The Union Pacific Creditors Held a Meeting Today in Which Jay Gould Was the Leading Figure.

To Settle the Searles Will Case—A Fiendish Act Reported in Indiana

Negro Rioters in Arkansas Drive out Cotton Pickers and Burn Property

Other minor Mention.

New York, Sept. 26.—The creditors' committee of the Union Pacific railroad met today and after an adjournment it was announced that four-fifths of the \$5,500,000 collateral trust notes for the extension of the floating debt have been subscribed for. Jay Gould subscribed \$4,000,000.

The Union Pacific troubles are now considered out of the way. One creditor's committee said subscriptions to notes will probably close Monday. He says Gould is now the firmest friend the company possesses.

To Settle the Searles Will Case.
NEW YORK, Sept. 26.—A special from Salem, Mass., says the rumored hearings in the Searles will case may not be resumed and that negotiations for a settlement will be reopened before October 14th. The contestants have learned through the papers brought out in the hearings that even if they should win eventually the legal entrenchments of the other side are so many that the litigations would be very long. This makes it probable that a settlement will be sought.

A Fiendish Act.
INDIANAPOLIS, Sept. 26.—A Birdseye, Indiana, special says: "Mrs. Harmon, a woman of loose character, living at Menton was last night visited by a body of thirty men, who tied her to a post and applied fifty lashes to her bare body. Her body was cut from head to foot as if by a knife. There is a gash across her abdomen twelve inches long and so deep as to leave her bowels exposed. The community is greatly enraged."

A Fatal Balloon Ascension.
MOUNT PLEASANT, Mich., Sept. 26.—As a result of a balloon ascension late yesterday afternoon Lewis B. Earl of Marshall, Mich., is dead and Frank Thayer of this city is suffering from a fractured arm and several internal injuries. The accidents were caused by the giving way of the trapeze ropes.

Negro Riots in Arkansas.
MARINA, Sept. 26.—Forty armed negroes in St. Francis township drove all the cotton pickers from the field and burned the gin houses. They had threatened to drive all the pickers out and burn all the gin houses before. The sheriff is on the ground with warrants for the arrest of the leaders. Much excitement prevails.

No More Applicants Wanted.
SAN FRANCISCO, Sept. 26.—Leland Stanford, jr., says the university rolls have been filling up at such a rate recently that there practically remains no room for more applicants. Over 1000 applications have been received, and many of them from the east. Three hundred and twenty students have been examined and accepted, among these being sixty young women.

Caught on a Crossing.
INDIANAPOLIS, Sept. 26.—The west-bound limited mail on the Panhandle today struck a carriage at a crossing near Centerville, Ind., in which were Joseph Black, his wife and two daughters. Black, his wife and one daughter were killed and the other daughter fatally injured. They were on their way to attend the races at Cambridge.

Killed the Marshal.
TARLEQUAN, Sept. 26.—United States Deputy Marshal Wilson was shot and instantly killed by Samuel Downing, a Cherokee, whom the marshal had gone to arrest on a charge of selling liquor. Officers have gone to the scene of the murder.

Minnesota Fires About Over.
ST PAUL, Sept. 26.—Reports from various parts of the state indicate that the danger from fires is about over. In some portions the flames are still destroying grass and timber. No loss of life is reported.

An Elevator and Mill Burned.
GREENVILLE, Ill., Sept. 26.—A fire this morning consumed the Cole elevator and export mill. The flames are beyond control. The loss will amount to \$125,000 with an insurance of \$70,000.

Terrible Suffering for Water.

GUTHRIE, O. T., Sept. 25.—Every courier from Chandler brings a thrilling tale of the sufferings for water. Fully 100 people are more or less seriously ill. Seventy horses have died for lack of water, and hundreds more are suffering terribly. L. D. Woods, of this city, has been shot dead in the Sac and Fox country. A number of men from Stillwater have founded a town in the Sac and Fox country, calling it Saclahoma, and are already publishing a newspaper. The law opening that reservation specifies that it shall be a homestead entry, and the Saclahoma men will be compelled to leave, as a town cannot be legally laid out.

The Fort Hall Military Reservation.
WASHINGTON, Sept. 25.—An order was today issued by the commissioner of the general land office for the survey of the Fort Hall military reservation at Pocatello, Idaho, upon the request of Senator Dubois, who is in the city. The survey is preparatory to the allotment of the lands in severalties to the Indians on the Umatilla reservation at Pocatello, which have heretofore been in the way of the development of that town. It is said the Union Pacific Railroad company is considering the problem of building shops at Pocatello.

Reported Capture in Oregon.
SAN FRANCISCO, Sept. 25.—A Sacramento special says that it is reported that the men who murdered Mrs. Greenfield at Napa some months ago and dangerously wounded Captain Greenwood, have been captured in Oregon or Washington. Police Captain Lee, when asked concerning the rumor, said that the sheriff of Napa county told him the men had been captured, but who they are, or where they were captured, Lee would not state.

No Settlement as Yet.
NEW YORK, Sept. 25.—The reports recently sent out from Chicago to the effect that the differences between the Union Pacific and J. B. Haggin, owner of the Anaconda copper mine, had been adjusted, are authoritatively denied here. It is understood the negotiations to that end, opened some months ago, are still pending, but no one in a position to know will venture an opinion as to the outcome.

To Help the Farmers.
ST. PAUL, Sept. 25.—Owing to a scarcity of farm laborers in the Red river valley, North Dakota, the Great Northern is making special rates for threshing outfits and carrying five men with each. Without additional help, thousands of acres of wheat will not be threshed before the snow flies. Hundreds of men can get work at from \$2 to \$3 per day.

Deaths by the Explosion.
NEWARK, N. J., Sept. 25.—Later returns from the explosion at the Italian celebration last night, place the number of dead at six and the wounded at twenty. The killed were frightfully mangled, and the wounds of the injured are terrible. It is not likely the death list will reach more than seven or eight.

Chinese Rioters at It Again.
PARIS, Sept. 25.—The office missions Catholics, at Lyons, has received advices from China to the effect that the natives attacked three monks at Northern Chansi, and that nothing has been heard from the vicar apostolic. Fear is entertained for the safety of the monks and ninety inmates of the Chansi orphanage.

A Liverpool Theater Burned.
LIVERPOOL, Sept. 25.—The Gaiety theater burned this morning. The first alarm sounded at 8 a. m., and two hours later, but the bare walls and iron columns of the buildings were standing.

OTTAWA, Sept. 25.—It is ascertained the British government will have to pay the Canadian sealers, damaged on account of the modus vivendi, \$500,000 and may be as high as \$700,000.

TWO YOUNG THIEVES.

A Dishonest Young Clerk and His Confederate Steal a Gold Brick and Get Captured With it.

The War Feeling in Europe—Great Britain and Germany Will Have a Large Exhibit.

The Work of a Coward—Nobody Else's Business—Wants to Retain His Office.

NEW YORK, Sept. 25.—John S. Fitzgerald, of Brooklyn, tried yesterday to sell a gold brick worth \$273.03 to a money broker. Fitzgerald's strange actions finally led to his arrest. He said he obtained the brick from a clerk named Miles, with Handy & Harmon, bankers of Nassau street. Miles was arrested when he left work, and on being confronted with the proof of his guilt, confessed that he stole the brick and gave it to Fitzgerald to sell, and that he had been steadily stealing from his employers for the past three months. Miles and Fitzgerald were both locked up at police headquarters. Miles refused to say how much he had stolen, saying he preferred to inform his employers so they could regain possession of the property. Miles is eighteen, and lives at Bayonne, N. J. He came from California a year ago, and says he knew Fitzgerald in San Francisco. Fitzgerald refuses to talk.

The War Feeling in Europe.
PARIS, Sept. 25.—Although the belief prevails that war will soon break out, nobody anticipates that it will be a war between France and Germany. Last night's advices from Constantinople state that the foreign residents are more aroused than they have been for years, and that no doubt is entertained that Russia will soon attack the Turks. So pronounced is this belief that some of the foreign residents are preparing to leave Stamboul for Italy and thus escape being crushed between the combatants. The Prince of Rucias has ordered that all socialists and other agitators shall be driven out of the principality.

Large Exhibits at the World's Fair.
CHICAGO, Sept. 25.—England and Germany have each applied for about five acres of space in the world's fair buildings for their exhibits. The applications were made today by Sir Henry T. Wood and James Dredge, representing the government of Great Britain, and by Herr Awerimuth, a royal commissioner from Germany. The requests made by the foreign commissioners have staggered the world's fair officers. They expected England and Germany would be largely represented at the fair, but the thought never occurred to them that these two powers would ask for ten acres of space.

The Work of a Coward.
NEWARK, N. J., Sept. 25.—Last night Ernest Lehman, aged eighteen, poisoned and killed his sweetheart, Annie Bush, aged eighteen. Lehman intended to commit suicide, but his courage failed. He has been very despondent of late. Last night when he called upon Annie he was unusually gloomy. He procured a bottle of soda water, and unknown to the girl, mixed some paris green in it which she drank. Lehman then drank some of the mixture, but not enough to kill him. He was arrested in Elizabeth this morning.

Nobody Else's Business.
CONSTANTINOPLE, Sept. 25.—The Russian minister had a long conference with the sultan in regard to the circular to the powers relative to the passage of the Dardanelles by Russian vessels. The wording of the circular is said not to be satisfactory to the Russians who claim that the incident was a matter of settlement between Russia and Turkey alone, and that neither country owes anybody else an explanation.

Wants to Stay in Office.
CITY OF MEXICO, Sept. 25.—President Barrilas, of Guatemala, it is stated, is afraid of assassination, it is determined to declare himself dictator before surrendering the presidency, and even may provoke a war with Salvador in order to realize his dream.

A Great Match Race Made.
LEXINGTON, Ky., Sept. 25.—The race between Allerton and Nancy Hanks at the Lexington meeting next month is now a certainty, both Williams and Dobie having accepted the association's offer of \$5000 for the first horse. The race will be trotted either October 13 or 14.

Hopelessly Insolvent.
MELBOURNE, Sept. 25.—Inquiry made into the affairs of the Australian Mercantile Company shows the institution is hopelessly insolvent. The assets are placed at \$200,000 and the liabilities are estimated to be \$690,000.
