimate. The prohibited Chinamen cross the border in at least twenty different places between Vancouver and Montreal. They are assisted across by syndicates of men who make a regular business of it, who have fast teams, stations and secret trails in the interior and trim clipper sloops on Puget sound. The United States government offers practically no resistance to this illegal trade. Resistance is to all intents and purposes useless, because it is so feeble.

## WORLD'S FAIR YEAR.

Washington Park Meeting to be the Grandest Ever Held.

**CHICAGO, Sept. 13.**—It is the intention of the Washington Park Club to make their racing meeting of 1893 (world's fair year) the grandest ever given in America. Secretary Brewster announced tonight it had been decided the value of the American derby that year will be at least \$60,000. The Queen Isabelle stakes \$10,000, and the Sheridan stakes \$5,000 will also be run, besides twenty or more valuable stakes for two and three-year-olds and all ages, including the guaranteed stake of \$25,000 for two-year-olds and the Columbus handicap for three-year-olds, and upwards of \$25,000 to the winner. The program for the 1892 meeting announces \$120,000 added money money in stakes and purses.

## BRIEF STATE NEWS.

The residence of C. P. Zumwalt, near Perrydale, Polk county, was destroyed by fire on Wednesday last. A portion of the household goods was saved by the family.

W. Wampole, a farmer near Gervils, while driving to that town with a load of wheat, was thrown under his horses' feet by several sacks of grain slipping off and was trampled and kicked severely.

The appointment of J. W. Blackburn as judge of Sherman county by Governor Penoyer, appears to be satisfactory to the people of that county. He is spoken of as one well capable of filling such an important office.

## GREAT LOSS OF LIFE.

England Getting Ready for War—Great Excitement in France—Strengthening the Canadian Frontier.

## LOOKS LIKE TROUBLE.

The Political and Financial Circles of France Greatly Excited by English Manoeuvres.

**PARIS, Sept. 14.**—A decided feeling of uneasiness is caused in diplomatic and financial circles here by the receipt of a dispatch announcing that Signi, on the west coast of the Island of Mitylene, belonging to Turkey, near the coast of Asia Minor and within steaming distance of Dardanells is occupied by a detachment of British troops. Under ordinary circumstances little or no credence would be placed in this alarming rumor, but coupled with the story broadly circulated Saturday, that Great Britain, in view of Russia's practical coercion of Turkey in regard to passage through Dardanells of a vessel belonging to England, her volunteer fleet intended to occupy the island of Tenedos at the entrance of Hellesport or Dardanells.

## The Situation in London.

**LONDON, Sept. 14.**—As soon as the report of occupation of Mitylene by British forces was received here there was considerable excitement. Up to 5:30 p. m. there was no official utterance upon the subject. A dispatch was received from Constantinople stating the occupation of the island of Mitylene is an accomplished fact and it has found echo on all continental bourses today.

## More Good Indians—Killed in a Duel.

**ST. LOUIS, Sept. 14.**—A Guthrie, Oklahoma, dispatch says: A government inspector just in from the Cheyenne and Arapahoe Indian reservations reports that for nearly a week the Indians have been holding dances. From result of that and eating melons both green and ripe fully fifty of them died and scores more are very sick. Particulars of a bloody duel which took place at Venice, Ill., yesterday, reached here this morning. Two negroes, Grant Wood and Dick Oliver, quarrelled over a woman and fought with knives and pistols. Wood was cut in the heart, dying soon afterwards. While Oliver's wounds are serious he will probably recover. He and the woman are under arrest.

At Halifax the British government is building immense fortifications. He says the general belief in England is that trouble with the United States is inevitable.

## A NEW DEPARTURE.

Several Prominent Democrats on a Campaigning Tour of the Northwest.

**WASHINGTON, Sept. 13.**—Several democrats, more or less prominent, will begin their tour to the Pacific coast tomorrow. It is something of a new departure in the way of campaigning. The nominal object is to attend the second annual meeting of the state democratic societies of Washington, which will be held at Spokane. The party consists of Senator Faulkner, General Black, the president of the national association of democrat clubs, Representative Bynum, Representative McAduo, James M. Beck, of Philadelphia, and Lawrence Gardner, secretary of the national association of democratic clubs. They will talk tariff and preach the old democratic doctrines to the people all along their route, which will include about all the northwest, finally closing with an active participation in the campaign in Iowa. They will reach Spokane about Wednesday, the 23rd of this month, where Senator Faulkner and General Black will deliver the principal speeches. The night of Thursday, the 24th instant, there will be a meeting of the state society at the Grand opera house, and Mr. Bynum will be the orator of the occasion. The party will then separate, the speakers going to various parts of the state of Washington. On reuniting they will visit the principal points on Puget sound as far north as Victoria. San Francisco will be the next place visited. There the visitors will attend a union meeting of the democratic clubs of San Francisco, several of the party making addresses. They will speak at different points in California, then go to Ogden, and two of the party will go to Salt Lake before going into Iowa, where they will spend a week making campaign speeches.

## THE THIRD PARTY.

President Polk Thinks Nothing can Prevent It Now.

**TOPEKA, Kan., Sept. 13.**—Colonel Polk, national president of the alliance, in company with Frank McGrath, the Kansas president, returned from Holton last night. President Polk talked this morning freely of the political situation. He said:

If southern farmers are driven into the peoples party, no power on earth can prevent them carrying every southern state, but the question is, will they be driven into the third party? Four months ago I would have said a new political party was not likely to follow. It now seems impossible to prevent it. The alliance is with us and is in such a condition that it can be changed in one day into a political party. It was organized as a non-partisan institution and has been conducted as such. The south is a unit on the sub-treasury plan. Whether the supreme council in February decides a third party must be placed in the field or not, it will be a go any-how, and it will receive thousands of votes in the south. The democrats have it in their power to stop the movement by acceding to the St. Louis demands. Nothing short of that will avail and if it is not done the south is lost to them.

## The Memphis Baptists.

**MEMPHIS, Tenn., Sept. 12.**—A bill was filed in the chancery court this morning asking a decree declaring the Rev. Taylor Nightingale, pastor of the Beals street Baptist church, wrongfully usurping its pulpit, and holding possession of the church property. The bill charges that the defendant, Nightingale, not having the fear of God before his eyes, and being moved and incited by the instigations of the devil, schemed and intined to subvert the use of the church property to satiate his personal and political ambition by conspiring to take charge of said property, archives, keys, records and personage, and now holds them by violence.

## SAVING EXPENSES.

Tricky Chinese Illegally Cross the Border in Order to Save Transportation.  
**TUCSON, Sept. 13.**—A Chinaman in jail here yesterday revealed to his brother prisoners one cause of the exodus of Chinese from Mexico who are attempting to enter the United States. He says that one Chinaman was just taken to San Francisco, who had sent his earnings from Mexico, where he had lived several years, to China, and then deliberately crossed into Arizona, that he might be captured and sent to China at the expense of the United States.
