### LOCAL BREVITIES.

Dr. L. Vanderpool of Dufur gave this office a pleasant call today.

The city is filled with carpenters and the sound of the saw and the hammer is heard on every hand.

About 25 head of horses are now in training for the coming fair and ten more are expected.

Several Japanese are at Eugene who intend attending the university the coming school year.

Work has commenced on the bridge across the river at Albany. Frank J. Miller is the superintendent.

Frank Huott and family removed today back to the old ranch on eight mile, which Mr. Huott has rented for five years.

Uncle Silas Beezley leaves the city tomorrow morning for Roxbury, Humboldt county, Calif., to spend the winter with his friends there.

William McCoy of the firm of McCoy Brothers, barbers, and Mrs. McCoy left last night for the east to remain for an indefinite period.

Six passengers left on the Regulator this morning and seven had to be turned off because they could not be carried through to Portland.

S. H. Semon, representing the Forepaugh show is in town, making arrangements for the grounds, and for the parade, which will be a good show in itself.

Andrew Urquhart, of Mill creek, was among the first to contribute to the needs of the sufferers by the fire in the form of a number of boxes and sacks of fruit and potatoes.

A large family bible, bound in imitation Morocco, and a basket filled with table cutlery and other nicknacks await an owner in the store room of the Umatilla House.

Two small emigrant trains have camped for the day east of the Wasco warehouse. They are headed for the country west of the mountains and go by way of Barlow's Gate.

Col Parker of Walla Walla came down this morning bringing with him \$750 in money and a car load of miscellaneous supplies, the contribution of the good people of Walla Walla to the sufferers by the late fire.

Mayor Mays received a telegram, this afternoon from Walla Walla signed J. M. Hill, chairman of the county commissioners, informing him that a car load of flour was on the way to this city for distribution among the victims of the fire.

Mrs. Jno. Parker and daughter, Hood River; W. L. Parks, Pendleton; F. J. Parker, Walla Walla; Mrs. E. N. Chandler and son, Wamie; S. H. Semon, of Forepaugh's show, and B. C. McAtt, Tygh, were registered at the Umatilla House today.

There need be no apprehension about the supply of lumber in The Dalles being equal to the demand. Mr. B. F. Laughlin informs us that he has had applications from three different lumbering companies to lease them grounds for lumber yards. It is quite likely that builders of houses may have the advantages of competition from four or five different lumber yards and it need not be surprising if lumber is sold cheaper than it was before the fire.

The following buildings are now in course of construction: A frame store building, 50x100 feet, by Mayor Mays for Mays & Crowe; a blacksmith and wagon shop, 25x80 feet by Young, Kuss & Sandrock; a lively stable 50x100 feet by W. N. Wiley for Ward & Kerns; a dwelling house by Wm. Mitchell for Mrs. Cram; another by Mr. Beers; another by John Fillion; another by John Fitzgerald; a store and dwelling by C. M. Brown; a store building by B. Wolff; another by McDonald Brothers and several others.

The Odd Fellows are repairing their hall and building, which was only partially destroyed; a large warehouse will soon be built by Lord & Laughlin for Fillion Brothers; the Nickelsen block will soon be rebuilt by French & Co.; and the Vogt block will undoubtedly be rebuilt before many moons. And yet this is only the prelude of what is to follow as quickly as arrangements can be made. A number of handsome residences may possibly be deferred to the spring but carpenters and builders will see lively times in The Dalles till the snow flies.

The prisoners in the Lane county jail have petitioned the county commissioners to make an official examination of the county jail and its surroundings to the end that a "safe, secure and healthy place" may be provided for the detention of prisoners in lieu of the present. The prisoners claim they are compelled to drink water from a cesspool; that the cells have not proper ventilation and that there are large cracks in the floor which are filled with filth and vermin. It appears that the jail has been condemned by every grand jury for the past three years, as unfit for human beings.

The man found in a coal car last Saturday at LaGrande with his skull crushed in and in a decomposed condition turns out not to have been Mr. Niles of the firm of Niles & Vinson, of Walla Walla, as was at first supposed. A telegram was sent to the firm at Walla Walla and was delivered by the messenger to Mr. Niles in person and that gentleman telegraphed back to LaGrande that he was inclined to the belief that he was a rather healthy corpse and had no recollection of having done the expiring act in a coal car. So says the Walla Walla Union-Journal.

### The Great Circus Parade.

Mr. James E. Cooper, sole owner and proprietor of the Adam Forepaugh shows, is very desirous to have the great, brilliant and glittering professional display of the shows witnessed by everybody, with pleasure and profit to all, on the morning of the exhibition. He does not want the great event marred by any unpleasant feature or the slightest accident, and to that end requests the newspapers to call attention to the fact that the paradise has, in addition to several bands of music and drum corps, interspersed through it, long herds of elephants, camels and animals, led through the streets, and as it is well known that horses are not familiar with music, and herds of animals are liable to get scared if not properly guarded, he desires the authorities, and all others, to assist his force (he has several in advance) along the route of procession, and to call attention of owners, etc., to exercise a little care with their animals, particularly if they are liable, as many are, to be frightened at unusual objects. It is a rare thing for any such accident to occur but "an ounce of prevention is worth a pound of cure," and a hint to the wise generally suffices.

### Information Wanted.

A postal card has come to this office containing the following which is self explanatory: "My father Jeremiah Marr, aged 65, weight 180 pounds, 1890, since when we have not heard from him. I beg of you for the love of God and humanity to make this inquiry public, and if there be a home for aged poor in your neighborhood please let them know also. Information thankfully received by his daughter, Catherine Marr, 144 Paquette Avenue, Detroit, Michigan.

### A HUMAN FIEND.

A New York Sexton for Whom Hanging is too Good.

New York, Sept. 14.—Robert Bell, assistant sexton, of the Calvary church, was arraigned in the police court today charged with rape, abduction and revolting crime, and six of his victims, girls, ranging in age from 14 to 16 years, confronted him. The stories of the girls reveals a series of heinous crimes extending over a period of ten months. The prisoner was held without bail for examination.

### A Road From Portland to Eastern Oregon.

The Oregonian of Sept. 9th published the following, with reference to a new railroad corporation which contemplates the building of a standard gauge road from Portland, by Eagle Creek, to some point east of the mountains. If we mistake not, any road with such a destination, that touches Eagle Creek, must cross the mountains somewhere in the neighborhood of Clear Lake and come out near Wapinitia. Here however is what the paper says:

"Two parties are now in the field doing preliminary work for the Portland & Southern railroad, which was recently incorporated by Mayor W. S. Mason, Frank Spurling, C. C. Clark, M. Meyer and John L. Ayer, of the law firm of Ayer & Cone. It is learned that ex-President Evans, of the Grant Locomotive Works, of Patterson, N. Y., and ex-United States Senator W. J. McConnell, of Idaho, have been interested in the company. Mr. Evans was in Portland a short time ago and made a trip over the proposed route. Engineer Knox, who had charge of the preliminary work, has gone to Ogden, Utah, on business.

The incorporators of the company do not care to say much about its purposes. One of them said yesterday that it would be built across the mountains to a connection with the Union Pacific at or near Huntington. It is also strongly hinted that the company will ultimately connect with the Nevada, California & Oregon, which wants a northern connection, but as to this the incorporators will say nothing. Portland is reaching out for Nevada business and Nevada wants to trade with the metropolis. San Francisco capitalists are said to be interested in the road. From a gentleman interested in the company it was learned yesterday that the company would build first to Marquam, in Clackamas county, a distance of about thirty-five miles. From there it will go through a pass in the Cascade mountains near Eagle creek. From there on the route has not been definitely located, so it is said. The road will be standard gauge and sixty-pound rails will be used. It is estimated that the road will cost between \$18,000 and \$20,800 a mile. The line when finished will be nearly 380 miles long.

### A Buffalonian as Vermont Missionary.

Rutland, Vt., Corr. New York Sun.

Two men are now hard at work cutting the Lord's Prayer in letters an inch deep and six inches high on the face of a big rock on the Bristol road. They are hired by Dr. Green of Buffalo, who pays them \$45 for the job. The rock is as big as a house and stands at a bend in the road, which here takes a sharp turn and goes up a steep hill. It is about the hardest place in Vermont for a team, and in the season when teaming is liveliest there is more cursing there every day than anywhere else in Vermont. It is possible that Dr. Green's idea is to furnish the drivers with some new quotations. He was brought up in the vicinity.

# The Northwestern Life Insurance Co OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00.  
Surplus over \$6,500,000.00.

Prof. E. L. Shuey, Dayton, Ohio.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Northwestern Life Insurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Fontine Plan, for \$40.00. My premiums during the period amounted to \$77,512.00. The Fontine period expired early in January of the present year, and the company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000.00 and cash \$7,751.00.

SECOND—A paid up policy for \$40,000.00 and cash \$7,751.00.

THIRD—Surrender my policy, and receive in cash \$35,496.80.

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount, \$35,496.80, to their State manager in Cleveland, and he would remit me the amount, corresponding in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment.

In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Fontine, for \$30.00, that company having from their actuary, so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for.

Very truly yours, ROSS MITCHELL.
