An emigrant from Nebraska who just arrived at Eugene has been on the journey to the latter place since May 24th. Three of his horses died on the way and owing to the high price of feed the trip cost him \$200 in cash. No crop has been raised in that part of Nebraska he came from for five years and potatoes were worth, when he left, three cents and apples six cents a pound. Nebraska is a fine country—to get away from.

Three miserably poor cows and a white cayuse horse are incarcerated in the pound. One of the cows, an old white animal, branded on the back with a circle, is evidently an old transgressor, as her head and foot are tied together by a stout log chain.

Dr. Meek of Pendleton is under arrest charged with producing an abortion on the person of a widow named Mrs. Alice Weaver. It is alleged the operation was performed at the solicitation of H. W. Spense, who has also been arrested for complicity in the crime.

The wise course, and the one that will in all likelihood be adopted, is to admit the public to the fair on seven days in the week with certain restrictions on Sunday, as the closing of the machinery department, prohibition of traffic, etc. In this way the "American Sunday" idea will suffer no outrage, and as no one need attend who holds conscientious scruples against doing so, the interests of all will be protected.—Indianapolis Journal.

The kernel of the matter lies in the fact that if the fair should be kept open on the first day of the week the nation would make a long step away from its customs of the past. It would be an official discrimination among the commandments which could not fail to discredit all of them. It is to be hoped that the commissioners will overlook the trifling discomforts that may be caused thereby and order the fair to be closed on Sunday.—Albany Journal.

Died. On the 15th inst., at Albina, the infant child of F. A. Bailey.

Mr. Mohr is a railroad builder and what his object is in having this work done is known only to himself.—Wasco News.

Foreman—What's the matter now? Editor—What's the matter! Why, in my notice of Colonel Jones' marriage, I plainly wrote: "The ready and waiting bride advanced to the altar, hung with lilies and roseleaves," and, confound you, here's the way it reads in the paper: "The wretched and weary bride danced to the altar, hung with liars and horsehieves." Go off in the woods and hang yourself. I don't want to waste buckshot on you.

LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

Prof. E. L. Shuey, Dayton, Ohio.

DEAR SIR—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Tontine Plan, for \$40,000. My premiums during the period amounted to \$27,922.00. The Tontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000.00. And cash \$9,754.60

SECOND—A paid up policy for \$40,000.00. And cash \$6,496.80

THIRD—Surrender my policy, and receive in cash \$36,496.80

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount of \$36,496.80, to their State manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment.

In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Tontine, for \$10,000, that company having from the time they furnished me with a memorandum of the surplus on my policy over the signature of their actuary; so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for. Very truly yours,

ROSS MITCHELL.
