A TENEMENT BURNED.

Three Persons Burned to Death and Two More Fatally Injured in a Burning Tenement.

Mexican Indians on the War Path and Two Hundred People Killed—Professor Briggs' Case.

A Woman's Mysterious Death—A British Vessel Lost in the Late Rough Weather.

NEW YORK, Oct. 5.—Three persons were burned to death early this morning in a fire in a five story brick tenement house in this city and two others are fatally burned. The dead are Josephine Ryan, aged 5, Mrs. Murphy and Katie Dunn. When the fire was discovered the only stairway in the house was on fire and it was impossible for the inmates to escape that way. Nine families resided in the house and each family had an average of three boarders, aggregating fifty persons. Policemen hastened to the fire escapes on the front of the building and aided men, women and children to descend. In this they were assisted by the firemen who quickly answered the alarm. The firemen rescued Matthew Ryan and his three young children, who were almost overpowered by smoke and were unable to help themselves. One of the firemen on duty was Matthew Murphy, husband of the woman burned to death. He found his wife burned beyond recognition. Little Josephine Ryan, the dead woman's niece died soon after being removed from the house. Miss Katie Dunn was overcome by smoke and was burned to death. The fire broke out in an unoccupied house in the alley and the police believe it was of incendiary origin.

INDIAN TROUBLES.

Mexican Indian Murder Five Hundred Men, Women and Children.

SAN ANTONIO, TEXAS, Oct. 5.—John H. Parton, an American who for the past two years has been engaged in the mining business near Metzfillian situated in state of Hidalgo, Mexico, arrived today. He brings information of a bloody Indian outbreak which has for some time been in progress in the district of Tula-mengo in that state. The trouble is the outgrowth of a dispute between the several colonies of Spaniards, Germans, and Indians, the new settlers attempting to settle on lands of the natives. Parton says that a few days before his departure a settlement of whites was attacked by the Indians and nearly 200 people murdered, including men, women and children. The colonists have appealed to the government for protection and several battalions of troops are on the way to the scene of the trouble.

A Disbeliever.

NEW YORK, Oct. 5.—At the semi-annual meeting of the New York Presbytery today, the prosecuting committee, who were appointed to prepare papers in the trial of Professor Briggs, presented this report, embodying a charge against him. The charge in brief is as follows: "Disbelief in the bible as the only true source of Divine authority, disbelief in verbal inspiration, and inaccuracy of the scripture. Disbelief in immediate sanctification at death saves those dying in faith." Professor Briggs moved that his case be taken up the first thing in the afternoon, but the motion was defeated.

A Mysterious Death.

UNION, Or, Oct. 5.—The people of this city are dumbfounded at the news of the death of Mrs. J. C. Summers, a prominent and well-known lady merchant of Union. Her body was found at about 6 o'clock this morning lying face downward with her hands tied behind her back in a ditch of running water on C street. Life was extinct when she was discovered. The Trade in American Pork.

BERLIN, Oct. 3.—The replies to inquiries of leading wholesale dealers, here and in Hamburg, regarding the trade in

American pork, show that it is still very limited. The cost of inspection in America, combined with the duty still imposed, prevents the popular sale of American hog products. The price of salted American pork rules about 54 marks per 100 weight, while cured German bacon sells at 56 marks. Dealers are combining in an attempt to get the government to reduce the duty, which is now 10 marks per 100. Until this is done no marked impetus will be given to the trade in American pork.

ENGLAND DON'T LIKE IT

She Don't Like the Report That American Exhibits Will be Marked With Producer's Wages.

An American Princess.—Hacked to Death With a Sugar Knife.—American Pork.

A Cowardly Attempt to Wreck a Train Foiled.—A Swedish Counterfeiter Arrested.

LONDON, Oct. 3.—The Manchester Guardian, which has a powerful influence among the manufacturers, in a leading article on the Chicago fair, says if the reports are true, that the American exhibits are to be ticketed with inscriptions showing the amount paid workmen for producing the same, for the purpose of making a contrast with the pay given Europeans for similar work, it fears that English firms will hold aloof and demand an explanation as to exactly how the exhibition authorities intend to treat foreigners. It adds that Sir Henry Woods, who will soon return from Chicago, may be able to throw light on the conflict between his recent statements, and the view apparently widely held in Chicago and the Eastern states, as to the uses to which the fair is to be put.

An American Princess.

NEW YORK, Oct. 4.—Mr. Grover Cleveland has become a mother, and the new-comer in the ex-president's family is a daughter. The mother and child are doing well. The important news was not made known until nearly noon yesterday, then it spread with the utmost rapidity, both in the city and other parts of the country. During the afternoon many flowers were sent to Mrs. Cleveland, and both the father and mother received hearty congratulations. Then messenger boys began to move up with telegrams from all parts of the country. The ex-president bears his new honors modestly. He said today: "I don't want to brag any, but this baby now is as stout and good as most babies are when they are three or four days old."

ATCHISON, Kas., Oct. 4.—The democratic county convention yesterday afternoon sent a telegram to Mr. and Mrs. Grover Cleveland, congratulating them upon the birth of their daughter.

Hacked to Death.

SAN FRANCISCO, Oct. 3.—John Skala, employed at Spreckles' sugar refinery, went down into a vat tonight to set a broken knife on a machine used for chopping up crude sugar. Through a miscalculation, the huge knife caught his left foot as it came down and severed that member at the ankle. Then Skala was drawn into the machine, and the knife continued moving up and down, each stroke chopping off a section of his leg. Before he could be reached his leg had been chopped entirely off, and the knife was hacking at his body. At this stage he was released, but the terrible shock had killed him. He was fifty-two years of age and a native of Austria. He leaves a widow and two sons, one of whom witnessed the terrible accident.

Dastardly Attempt to Wreck a Train.

MATTOON, Ill., Oct. 4.—About eleven o'clock last night a farmer hearing an unusual noise on the back of the track of the Big Four road, between this city and Windsor, discovered several men wedging ties in a culvert in an attempt to wreck the heavy east bound passenger train, which was nearly due. He hurried toward the approaching train and finally succeeded in attracting the attention of Engineer Huffman by waving his coat in lieu of a flag. The train was stopped just in time, but the culprits had fled. After twenty minutes' delay in removing the ties, the train proceeded to the city, and the authorities were notified. No arrests have yet been made.

The Swedish Counterfeiter.

SEATTLE, Oct. 4.—Olof Sjodin, the Anacortes saloon keeper, who is charged with manufacturing Swedish 1000 kroner bank notes and sending the same to his brother in Stockholm, was today bound over to the United States grand jury by Commissioner Emery in the sum of \$2,500. United States District Attorney Patrick Henry Winston will have several Swedish officers, who aided in the arrest of the defendant's brother at Stockholm, in Seattle to give their evidence when the grand jury meets in six weeks.

In the Cherokee Strip.

GUTHRIE, Oct. 4.—A man coming from the Cherokee strip says hundreds of families, who failed to get claims in the land opened last week, are settling on the strip. They are constructing dwellings and making preparations to spend the winter. Boomers are burning grass, hoping to drive the cattle out, and thus hasten the opening of the strip.
