### LOCAL BRIEVITIES.

J. A. Guilliford of Dufur was in town today.  
C. J. VanDyyn came in from Tygh Valley this morning.  
Wm. Holder, state lecturer of the Grange, is in the city.  
V. C. Brock, the county clerk of Sherman county, is in the city.  
E. Jacobsen left last night for Portland, and is expected back tonight.  
Mr. S. P. Shutt, editor and proprietor of the Condon Globe, was in the city yesterday.  
Mr. E. M. Shutt, the genial publisher of the Moro Observer, was in The Dalles yesterday.  
Mr. J. C. Meins' wood saw will start up just as soon as Mr. Meins obtains a casting he has sent for, east, and which he expects here any moment.  
Mr. S. A. Byrne, late in the employ of George Strowbridge, the druggist of Portland, and a graduate of the Pharmaceutical Department of the Toronto University, is now in the employ of Blakeley & Houghton of this city.  
Colonel E. W. Nevins received a letter this morning from a brother, on his way back from a visit to Europe, written mid-way between New York and Liverpool and mailed on his arrival in New York. The letter was dated Sunday the 13th inst. It arrived here seven days and a half from the time it was written and four days and a half from the time it was mailed in New York.  
Last Saturday, while driving near Mr. Wheeler's place, Mrs. C. G. Roberts' horse got frightened at some portion of the harness getting loose, and ran away, smashing the buggy. Mrs. Roberts retained her seat and held on to the reins until he broke loose from the buggy and took to the woods, when she very properly let him go. Assistance was soon at hand, and another team procured, with which she came on to town. It is a wonder that Mrs. Roberts and her little boy were not both killed, and but for her presence of mind serious damage would certainly have been done.—*Glacier.*  
We call the attention of our readers to the advertisement of Chrisman & Corson in another column. These gentlemen have succeeded to the first-class grocery business so long conducted by George Ruch, who retires from the trade. The new firm will not only conduct the business at the old stand, but they will endeavor to conduct it so that its reputation for keeping nothing but the best of everything in the grocery line will be maintained. The new firm will also keep a full line of mill feed, and will deliver everything purchased at the store, to any part of the city free of charge.  
Mrs. Dr. Mary Thompson, who has been in the city since last Friday, having come here as the representative of the Portland Unitarian society, to look after the sufferers by the fire, lectured by request last evening in the court house to a very deeply interested audience, on the subject of "Economics." Those who had the pleasure of hearing Mrs. Thompson speak of the lecture as being a treat to the people of The Dalles seldom have the opportunity of enjoy-

ing. Mrs. Thompson left for White Salmon this morning.  
Mr. L. E. Crowe went to Portland yesterday evening.  
Dr. Taylor has returned from an extended trip to the country.  
Senator Dolph and family left Portland for Washington last Friday night.  
Mr. and Mrs. J. H. Shear returned from their trip to the east yesterday morning.  
Judges Bradshaw and A. S. Bennett left Saturday night for Condon to attend circuit court.  
Last night's east bound passenger brought fourteen persons belonging to The Dalles up from Portland.  
We regret to hear that W. S. Myers has been quite seriously indisposed. He was feeling better this forenoon.  
Assistant Manager Edward Cookingham of the Union Pacific company has resigned, to enter into business in New York.  
After the Seattle fire the Odd Fellows of this city sent to their brethren of the burnt city the sum of \$25. Yesterday the Seattle Odd Fellows returned the money with a kindly reference to the former gift from The Dalles.  
Bartholomew Parodi shipped on Saturday to the Portland exposition, a box of apples, of nearly uniform size, seventeen of which filled the box and one at least weighed a pound and three quarters. They were raised on Mr. Parodi's ranch on Chenoweth Creek.  
The engine which the fire department of Portland kindly lent to this city, while our engine is being repaired, came up from Portland yesterday. Judging from the test that was made of it yesterday afternoon we imagine it stands as much in need of repairs as our own.  
The stockholders of the grange store will meet in this city tomorrow to consider the advisability of continuing the business. They have already settled with the insurance company, and the sentiment of nearly all the stockholders, so far as heard from, is in favor of opening up again.  
Mr. G. W. Johnston and family came up from Portland Saturday. Mr. Johnston went to Portland with the intention of staying but a month spent there in the rain brought him to the conclusion that a much better climate and more prosperous times could not be found outside The Dalles.  
Walter Johns, aged about fifteen years, son of Thomas Johns of this city, met with a painful accident Saturday afternoon that may leave him a cripple for life. He was riding on the running gear of a wagon when one of his legs came in contact with a stump and the leg was broken square off, a little above the ankle. Dr. W. E. Rinehart was called in and reduced the fracture.  
**Died.**  
The CHRONICLE regrets to hear that Ray Johnston, the youngest child of Mr. and Mrs. T. H. Johnston of Dufur, died about ten o'clock this forenoon of croup. The child was apparently in its usual good health till eight o'clock last evening, when the first symptoms of the dread disease was noticed by its parents. It soon became alarmingly ill, and in spite of the best medical attendance it passed away at the hour mentioned above. Little Ray was an unusually bright, healthy and winsome child, and the bereaved parents have the heartfelt sympathy of the whole community. The child was aged thirteen months and 23 days. The funeral will take place tomorrow at one o'clock.  
The widow of Editor Southerland of the *Sunday Welcome* has sued J. J. Burnett, the present editor, to regain possession of the paper. Mrs. Southerland alleges that at the time of her husband's death the paper was paying a profit per month of \$400 and she charges that Burnett took forcible possession of the paper and plant, without her permission or consent. She accordingly claims damages in the sum of \$5000 and \$500 for expenses and in addition wants a judgment for \$10,000, the value of the paper and all the type and fixtures belonging to it.  
The special election called on the 14th inst. in Milton, for the purpose of voting on the question of bonding the city for \$10,000, for an extension of the water system and the purchase of an electric light plant, resulted in the necessary two-thirds majority for both measures. The enterprising citizens, through whose efforts this result was obtained, are jubilant.  
Those who did not see the Opera Restaurant window today failed to see the finest display of game that has been shown this season. There were teal, mallard and spoonbill ducks, brant, grey squirrel and snipe. Graham expects tonight by the Regulator, bear, venison, grouse and pheasants. 21-tf  
A responsible contractor offers to keep the streets of New York clean for \$585,000 a year, \$1,000,000 less than it now costs the taxpayers through the manipulation of Tammany and kindred institutions.  
Missouri has 23,000 miles of coal fields, and Missouri has 23,000 men, at least, who prefer a drink of whiskey and a sun bath to a coal field.  
Pay your city tax at once and save extra costs. Time is up.  
O. KINERSLEY,  
City Treasurer.

**A Card to the Public.**  
Having disposed of my entire stock of groceries, provisions, and good will to Messrs. Chrisman & Corson of this city, I cheerfully recommend them as worthy of the same confidence so kindly bestowed upon me. While retiring from the grocery business, I wish to express my heartfelt gratitude to my many friends and patrons for the liberal support and pleasant business relations during these many years, and bespeak for my successors the same kindly treatment from a generous public.

## The Northwestern Life Insurance Co

OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00.  
Surplus over \$6,500,000.00.

Prof. E. L. Shuey, Dayton, Ohio.  
LARGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1891, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Fortine Plan, for \$40,000. My premiums during the period Company then offered me the following terms of settlement:

FIRST—A paid up policy for.....	\$40,000 00
And cash.....	9,751 80
SECOND—A paid up policy for.....	54,000 00
And cash.....	36,496 80

I was no little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount, \$36,496.80, to their State manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my surplus was \$1,018.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Fortine, for \$10,000, that company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for. Very truly yours,  
ROSS MITCHELL.
