SPECULATED IN CORN.

Failure of a Stock Speculator of Chicago and New York Caused Great Excitement in the Market.

Another Big Rush for Oklahoma, More People than Land—Fire and Wind Record in Dakota.

A Printer Has a \$25,000 Damage Suit—Failed Because White Did—Other News Notes.

NEW YORK, Sept. 22.—The announcement of the assignment and suspension of S. V. White & Co., New York and Chicago, was made on the stock exchange this morning. White says the failure is due to long speculation in corn, and not in stocks. The liabilities of the firm are very large, but they have only a few hundred shares of stock outstanding on contract. No estimate can be given yet.

The announcement of the failure of S. V. White & Co., although not unexpected in some quarters, created consternation for the moment, especially in the corn pit where the firm is known to be the leading one of a band of brokers who have been representing a clique in the bull deal which has been running in September and October corn for several weeks.

When the bell tapped the traders clambered over each other in their effort to be heard, and all sorts of prices were asked and bid at the same moment. The excitement then began to quiet down. Whether it was because trades were all covered or because cooler heads decided to prevent a panic by waiting until matters quieted down cannot be determined. By 11:30 October corn had dropped to 49½. September and other bull future which closed at 52½ yesterday, opened at 50, then sold down to 49. During the same time while the company had line-trades in wheat, the bull was not nearly so large as that in corn. December wheat which closed yesterday at 1.00½ opened at 99½ but sold up to 99½ and was at 99½ at 11:30.

ANOTHER OKLAHOMA RUSH.

There are Fully Three People for Each Quarter Section.

GUTHRIE, O. T., Sept. 22.—Simultaneous with the arrival of the hour of noon, home seekers gathered on the border and made a headlong rush over the line into the coveted country and on to the quarter section upon which their eyes had been feasting for some days, and others for weeks and months. The rush was a mad one and was made so by the fact that the members of homeseekers greatly exceed the number of quarter sections available for settlement. There is room in the lands for about 5,000 settlers, allowing 160 acres for each. There were on the border six waiting to claim available land fully 15,000 people, so that there were but three people for each quarter section. The like scenes were never witnessed before, except in Oklahoma two years ago.

Fire and Wind in Dakota.

MANDAU, S. D. Sept. 22.—The fire which swept over the Sioux reservation Saturday proves to have burned everything in the shape of hay, wheat in stock, and all the range from Cannon Ball river to Moreau river. News has just reached here that a tornado struck the northern part of Deuel county, S. D., and passed into Minnesota, unrooting buildings, blowing down barns and scattering grain.

Suit for Damage.

PORTLAND, Or., Sept. 22.—Elias Burris today began suit in the state circuit court to recover \$25,000 damages from D. B. Kimball of Dayton, Wash. Burris, it will be remembered, was, several months since, threatened with lynching at Dayton by citizens who suspected him of arson. Kimball is alleged to have been the leader of the mob.

On Account of the White Failure.

PITTSBURG, Pa., Sept. 22.—Rea Bros. & Co., prominent brokers of this city, correspondents of White & Co. of New York, have temporarily suspended business, as a result of the failure of "Deacon" White's firm, this morning.

NEWS FROM THE CAPITAL.

Arrangements Made For the Protection of Americans in China.

WASHINGTON, Sept. 21.—A week ago Secretary Tracy remarked: "If the American missions and American citizens in China are to rely upon gunboats instead of the Chinese government, our fleet in those waters must be largely increased." While there is no formal alliance, yet

the United States government has reached an understanding with the governments of Great Britain and France and Germany, by the terms of which, in the event of the failure of the Chinese government to afford adequate guarantee for protection of the lives and property of citizens of these nations, that duty will be undertaken by the governments of Great Britain, France and Germany, acting jointly. In case of a riot or other disturbances, the vessels of any of the four nations will afford a refuge to the citizens of the other nations, and will undertake to protect their consulates and other interests.

STORMS IN EUROPE.

Heavy Damage Wrought by a Hurricane That Swept Over Great Britain.

LIVERPOOL, Sept. 21.—A hurricane swept over the river Mersey today, doing considerable damage to shipping. The Berwick lifeboat went out twice to the Danish schooner Freis and the schooner Aukthor. Both vessels were wrecked, but the crews, with the exception of one seaman, were saved with the aid of a rocket apparatus. The navigation of the Tweed is dangerous on account of floating trees and wreckage. Several yachts have been sunk at Leanfacethan. Heavy floods prevail in the Edinburgh district. Railroad bridges at Penicuik and the Esk district have collapsed and traffic is interrupted. The gale has caused immense damage in the highlands.

Major Bundy's Funeral.

NEW YORK, Sept. 21.—At the funeral services today of the remains of Major Bundy, late editor of the Mail and Express, who died in Paris, there were present a large number of newspaper men and representatives from the political and business world. The body will be interred at Beloit, Wis.

King Solomon's Mines.

DENVER, Sept. 21.—W. C. Wyncoop, editor of the Mining Industry, leaves here tomorrow for Africa, where he goes in the interest of the English syndicate to look for and inspect the wonderful gold mines spoken of in Rider Haggard's "King Solomon's Mines."

A Grain and Feed House Burned.

CHICAGO, Sept. 22.—A grain and feed establishment on the westside burned last night and twenty horses stabled in the basement perished in the flames. The loss is estimated at \$20,000.

England's Crops Destroyed by Storms.

The Newport Anagram.

New York Press.

They were speaking of anagrams as they sat together in the soft moonlight, looking out on the slumbering sea.

"I saw one the other day," he said, "in which the transpositions were very happy, astronomers being made moon-stars, lawyers slyware, and so on."

"Was that the one which was signed 'One Hug'?" she asked, "called the Newport anagram?"

"Yes," he replied.

"And what word was one hug made from?"

"Enough."

"One hug-enough; you don't call that very clever, do you?"

Just then the moon retired behind a cloud and his answer was lost in the gloom.

A SWINDLING SCHEME

West Virginia Comes To The Front With A Large Scheme For Robbing The People.

Eight Hundred Thousand Acres For Settlement—The Railroad Ahead.

Crops Seriously Damage In England by Recent Heavy Storms—Scottish Lowlands Flooded.

CHARLESTON, W. Va., Sept. 21.—One of the most astounding swindles in the history of the country has just been brought to light here by Federal detectives, who have arrested Henry Ash and G. W. Rose, two of the three ringleaders. Robert F. Lively, the man who originated the scheme, escaped to the mountains, but a posse is after him. Some weeks ago these men originated at St. Albans, this county, a branch of what was alleged to be the "National Assembly," said by the conspirators to be a patriotic order, having for its object the relief of the national government. It was proposed to put into the possession of the government the gold coin hoarded up by the people, to the end that the government might be enabled to meet its obligations and be saved from national repudiation. The treasury department, it was explained, had plenty of paper money, and had agreed that all the gold coins paid into the assembly, and certified by the officers there would be paid five times the sum in paper currency. Nothing less than \$200 would be accepted from any one. The thing took in a surprising way. The country was scourged for gold. The men paid \$1200 for \$800, and scores gave \$200 to \$500 for the worthless certificates of the swindlers. The Chesapeake & Ohio company paid its employees in gold, and large sums of this money went into the coffers of Lively and his pals. Poor men barrowed, begged and mortgaged that they might raise gold, and many a dollar of hard-earned savings went into the "local assemblies" for the relief of the government. The postoffice authorities got wind of the thing a week ago, and today the arrest were made. The excitement over the swindle is great. It is estimated that the swindlers obtained \$50,000 from their dupes, many of whom are left penniless.

WILL BE OPENED TODAY.

Eight Hundred Thousand Acres for Actual Settlement.

GUTHRIE, O. T., Sept. 21.—The land that is to be opened for settlement tomorrow noon consists of the country of the Sacs, the Foxes, the Iowas and the Potawatomes. In all there are 1,101,595 acres. The Indians do not lose all their lands. Each buck gets a quarter section, and not only that, but he is a lawful "Sooner" and has already picked out the prize spots. He cannot sell his land for twenty-five years, but during that time he does not have to pay taxes. After the Indian land and the land for school purposes have been deducted from the 1,101,595 acres, about 800,000 are opened for actual settlement. This makes 5000 homesteads and about twenty men for every homestead are on the ground. Some are hovering along the line and some are already in what is, until noon tomorrow, forbidden country. It is the old Oklahoma rush over again, with some modifications. There are not so many boomers, and a smaller number are in wagons. For the last week, however, there has been almost a continuous stream of wagons over the Santa Fe trail, across the Cherokee strip, and there are boomers all around the border.

AMONG THE RAILROADS.

State Board of Commissioners Ordered to Produce the Evidence.

SALEM, Sept. 21.—Before Circuit Judge Boise, in chambers today, in the action brought by the Union Pacific against the state board of railroad commissioners, the board was knocked out. The Union Pacific asked for a writ of review from the commission, giving a certified review of the information upon which it reduced the Union Pacific rates. The commission filed a motion to quash the writ. Judge Boise over-ruled the motion, and ordered the board of commissioners to appear the first day of the October term of the circuit court with the information asked. This entails a big job on the commissioners, who have, by this order, to make certified copies of the voluminous information and testimony, covering a period of several years.

The Scottish Lowlands Flooded.

LONDON, Sept. 21.—The swelling of the Gala river, in Scotland, has flooded the valley for sixteen miles, and the waters have invaded the low-lying streets in Gala Shields. Two bridges have been destroyed; and others made unsafe. Railway communication with Edinburgh and Peebles has been stopped. One man is reported drowned. At Aberdeen the rain continued to fall thirty-six hours. A lad was drowned and his body carried two miles by the flood. Trains which started from Edinburgh for Gala Shields and London were obliged to return. Mills are flooded at Gala Shields, and a large number of sheep drowned.
