CONTINUED SUFFERING

The American Sailors Having Trouble With the Chilean Authorities—Chinamen Starving.

A Large Petition to the Czar—Continued Floods in England—The Searles Will Case Appealed.

LONDON, Oct. 24.—A St. Petersburg correspondent to the Standard says: "With the approach of frost comes a renewal of distress. Novosti estimates that twenty million people are without food. Statistics prove conclusively that in many places speculators get exorbitant prices. The corn merchants of the village of Kaltaks or Ussur are charged with the responsibility for the extortion. The Samara paper declares that the Jews are angels compared with the Koolaks, who are in the habit of reducing those in their power to the lowest stage of poverty. Incidents showing the terrible distress of the people continue to be recorded. A poor woman of Ratchino, on returning home from a neighboring village, whither she had gone to try to purchase food, found all the children dead. A post mortem examination being made, found their stomachs were found filled with rags and earth. Many villages are deserted in the district of Perm. One half of the population, of Reasan has died of hunger or disease—an odious traffic is carried on in women's hair, the best heads realizing a crown apiece.

NEWS FROM CHILI.

American Sailors Having Anything But a Good Time in That Country.

WASHINGTON, Oct. 24.—Secretary Tracy said this morning that a further study of the cipher dispatches received from Captain Schley, of the Baltimore, last Thursday, in regard to the recent assault on American sailors at Valparaiso, showed that in addition to the killing of one man and the serious wounding of six others, thirty-five other American seamen were arrested and detained by the Chilean authorities at the same time, and they were afterwards examined and dismissed, there being no proof that they had been guilty of any misbehavior. It also appears now up to the date of Captain Schley's report that the Chilean authorities had taken no steps to arrest and punish any Chileans responsible for the affair.

An official thoroughly familiar with all the facts in the possession of the government in regard to the Valparaiso affair, pointed out this morning that it was altogether different in its material features from the Italian affairs at New Orleans. The men attacked wore the uniform of United States government, and were attacked simply because they were Americans.

Secretary Tracy had an interview with the president this morning in regard to the matter, but refuses positively to say what plan of action had been agreed upon. It is known that the administration regards the situation as most serious. While no other vessels have been ordered to proceed to Chili to enforce the demand for reparation that will probably be made, it is likely the naval force in the Chilean water will be speedily reinforced, unless this government receives a proper assurance from the Chilean government that proper justice will be meted out to the offenders.

Minister Egan has been advised of the views of the administration, but the exact nature of the messages sent him cannot be ascertained.

Chinamen Starving in Vancouver.

CHICAGO, Oct. 24.—Treasury Agent Scanlon, today says he received advices to the effect that there are ten thousand celestials in Vancouver and along the line of the Canadian Pacific Railroad, who are suffering for want of food. Scanlon believes the Canadian government is assisting the celestials into the country in order to get the \$50 per head they are compelled to pay the government.

A Large Petition.

BOSTON, Oct. 24.—A circular has been issued from the office of the Lend-a-hand magazine, edited by Rev. Dr. Edward Everett Hale, in which it is stated that a petition to the czar of Russia in regard to his treatment of the Siberian exiles has been signed by more than a million citizens of this country.

Continued Floods in England.

LONDON, Oct. 24.—The flooded districts of England show no signs of improvement. The Thames has risen 2 1/2 feet during the night. Two children were drowned by the flood at Northampton.

A CHANCE FOR WAR.

The Chilean Government to be Called to Account.

WASHINGTON, Oct. 23.—Interesting international difficulties are likely to ensue as a result of the recent cowardly attack on American men-of-war's-men in the city of Valparaiso. Captain Schley, of the United States steamship Baltimore, has cabled the naval department the details of the affair, from which it appears that the attack was both cowardly and uncalculated. Secretary Tracy laid the report before the president, and it will be considered at the cabinet meeting today. The opinion is prevalent that Minister Egan will be instructed to demand immediate reparation and indemnity from the Chilean government. A correspondent reports the president as having said: "I mean to have no more of this business from any nation, and the demand upon Chili must be immediate and peremptory."

Captain Schley informed the secretary in his report that it has become impossible for American officers to go ashore without being insulted, and that hereafter they mean to go armed and to resent insults in the proper way. "We are losing our respect by permitting these things," says Schley, "and the younger officers are wild with rage, and can't be much longer restrained." "I do not want them to be further restrained," said Secretary Tracy to one of the commodores, "and I have told Schley so." Therefore any day may bring news of a serious emette between the Americans and the Chilean mob, instigated and secretly encouraged, it is believed here, by persons high in authority there.

Two Much Wine and Poker.

ST. PAUL, Minn., Oct. 23.—Louis S. Wilde, teller of the St. Paul Trust Company, was found by the officers of the company this morning to be a defaulter in the sum of \$5000. He is also largely in debt to merchants of the city. He is said to have been running with a fast set lately, and a large part of the money went for poker and wine. Wilde went on his regular vacation to the home of his parents at Lockport, N. Y., early in September, but has failed to return. The loss falls upon the American Surety Company, which was on Wilde's bond.

Arming Police With Rifles.

BERLIN, Oct. 23.—The arming of the police with carbines, which virtually converts them into a regular soldiery, is due to the great apprehension felt by the authorities that the winter will be attended by a great deal of suffering among the poor, and perhaps by consequent disturbances.

The Jury Disagreed.

PORTLAND, Oct. 24.—The jury in the case of J. W. Scott reported this morning that it was unable to agree on a verdict. Scott, it will be remembered, accidentally shot and killed Christine Strombot last July and was indicted by the grand jury for Manslaughter.

A DENIAL FROM WALSH

The Irish Archbishop is Feeling Very Indignant—Did not Disparage Parnell.

William Gordon-Cumming Trying to get Even—Paying Back his Baccarat Game.

German Printers Will go out on a Strike For Wages—Admire our Enterprise.

DUBLIN, Oct. 23.—Archbishop Walsh has repudiated an interview which it was said was held shortly after the death of Parnell, and in which he was quoted as referring to the dead leader in terms disparaging. They aroused indignant comments in many quarters where sympathy for the dead man was not expressed. Archbishop Walsh also denounces the attack which was made upon him by the Chicago Herald of October 9, classing the statements made as "sensational calumny." He adds: "They attribute to me an atrocious and un-Christian-like sentiment that charity should not find place at the open grave of Parnell. I feel bound in my own defense and in that of the dignity of my office to ascertain whether the American law permits the bringing to justice of the author or publisher of the libel."

TRYING TO GET EVEN.

William Gordon-Cumming Paying Back His Baccarat Game.

LONDON, Oct. 23.—The protest of Sir William Gordon-Cumming against the appropriation of money for the entertainment of the Duke and Duchess of Fife at Elgin, has excited a lively row in the Scotch burg, where the head of the Cumming family rather outrivals Queen Victoria in popular regard. Sir William is considerable of a property-owner in Elgin, and can, therefore, support his protest by legal measures if necessary, while the fact that neither the duke nor the duchess are of the queen's immediate family takes away the excuse of loyalty for the proposed expenditure. The Cummings, like other Scottish chieftains, are noted for the tenacity of their hatred and devotion, and it is believed that the Prince of Wales will not be together without anxiety over this evidence of the bitterness of his former favorite.

GERMAN PRINTERS.

They Will go out on a General Strike for Wages Tomorrow.

BERLIN, Oct. 23.—Meetings of printers employed in Breslau and in Leipzig were held today in those cities, and preparations made for a general strike of German printers, which seems to be determined upon for tomorrow. At the Breslau and Leipzig meetings the printers resolved to give their support to a resolution arrived at by the printers of this city. Yesterday this resolution was voted by 4000 Berlin printers, who decided to ask their union to order a general strike in case of the refusal of employers to grant them a working day of nine hours and an advance of 33 per cent. in wages. It is generally admitted a wholesale strike of printers throughout Germany will be immediately ordered.

They Admire our Enterprise.

LONDON, Oct. 23.—There is published today an elaborate report of Sir Henry Wood and James Dredge, British commissioners, who recently returned here from visiting the site of the world's fair at Chicago. The report recommends the erection of a handsome building on the site provided for the exhibit of Great Britain, and commends the courtesy of President Harrison and Secretary Foster and all the exposition officials whom the British commission met. The commissioners, it appears, are much impressed with the manner in which the important work at Chicago is undertaken, and they say there is no doubt of the ultimate success of the fair.

Result of the Chilean Election.

NEW YORK, Oct. 23.—The Herald's cable dispatch from Valparaiso this morning says that the total results of the present elections show that the different parties combined under the name of liberals have elected fifty-five deputies, while the conservative clericals have elected thirty-five. One dictatorial deputy has also been elected. Prominent among those elected are: Carlos Walker, Martinez, Pedro Montt and Ricardo L. Trumbull. The last two are well known in the United States, Montt as the representative of the junta at Washington, and Trumbull for his connection with the late Itata affair.
