CHILI HEARD FROM.

Minister Egan Receives a Communication From the Chilian Officials. Great Excitement Exists.

It was for Campaign Purposes only—Hard on the Referee—Don't Like Egan.

The Pan-American Railway Incorporated—He was Forced to Become a Robber—The Mill Exploded.

SANTIAGO, Oct. 28.—Minister Egan has received a reply from the minister of foreign affairs of the provisional government, Senor Matt, in which he sends a safe conduct to the refugees in the American legation, and under protest recognizes the precedents quoted by Minister Egan, in which the Chilian government claimed similar rights for refugees in Peru, and acknowledges claim of extra territoriality. The Junta is greatly stirred up over the recent dispatches from the United States government on the question of the outrageous assault upon the sailors from the Baltimore, in the streets of Valparaiso, on October 16th. The subject is of such grave importance that it requires earnest deliberation before any definite reply can be given. A letter published in the newspapers has created a vast amount of heated discussion. It is signed by Augustine Edwards, a well-known banker, and Edwards Matte, and vindicates Minister Egan from continued and severe criticisms that have been passed upon the conduct of his office by the various bitter adherents of the Junta. The letter has caused a great deal of criticism.

It Was for Campaign Purposes.

PITTSBURG, Oct. 28.—A Rochester, Pennsylvania, special says: "Senator Quay was called on at his home in Beaver early this morning and questioned as to the certificate of deposit for \$8,877 from the Keystone bank, to Beardley, made payable by him to Senator Quay through the Beaver deposit bank, November 29, 1891."

He said his recollections of the details of the transaction are rather indistinct, but he is satisfied that the date of the certificate given in the circular was a forgery. He said: "In October, not November, 1889, I gave a note to a gentleman representing the republican city committee of Philadelphia, for \$9,000, upon which to raise that amount of money for the campaign that year. Of what was done with it I know nothing personally except that afterwards the note was returned to me cancelled, paid, as I understand, by the republican state committee. Beardley's draft was for the amount of the note less the discount."

Hard on the Referee.

NEW YORK, Oct. 28.—A kid glove fight to the finest occurred early this morning near Danbury, Conn., between Jack Bates, of Ohio, and Joe Daley, of New York. The fight was a brutal one. Daley, who commenced foul fighting got the worst of his own style of pugilism. In the eighth round Daley smashed Con Mocaliffe, referee, in the face and dove out through the ropes like an arrow, and there was nothing else left for Mocaliffe to do but to give the victory to Bates.

They Don't Like Egan.

NEW YORK, Oct. 28.—A Washington special says: "Senor Montt, the Chilian envoy here called on Secretary Blaine and had a long talk concerning the assault upon American sailors in Valparaiso. Senor Montt charged that Minister Egan is really responsible for all the trouble existing between Chili and the United States. During the war he played the part of a spy for Balma-ceda."

The Pan-American Railway.

AUSTIN, Texas, Oct. 28.—The charter of the Pan-American Railway company has been filed here. The line is to run 240 miles, from Victoria to Brownsville, on the Rio Grande. The proposed capital is three million dollars. This is supposed to be the inception of a big enterprise to extend the road eventually through Mexico into South America.

Forced to Become a Robber.

SAN ANTONIO, Texas, Oct. 28.—James Lansford, one of the men arrested upon a charge of being implicated in the Southern Pacific train robbery, confessed his guilt. He claims to have been forced into joining Fields, Flint and Weidinger, the other robbers, by threats upon his life.

A Powder Mill Goes off.

YOUNGSTOWN, Ohio, Oct. 28.—This

War of the Races Begun in a California Town.

FRESNO, Oct. 27.—Opposition to Chinese in this county, which has a permanent Chinese population of 3000, has taken a very serious turn. The railroad company has discharged some white section men, substituting Chinese. Saturday night the whole of Chinatown at Medera was destroyed by fire, evidently incendiary, and more than a hundred coolies made homeless. At Selma Saturday night about fifty workmen visited the Chinese section hands and ordered them to leave by midnight, but officers interfered. As a matter of precaution they were brought here, and last night the house which they had vacated was set on fire. Saturday morning the streets of Selma were found placarded with posters urging the driving out of the Chinese, reciting the fact that within a week twenty white men had been replaced at that point with Chinese by the railroad company, which meant a loss of \$12,000 a year to business and kept driving white men into enforced idleness.

He Was Tired of Life.

OAKLAND, Cal., Oct. 27.—Wood Hopkins, of San Jose, committed suicide at his lodgings here this morning by taking morphine. Deceased left this letter: "Oakland, Cal., Oct. 26, 1891.—To those it may concern: I take my life because it is mine and I am tired of it. Please forward letters to my mother and friend without opening them. As for my body, do what you want with it. To my friends—goodbye. My luck is against me. Break the news gently to my mother."

A Revelation That Did not Come.

SAN FRANCISCO, Oct. 27.—Captain Daniel McLean, of the sealing schooner Edward Webster, has compromised with six men of his crew, who sued him for wages soon after the vessel arrived from the Behring sea. The sailors intimated the court proceedings would bring out some interesting testimony relative to Webster's poaching at St. Paul island and other protected points.

FLAGSTAFF, ARIZ., Oct. 27.—Almost everybody on board the San Francisco express on the Atlantic & Pacific road, wrecked yesterday at Pineveles, received a severe shaking up, while some are more seriously injured. It is thought Mrs. Mary Kister, of Kingman, Kan., will probably die.

FOREIGNERS MUST GO.

The Anti-Foreign Movement Continues to Grow in China, in Spite of the Efforts of the Government.

A Proposed New Steamship Line For the Coast—The Ministry of New South Wales.

They Battle With Sticks and Stones—Will Ask for Money to Build Railroads.

SHANGHAI, Oct. 27.—The anti-foreign movement continues in Hunan province, and among the rebel chiefs are many of the viceroys, magistrates and generals. The government seems to be unable to prevent the spread of the uprising and its propaganda against foreigners. Following is the substance of that important document which has been displayed on the walls everywhere: "Inhabitants who are anxious of preventing a violation of our country, let us prepare a plan of defense so that every district may take up arms and assemble its forces. Every great district should furnish 20,000 men, every lesser district 15,000, and every small district 10,000. Let us chase from our provinces the devil-mouthed European pigs. Having power, money and men, and being brave, let us destroy the enemy. It will be much better to burn their dwellings, churches and mission buildings than to confiscate them for the purpose of increasing our revenue. We will extinguish the fire if dangerous to Chinese dwellings. Let us stamp on the cattle of Jesus, the heavenly pigs. Let us punish the converted Chinese, the traitors, and let us banish the families of the guilty on the ships of the American fleet."

A Proposed New Steamship Line.

SAN FRANCISCO, Oct. 27.—H. Langamazzino, general counsel for France in Tahiti, is here on his way to the islands after ten months' absence. He has been in France in the interest of the new steamship company, and thinks he has it under way so that it will become a success. Steamers will run from Sydney by way of New Caledonia, Tahiti and Marquesas to San Francisco once a month, and leave here once a month over the same route. There will be three or four steamers in this line. They will be of good size and are expected to do solid and profitable business. About \$1,000,000 is required, and, judging by subscriptions in France and Tahiti thus far, it will be raised and the line established in a few months.

Ministry of New South Wales.

SYDNEY, Oct. 27.—The legislative assembly yesterday adjourned over till November 18th. During the interim, members of the late ministry will go before the people in the hope of re-election. While Sir Henry Parks, the premier, does not intend to retire from political life, it is unlikely he will assume the leadership of the opposition, as he feels the necessity for a period of comparative rest. The new premier, Dibbs, yesterday delivered an address at Melbourne, in which he declared that the enormous resources of the country were its absolute security.

Battle With Sticks and Stones.

CORK, Oct. 27.—The feeling aroused throughout Ireland, and especially in this city, by the recent political and factional sayings and doings, is very bitter and threatens to result in serious conflicts between the McCartyites and Parnellites. There were several affrays here yesterday evening at the close of the various political meetings, and sticks and stones were freely used by both parties. The result is a number of the members of the two opposing parties are being nursed in the hospitals and elsewhere for severe wounds incurred during the fray.

Money to Build Railroads.

MELBOURNE, Oct. 27.—It was announced Saturday that the government of this colony intended shortly to submit a bill to parliament providing for a loan of \$50,000,000, the money to be used in the construction of railroads and other productive works. This proposition, while accepted by the people of Victoria as a whole, aroused some opposition as to its details; consequently the government reconsidered the measure and has come to the determination to limit the amount of the loan to \$30,000,000, to be raised yearly.

Financial Affairs in Buenos Ayres.

Buenos Ayres, Oct. 27.—The chamber of deputies has passed a bill providing for the conversion of 5 per cent gold cedulas of the national mortgage bank into 8 per cent paper cedulas. Gold closed yesterday at 320 per cent premium.

Another Record Broken.

LONDON, Oct. 27.—The White Star line steamer Tonic, which sailed from New York October 21, for Liverpool, was signaled off Frowhead at 9:55 this morning, having beaten the fastest previous record from New York.
