The world renowned violinist is coming to The Dalles. Herr Arnold comes with flattering notices from all over the world.

Geo. W. Smith, shipped 20 tons of Klickitat wheat by the Regulator this morning. He has now about 600 sacks at the Rockland Shute. He bought 500 bushels this morning at 77 cents.

We most earnestly desire to extend our greatest appreciation to the relief committee and to our many friends who have so kindly aided us in our time of need.

Yours in Remembrance,
MR. AND MRS. S. L. YOUNG.

The assessment roll of Grant county for 1891 shows a decrease of \$109,730 as compared with that of 1890. The net value of all taxable property is \$1,199,840 which is nearly offset by "money, notes and accounts amounting to \$404,880.

A Masonic lodge will be organized in Wasco tonight and the following Masons from this city went up to Wasco today to attend the ceremony: R. F. Gibbons, acting D. G. M., W. E. Garretson, D. L. Cates, Geo. Blakeley, Geo. A. Liebe, H. Horn, L. I. Burget, O. D. Doane and Thomas Olesen.

Saturday last while H. Simons of Eight Mile was coming into town with a load of hay, at the forks of the Benson and Thompson roads his wagon capsized. Fortunately no damage was done beyond the inconvenience and loss of time. The rut which caused the accident is said to be two feet deep and hard to avoid. The road out that way will be in a sweet state, in another month, if something is not done to improve it.

The CHRONICLE received the following special communication from Biggs station this morning: "William Mercer of Wasco got his left leg badly injured late last night while lifting a rack on a wagon, which may result in its amputation. Dr. Rinehart of The Dalles was telegraphed for and we presume it was to attend to Mr. Mercer. Mr. Mercer is well known in this section and his many friends will be sorry to hear of his misfortune.

At the meeting of the Water Commissioners held yesterday afternoon the bid of Thurston & Nowack was accepted for excavating the trenches for the new mains on Union street and the bluff, at the following rates: Earth, 30 cents; loose rock, 40 cents; solid rock, \$1.48 a yard. The bid of Manfin & Browne for

laying the pipe was accepted at the following rates: 9 1/2 cents per foot for 8 inch, 8 cents for 6 inch and 7 cents for 4 inch. All bids for hauling pipe were rejected as being too high, and the secretary was instructed to let the contract. Work will begin on the excavation immediately.

C. L. Phillips thinks he has the boss runaway horse. Last night while Mr. Phillips attended lodge he tied his horse, which was hitched to a cart, in the usual place back of the store. The accidental falling of some boxes in front of him frightened him so that he pulled back and broke the rope that tied him, then backing out of his narrow enclosure he made a strait shoot for home. Mr. Phillips getting there some time after found that the horse had done his best to get into the barn but could not because of the cart. Then he had left and gone over rocks and boulders a few blocks distant, where some neighbor had tied him, by one of the lines, to a fence post and where Mr. Phillips eventually found him, whinneying to be taken in out of the cold. Not a scratch was on the cart nor a thing wrong with the outfit, except that the whip which was not well set in its socket, had fallen out and was lost.

It is well known that the band boys lost in the great fire, not only their uniforms and stock of music, but they lost also, we believe, every musical instrument they had except three pieces. In view of these facts as well as in consideration of the pride that the city had in the band, it has been determined to give a ball, sometime next month, for its benefit. Col. Sinnott has generously offered his dining room for the occasion free of charge, and the Bettingen string band as generously offered its services free while E. Jacobsen & Co. will contribute the use of a piano, the CHRONICLE will furnish the tickets, others not heard from, will act with like generosity and every citizen will buy a ticket, which will be placed at a dollar each, so that the whole amount received from the sale of the tickets may go to the purchase of a new set of instruments. Fellow citizens, let us help the band on its feet again. The boys deserve it, and a dollar from each of us will never be missed.

The New Portage Road.
The weight of evidence, indeed about all the evidence in regard to the building of the Cascades portage railroad, is that the complaints about it have but little foundation. There are always people ready to find fault and make accusations and attacks upon the slightest possible foundation, or one only imaginary, and this seems to be the case here. The road has not been completed and put in operation quite as soon as it was hoped and expected; but this is not proof positive of negligence or incompetency on the part of its builders. The governor and state treasurer have carefully examined the work, and express themselves as satisfied with it, and pleased with the service of Mr. Farley and his assistants.—Telegram.

A bashful fellow called on his girl, and they both sat on the sofa, at opposite ends. After a silence of considerable duration, evidently spent by each in hard thought, she summoned up enough courage to ask him what he was thinking about. He, hoping to please her, replied: "I was thinking of the same thing as you." She, turning around, replied, "I'll slap you on the mouth if you try it."

The Northwestern Life Insurance Co OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00. Surplus over \$6,500,000.00.

Prof. E. L. Shuey, Dayton, Ohio. LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Northwestern Life Insurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Tontine Plan, for \$40,000. My premiums during the period amounted to \$27,520.00. The Tontine period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000 00
And cash 9,751 60
SECOND—A paid up policy for 54,000 00
THIRD—Surrender my policy, and receive in cash 35,498 80

I was so little satisfied with the results of my investment that I chose the third cash proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipts for the amount, \$35,498.80, to their state manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipts through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Tontine, for \$10,000, that company having from their actuary, so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will net me from \$1,000 to \$5,000 more than the face of the policy calls for.

Very truly yours, ROSS MITCHELL.
