It is rumored that the Hon. Binger Herman intends to visit The Dalles in the near future to ascertain the wishes of the people with reference to the Cascade locks and the dalles of the Columbia.
Mr. H. F. Dietzel, who has been stopping in Portland for the past seven or eight months, returned home to The Dalles yesterday, glad to get back again to the place he would rather live in than any other place in the world.
We regret to hear of the death of the eight-months' child of Mr. and Mrs. H. M. Pitman of Dufur which took place yesterday morning at 7 o'clock. The child has been ailing with a chronic affection of the bowels all summer.
The new reservoir in the pines has been coated with asphaltum and water will be turned into it in a couple of days. The McGinty reservoir will probably be ready for the asphaltum by the end of the week, and in a few days after it too, will be ready to receive the water from the flume.
During the fire some one packed off from the school yard a bureau, minus the drawers, belonging to Phillip Willig. Mr. Willig has no use for the drawers without the bureau and he would like the person who has the bureau to come and get the drawers. Mr. Willig lives at 104 Union street.
John Doe and Richard Roe were arrested last night for being drunk and disorderly. John put up a watch for his fine and Richard was discharged on condition that he would leave town forthwith. One hobo was also arrested and for lack of money to pay his fine was put to work under boss Stanleys.
Mrs. E. Wingate desires through the Chronicle to express her entirely voluntary thanks to the New Zealand Fire Insurance Co., and to the Columbia Fire and Marine Co., of which O. D. Taylor

The relief committee met Saturday evening and made a thorough canvass of the business already transacted and found everything very satisfactory. After considerable discussion of ways and means the committee adopted what they unanimously considered to be the best and wisest method of distributing the remainder of the funds.

FROM OUR EXCHANGES.

Prineville News.
Bears appear to be more plentiful than common in the Cascade mountains this year. Not less than sixteen of these huge animals have been killed in the mountains, back of Squaw creek, during the past six weeks.
Agent Lucky came over from the Warm Springs reservation on Thursday. Mr. Lucky says that the crops destroyed by the crickets took a second growth, and the Indians are now cutting the new crop for hay.

Some of the Kansas and Nebraska emigrants who passed through here to the Willamette valley last summer are drifting back to this country. They couldn't afford to pay \$25 to \$100 an acre for a piece of land down there; so they came back here where it can be had for the taking.

The Indians themselves are bridging the Warm Springs river at the agency. Every bridge that has been constructed over this stream so far has washed out. Some of the Warm Spring Indians are good mechanics, and they feel certain that the bridge they are now building will stand.

Pendleton Tribune.
A new variety of wheat known as the new golden is attracting considerable attention among wheat growers. It is a product coming originally from the Department of Agriculture, and produced here for the first time in any quantity the present season. The yield surpasses that of little club under like conditions, while it is apparently less affected by dry weather than any other variety heretofore sown in this section.

The Dalles Chronicle says that Portland's financial interest in the portage railway and steamboat that now give to The Dalles an independent transportation route to this city, is but \$2,400. W. S. Ladd subscribed \$500 of the amount, and nineteen others \$100 each. Portland has a right to be more liberal than this. The Chronicle is justified in its complaint about the parsimony of our merchants, who should have taken as many thousand dollars stock in the enterprise.—Sunday Welcome.

The Oregon Express has the following kind words for The Dalles and its people: "The Dalles is worthy of all regard from Portland, and we cannot but feel that this city entertains for the purpose of noble and generous acts in ever matter of public and private concern, notwithstanding recent failures to redeem certain pledges relating to financial aid to the navigation company. That The Dalles has advantages over the most favored points in the Inland Empire, and has among her people as far-seeing and enterprising men as Portland, cannot be denied. She is all right and this fact is attested by the bulk of her business, and the contribution just made to an open river.

A cowardly tough named Joe Hooker stabbed John Cunningham in the back and other places on the 17th inst. at Waterman Flat, in Grant county. The stabbing occurred in consequence of Cunningham having, a short time before defended a boy from the cowardly assault of Hooker. The wounded man is in a serious condition. Hooker has been arrested and is confined in the Grant county jail awaiting the result of Cunningham's injuries.

Chauncey M. Depew, who is noted for his close and generally correct observance while traveling, as well as for his versatility, has returned to New York from a trip through Europe, and says the possibilities of war there now depends on the young emperor of Germany keeping his head and Lord Salisbury keeping quiet. The destiny of Europe, he believes, is in the hands of these two men.

It is for the interest of everyone to patronize the Regulator as it was built and put on the river for the relief of the people and if they don't support it the loss is their own.—Moro Observer.

A Wallowa county girl worked the motto, "I Need Thee Every Hour," and sent it to her fellow. He said he couldn't help it. It takes him two hours to milk, feed the pigs and hens, night and morning, and business must be attended to.

It would seem that the people across the water are "on to" the annexation scheme, or else they have a limited knowledge of the geography of this country. In a recent issue the London Times says that Chicago is destined to become one of the greatest grain-growing states in the Union.

Dr. Lorimer, of Boston, tells a reporter of this utterance by Spurgeon: "I do not like a small church," he said. "It is like being in a rowboat. If you go to move about you are likely to upset and swamp the whole machine. A big church, on the other hand, was like an ocean steamer, on which one could walk about without fear of overturning or interference from deacons or any one else.

Prof. E. L. Shuey, Dayton, Ohio.
LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in amount of \$7,512.00. The Tontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:
FIRST—A paid up policy for \$40,000 00
And cash 9,751 60
THIRD—Surrender my policy, and receive in cash 54,660 00
I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipts for the amount, \$36,496.86, to their state manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the state manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.
I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,055.20 less than my total investment renders further comment unnecessary.
During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. I took a Ten-Year Endowment Policy, Ten-Year Tontine, for \$10,000, that company having from their actuary so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for. Very truly yours, ROSS MITCHELL.
