Mexico Will Remove the Duty on Corn—Seven Persons Killed in a Railroad Collision.

St. Louis, Oct. 27.—A dispatch from Guthrie, O. T., giving further particulars of the prairie fires, says: "In the Iowa reservation where grass is heavy, the damage is great. The district burned is ten miles wide and fifty miles long. It is reported here that several persons have perished. Another fire started in the rank grass along the Cimarron river, thirty miles northwest of here, Saturday night and burned fifty farm houses and a great deal of stock.

A number of people are missing and it is almost certain that some died in the flames. The village of Cimarron was completely wiped out, and many of the inhabitants badly burned. They saved their lives by jumping into the river. The mail carried from Mulhall was caught and totally burned. The reports from the burnt districts are very meagre, but the damage is well up to \$100,000.

A Severe Cyclone in Ohio. CONNEAUT, Ohio, Oct. 27.—At 6:30 last evening a terrible cyclone swept over the town destroying about 30 houses. The streets are blocked by trees and debris from the demolished buildings.

Record's loss is about \$50,000. The planing mill of H. E. Pond adjoining Records, was greatly damaged, his lumber yard is strewn all over town, and two smoke stacks blown down.

Many fine residences suffered heavily, roofs being torn off and windows broken. The telegraph lines of the Lake Shore and nickel plate railway are down. Two telegraph poles which were blown down went through the roof of the Lake Shore depot and the baggage room is completely destroyed. The debris from buildings is strewn along the track rendering it impassable for moving trains. Total loss is about \$100,000.

Not Allowed to Help the Poor.

LONDON, Oct. 27.—The Daily News this morning has a dispatch from St. Petersburg which says the minister of the interior in declining the proposition of deputation of rich Moscow merchants to form a society for the relief of the victims of the famine-stricken districts, declared that any body attempting to visit the districts for any such object would be arrested. This is supposed to be due to the fact that reliance on government relief will have a bad moral effect on the peasants, who would decline to work on the relief railway roads, etc.

Will Remove the Duty on Corn—Mexicans Starving to Death.

St. Louis, Oct. 27.—A special from Mexico states there is a well founded rumor that the duty on corn will at once be removed owing to the shortness of crops and the famine prevailing in the several states of the republic.

The reports from the flooded districts of Chiapas state that hundreds of people are on the verge of starvation. The governor of Guana Jata, prohibited the export of corn from the state and other governors will soon follow his example.

GLENWOOD, Minn., Oct. 27.—A rear end collision occurred last night at Thompson station, eight miles east of here, between the regular west bound freight and an extra, following the regular train, killing five persons and seriously wounding seven others. He then took them to where Wells, Fargo & Co.'s box and where the guns were thrown into the river. The box was found about a mile from the scene of the robbery with all the waybills and letters untouched. The man arrested at the same time for the same offense still maintains his innocence.

Robbed and Murdered.

FORT WORTH, Tex., Oct. 26.—Martin Mooney, a Fort Worth & Rio Grande employe, was found hanging to a limb of a tree in the outskirts of the city this morning. Mooney had just been paid \$178. The body bore none of the marks usual in case of death from strangulation, and the feet touched the ground.

Coal Miners on a Strike.

LONDON, Oct. 26.—In Staffordshire and Worcestershire today about 8000 miners struck against a reduction of ten per cent. made in their wages. FLOODS AND RIOTS.

The Elements and the People Both Seem to be at War.

MADRID, Oct. 26.—A telegram from Merida, a province of Badajoz, says the floods in that locality continues. The River Ebro has overflowed its banks, and is submerging the railroads and highways. In many parts of the province the floods have carried away a number of telegraph poles, and consequently communication by means of wire has been interrupted. The olive, corn, grape and saffron crops in many parts of the province of Ciudad Real are ruined. There was a serious riotous fight yesterday in the town of San Michael, a province of Modena, between socialists and workmen. Two men were killed and eight severely injured. The riots were subsequently quelled by the police, who arrested a number of rioters.
