Lieutenant Governor Jones Bolts the Ticket and Will Do All in His Power to Defeat It.

The Irrigation Congress in Session at Salt Lake--The Jews not Allowed to Land in Palestine.

Suicide at Butte--England wants the Hawaiian Islands--A Portlander Robbed--Other News.

BINGHAMTON, N. Y., Sept. 17.—Lieutenant Governor Jones today prepared a statement that will show that not only have the interests of the people been sacrificed, but that the existence of the democratic party has been jeopardized. He says:

"Continued subservience but makes one's condition too degrading to be quietly borne by American citizens. There is but one way to degrade these usurpers. A temporary defeat of the party will be harmless compared with the effects of their control. For the welfare of the state and the interest of the democratic party my duty is to oppose the election of the nominees of the Saratoga convention to such an extent as may be within my power, and in such a manner as may seem best to accomplish that purpose."

THE IRRIGATION CONGRESS. The Resolutions Adopted and the Committees Appointed.

SALT LAKE, Utah, Sept. 18.—The irrigation congress closed its session today, after promulgating the following resolutions as a result of the deliberations of the convention:

Resolved, That this congress is in favor of granting in trust, upon such condition as shall best serve the public interest, to the states and territories needful of irrigation, all lands now a part of the public domain with such states and territories, except mineral land, for the purpose of developing irrigation to render the lands now arid, fertile and capable of supporting a population.

Upon request of the Kansas delegation, the following was adopted: Resolved, That it is justly due the settlers of Montana that the Dakotas, Wyoming, Nebraska, Kansas and Oklahoma, who have paid into the United States treasury, millions of dollars in the purchase of these lands, and have expended other millions in fruitless attempts to farm without irrigation, that a portion of the funds so paid be expended in securing to such lands the benefit of irrigation.

DENIED TO PALESTINE.

Russian Jews Not Allowed to Land at Jaffa.

LONDON, Sept. 18.—The pathetic spectacle of denying the Jews admission even to Palestine was witnessed last week at the port of Jaffa. The exiled Hebrews had to go back without being permitted to set foot on shore. The Jews then applied at various ports, but were rejected at all of them. They were then conveyed to Cyprus. In the city of Jerusalem the Turkish authorities are enforcing regulations calculated to annoy the Jewish residents and induce them to leave. Nevertheless an English tourist writing from Palestine says the soil of the country is ample for the support of a large population, and that virtually no attempt is now made to work it. The same writer thinks that the sultan would readily grant the Jews access to the Holy Land, provided he received a large sum of money for the privilege, and that he will not until then relax the existing situation.

Suicide at Butte, Montana. BUTTE, Mont., Sept. 18.—At a late hour last evening Mrs. Rose Goodwin, aged 53, living in the southeastern part of the city, was found dead in a chicken coop near her dwelling. She was lying face downward, her head hanging over a rope stretched across the shed that hung down within three feet of the ground. It seems to have been a deliberate case of suicide, as her hands were free and rested on the ground. The family had some trouble about a piece of property which had been attached for debt, and she had been drinking slightly in the last day or two. It is supposed that the worry over the difficulty, trivial though it was, upset her mind. She leaves a family of bright children, all industrious and respectably employed.

England Ready For Action. WASHINGTON, Sept. 18.—Senator Celso Balsar Mareno, a well-known Italian American residing here, and acting as an agent in this country of the National party of Hawaii, corresponding to the Chilean congressionalists, today laid before the president a letter he recently received from a correspondent in Honolulu, asserting that England is now planning to take possession of the kingdom. The writer said that some action on the part of the United States is necessary; that the queen is favorable to British interests, and is ready to countenance

the move when made. The president was interested by the letter, and asked Senator Mareno to communicate with Secretary Blaine.

A PORTLANDER ROBBED. His Pocket Picked of a Small Sum He Had.

SALEM, Or., Sept. 18.—A Portlander, Si Jones, had his pocket picked this evening on an electric car of \$150. Judge Straham, of the Oregon supreme court, lost \$20 in a similar manner. Many more cases of pocket-picking were reported this evening. That of Mrs. A. H. Lofollet is the last case reported. She lost a small sum. The robbing is nearly all done at the jam of getting on the electric cars to or from the grounds.

A Mexican Bear and Bull Fight.

SANTIAGO, Sept. 18.—Mexican independence was celebrated at Tia Juana yesterday by a fight between a wild bull and a bear. The animals were tied to a stake in the middle of the arena by short ropes. In their struggles they broke the ropes, and the bear climbed out of the arena among the spectators. A panic ensued, and women and children were trampled upon and bruised. Jesus Alviso, a drunken Mexican, fired two shots at the bear with a revolver, but the bullets went into the crowd, slightly wounding one man. The bear was finally lassoed by vaqueros.

The Silver Arrives in England.

SOUTHAMPTON, Sept. 18.—The British steamship Moselle arrived here today from Montevideo, having on board \$1,800,000 in silver, shipped by President Ralmaceda of Chili to Europe, in order to pay for war material. This is the silver conveyed to Montevideo by the Esigle. The bullion will be stored in the Bank of England pending the settlement of the legal question involved.

Silver Found in Connecticut.

NEW YORK, Sept. 17.—Silver ore of rich quality has been discovered at Newton, Conn., by Michael Fitzgerald, of that city, according to a special dispatch. He spent much money in testing the ore and securing a lease of the property where the precious metal lies. The ore so far assayed gives a return of \$3000 per ton.

SETTLED BY A MOB.

The Guard was Held Up and Murderer Ortis Hanged. He Wanted Only a Glass of water and a Priest.

Want to Interview Chandler--A Frightful Runaway--Floods are Still Raging in Spain.

RENO, Sept. 19.—Ortis, who shot officer Nash last Friday morning, was taken from the county jail late last night by a mob of a hundred or more determined men, and hanged to an iron bridge. Ortis met death coolly.

Over one hundred citizens marched to the jail, and covering the deputy sheriff with revolvers, told him to deliver the keys to them. The plucky deputy resisted, but was soon overpowered and the keys taken from him. The guard quietly unlocked the jail and the cell occupied by Ortis, and he was told "to get up," that he wanted down town. "All right," replied the culprit. He was led from the jail to the iron bridge, where they asked him if he had anything to say, to which he replied, "I would like a glass of water and a priest." He then gave the names and told where his relatives resided, and requested that they be written to, but that they should not be informed of the manner of his death. He was informed that a priest was not present, and that his request in that particular could not be complied with. He was given a drink of water, also a flask of whisky, which he drank eagerly. Quickly his feet and hands were tied, and a rope thrown over a cross beam of the bridge, and at the command, "Haul Away!" he was suspended between heaven and earth, and in a few moments life was extinct.

WANT TO SEE CHANDLER.

He Will Have a Hearing This Afternoon.

PORTLAND, Ogn., Sept. 19.—Fred Chandler, the Tacoma bank robber, who was brought here yesterday, is still kept in confinement in McSullivan's private office and reporters are invariably denied admission. A petition for a writ of habeas corpus has just been gotten out by Will H. Parry, of the Post-Intelligencer of Seattle, commanding McSullivan to produce Chandler in open court and show by what authority he is being illegally restrained. A hearing on the writ will be had this afternoon in the circuit court. Officers arrived here this morning from Tacoma. They immediately left for Salem for requisition papers. They are expected to return this evening. The object of the writ is not to effect a release of Chandler but to bring him into court and have him committed to the county jail, where he can be communicated with.

FRIGHTFUL RUNAWAY.

A Farmer's Team Runs Away Killing One Boy and Wounding Another.

McMINNVILLE, Ogn., Sept. 19.—A team belonging to T. M. McCintock ran away this morning with a wagon containing his two little boys, eight and ten years old, injuring them seriously, one fatally. The father was unloading oats and had let go of the lines but a moment when the team started down the street at a frightful speed. The youngest boy was thrown on to a wheel and his head caught in the spokes, whirling him around at a fearful velocity. His head is badly crushed and he has received besides other injuries; the other boy escaped with but few bruises.

FLOODS STILL ON.

Twelve Hundred People Drowned and 530 Buildings Destroyed.

MADRID, Sept. 18.—The bodies of 1200 victims of the flood at Consuegra have been buried. The town has a mournful aspect. Official reports of the disaster say that 530 buildings have vanished from their sites, while 150 are in a precarious condition and need to be demolished. Ten men are under arrest at Consuegra, charged with robbing the dead. The damage done by the floods is now estimated at \$4,000,000. The River Arguy-Allo, as a result of the flood, has changed its course to a considerable extent.

ENGLISH YOU KNOW.

Tierre, S. D., Has a Little Gambling Scandal of Its Own.

PIERRE, S. D., Sept. 19.—Pierre is now enjoying a notoriety, having a baccarat scandal in which a number of prominent merchants and county and city officials are implicated. Thursday evening a game was raided by the police, who captured the players. On account of their prominence they were acquitted. The persons arrested have made an affidavit asserting that at different times they have seen the mayor, two aldermen and the chief of police playing baccarat and drinking beer, and demand that said officials be prosecuted.
