Ruined by Speculation—Farmers to be Advised to Hold Their Corn for Foreign Market.

BOSTON, Mass., Oct. 2.—A City of Mexico dispatch says: "The revolution in Guatemala finally succeeded Wednesday in drawing Barrilas' army into a fight and the government troops were badly used up and are retreating to Guatemala City, forty miles away from the scene of the fight. There was great rejoicing in the city when the news reached there of the defeat of the government troops. President Ezeta declared that Guatemala was ripe for the plan of consolidating all of Central America in one republic, and he will not lose the opportunity to bring about this result."

Ruined by Speculation.
CHICAGO, Oct. 2.—Detectives here are on the look out for A. M. Standiford, an absconding banker of Christman, Illinois. Inquiry has developed the fact that for the past two years heavy speculation on the board of trade has been going on through the Christman bank, with varying success. The bankers pretended to be trading on orders sent by them, given in behalf of a syndicate of depositors, in the Christman bank, but their suspicions are that the Standifords themselves are the real traders. Their dealings were heavy, amounting sometimes to about a million bushels of grain per day.

Advised to Hold Their Corn.
CHICAGO, Oct. 2.—The morning News says a rough draft of the article advising the farmers of the country to hold their corn for higher prices has been made and is expected to appear in full in the next issue of the Farmers' Voice. It advises the sale of only so much of the crop as is actually necessary for home consumption until foreign demand puts prices up, then sell only so much as is necessary to supply that demand and again lock-up cribs till prices go up again.

Russia Afloat of China.
LONDON, Oct. 1.—The refusal of Russia to take a hand in Cockin-China is at-

tributed to the dread with which Russia has always regarded China's capacity for injuring Russia's interest in the interior of Russia. Russia has always feared that a sudden and overwhelming movement of the Chinese could sweep back the Russian dominion, perhaps to the Ural mountains. This fear seems to have been traditional, and is as strong today as when Russia was a Tartar province. The Chinese have a very large force stationed near the Manchurian boundary, and could throw an army into Siberia far superior to any force that Russia could readily place in that neighborhood.

Financial Matters in Buenos Ayres.
BUENOS AYRES, Oct. 1.—Gold closed yesterday at 320 per cent. premium. The government has issued a decree, the substance of which is the assurance of a forced currency, and fixing the premium on gold at 150 per cent. The government also suspended payment in gold for two years. In addition a new monetary unit was adopted, composed of a fixed amount of silver and nickel. This money is now being coined. The committee reported favorably on the issue of \$4,500,000 in paper piastres, and upon the establishment of the National Argentine bank.

The leg is so badly injured that it will have to be amputated above the knee. At this time he is in a state of unconsciousness, with slight hopes of his recovery.

MONTREAL, Oct. 1.—The Star publishes the following special cablegram from London: "It is understood the imperial war office has requested the Canadian Pacific Railway to submit estimates of the cost of transportation of troops between the Atlantic and Pacific. It is intended to test the value of the route for this purpose toward the close of the year. If the trial is successful, the route will be adopted as the regular imperial channel."

SOUNDS LIKE A FAKE

It is Rumored that a Party of Moneyed Men of New York Are Backing the Guatemala Revolution.

American Citizens Arrested and Thrown Into Jail at Santiago by Chilean Authorities.

Report of an Attempt to Assassinate the Emperor of Austria—Troops on the Russian Frontier.

GUATEMALA, Oct. 1.—News of the most sensational character has been received here during the past twenty-four hours. There is considerable excitement in San Salvador regarding the revolt in Guatemala. A ray of light has just been thrown on the present revolution in Guatemala by a retired American officer now residing in this city, who, for various reasons, does not want his name to appear in connection with the story. According to the story he tells, three Americans supplied with plenty of money visited this city about two months ago. To him they disclosed the fact that they represented a revolutionary party in New York that had for its object the downfall of Barrilas' government in Guatemala, and were backed with funds to carry the movement to a successful issue. Their plan of action was to send experienced military officers into Guatemala. They were to be distributed throughout the republic and when the time was ripe were to take command of the revolutionary troops. He believes the present revolution is due to the New York parties who furnished funds and ammunition to the insurgents.

CHILIAN OUTRAGES.
American Citizens Arrested and Thrown Into Jail at Santiago.

NEW YORK, Oct. 1.—A Valparaiso special says: "I am enabled to send you further particulars of the trouble between the authorities at Santiago and Minister Egan. It appears that the American legation and its vicinity were watched by the police during all of last week. On last Friday, three Americans, as cabled you, were placed under arrest. Their names were Hillmann, Madden and Raypriest. They had visited Mr. Egan at the legation, and were on their way back when taken into custody. Messrs. Hillmann and Madden made a business call, and Mr. Raypriest had gone to the legation to obtain letters. All three were locked up. Mr. Raypriest was kept in prison for some hours. Messrs. Hillmann and Madden were taken to the intendencia and detained for a short time when they were released. In addition to this, two of Minister Egan's servants were thrown into prison and kept there for two days, being released Saturday."

PROBABLY A HOAX.
Report of an Attempt to Assassinate the Emperor Francis of Austria.

VIENNA, Oct. 1.—The Emperor Francis arrived in safety at Reichenberg, near Prague, this morning, and with his advent the news of an attempt upon his life spread all over Austria. The general opinion is that the news circulating is either untrue or else exaggerated, but it has caused great consternation. The story is that last night an attempt was made with a dynamite bomb to blow up the railroad bridge at Rosenthal, a suburb of Reichenberg. This is said to have occurred shortly before the emperor's train passed over the bridge. Some railroad watchmen said they saw the would-be assassins as they were upon the point of attaching the bomb to the bridge structure, and by appearing upon the scene frustrated their design.

Troops on the Russian Frontier.
BERLIN, Oct. 1.—A Vienna dispatch speaking of the Russian maneuvers at the Pruth, calls attention to the fact that the Crimean war began with the crossing of the Pruth by the Russians, and says that everything points to a similar beginning for the next great European conflict. Five squadrons of Roumanian cavalry have reached the Roumanian boundary opposite to where the Russians are maneuvering, and there have been midnight demonstrations by the Russians since the cavalry arrived. The latter came by forced marches from Bucharest and will remain on the frontier with a division of infantry, now on the way, as a corps of observation. It is said the arrival of Roumanian troops seemed to take the Russians by surprise, as if their plans had been discovered and checkmated.

Fell Dead in a Saloon.
LA GRANDE, Oct. 1.—This morning about 9 o'clock a man who has been engaged as a barkeeper at the Lodge saloon was sitting in a chair when all at once he fell to the floor dead. From the circumstances surrounding the case, everything indicates that the man was foully dealt with, as this saloon is known to be run by tough characters.
