McFARLAND & FRENCH.

CHILI STILL OBSTINATE

Blaine Preparing a Communication to Minister Egan.

ARE INVESTIGATING THE MATTER.

Minister Montt Receives Word that the Work is Unfinished.

ENGLAND LIABLE TO INTERFERE

To Protect Her Citizens in the Event of Trouble with Chili—They Were American Citizens.

WASHINGTON, Oct. 30.—At the naval department today there are no signs of a disturbance over the Chilean affair. The "San Francisco," which was at Callao, Peru, is believed to have sailed yesterday for California. She will touch at some port on the way, where she can be reached by cable if there be any need. At the cabinet meeting this afternoon the time was devoted to the discussion of the Chilean situation. It is surmised that Secretary Blaine submitted for consideration an outline of the reply to be made to Minister Egan's communication, and that its details were perfected, and that in due time it will be made public. There have been no further dispatches from either Minister Egan or Commodore Schley.

Senor Montt, the official representative of the Chilean government here, just received the following dispatch from the Chilean minister of foreign affairs at Santiago: "An investigation was instituted immediately and is continued with all diligence, and is not yet finished. The trouble began in Clave street and soon became a tumult. The regular soldiers, police and special guard of intendants restored order. Of the combatants thirty Americans and eleven Chileans were committed before the judicial authorities. They fought with knives, stones and everything they could lay their hands upon. There was one killed and several wounded. It was estimated that there was one hundred and sixty American sailors from the "Baltimore" on shore at the time of the tumult.

No Change in the Chilean Affair.

NEW YORK, Oct. 30.—A Washington special says the naval officers are confident that the dispute with Chili can only be settled by a display of force by this government. The presence of the United States fleet would probably bring to Valparaiso a large fleet of vessels of the British navy. If a determination to shell the city were reached by this government the levies and property of the subjects of Great Britain would have to be considered.

The suggestion of British intervention is not likely, however, to deter the United States from following a course that will compel a respect for our flag and an expression of regret for taking the lives of men wearing the uniform of the United States.

They Were American Citizens.

SAN ANTONIO, Oct. 30.—A letter from one of the federal officials at Rio Grande City, Texas, says that the evidences continue to accumulate that the men executed by Garcia, were not guilty of the offence for which they died, and that some of them were entitled to the protection of the stars and stripes, by reason of having formally declared their intentions of becoming American citizens. Reports have been received of other like executions which have been concealed by the Mexican military.

England's Opinion.

LONDON, Oct. 30.—The evening newspapers devote considerable space to the strained relations between the United States and Chili. They assert that the attitude of the United States government is due to the approaching elections. The Pall Mall Gazette remarks: "Whether President Harrison's rising indignation or Blaine's electioneering calculations will result in war is doubtful.

A Cleveland Blaze.

CLEVELAND, Ohio, Oct. 30.—A four story building occupied as a warehouse, was burned this morning. A large quantity of malt was burned together with a stock of crockery. The loss is estimated at \$100,000.

CRUEL NEGLECT OF THE SICK.

Patients in a Public Hospital Allowed to Die of Cold.

PITTSBURGH, Pa., Oct. 28.—A Uniontown, Pa., special says residents of Fayette county are greatly stirred up over

the discovery of patients in the Connells-ville hospital lying there helpless, without a spark of fire in the building, and suffering untold agonies. Miss Gaddis, the superintendent, says she cannot help it, as the committee of trustees has the heating apparatus to look after, and it has never been fixed for use since last spring. Deputy Sheriff Crawford visited the hospital on business yesterday and found one patient at the point of death from pneumonia, contracted after coming to the hospital, his physician says, because there is no fire in the building. The patients all tell the same story. The only fire in the building is in the kitchen, where the superintendent has been compelled to move her office, and there water is heated and placed in gum heaters, which are put in the beds of patients, but they are totally inadequate.

THE WORLD'S FAIR.

It has been Decided to Hold a National Guard Encampment.

CHICAGO, Oct. 29.—At today's session of the convention of military men, it was decided to hold a national encampment at Chicago during the world's fair, and that the camp should be located within a radius of twenty miles from the exposition grounds. August 5, 1893, was decided upon as the date of the beginning of the encampment. It was decided that each member of the convention be authorized to exert all honorable means to secure the passage by congress of suitable legislation and an appropriation to hold the encampment. Only regular army soldiers and regularly enlisted national guards will be allowed to participate in the encampment.

Consignment of a Real Estate Firm.

ST. PAUL, Minn., Oct. 28.—The assignment of Bushnell & Bushnell, widely known throughout the east and west as leaders among real estate dealers, was filed in the district court today. The assignment includes that of the Standard Investment Company of St. Paul, of which W. M. Bushnell is president. W. M. Bushnell said, after the assignment was announced:

We expect to go on with our business and pay off all our liabilities.

The statement shows liabilities from \$450,000 to \$500,000; assets, from \$450,000 to \$500,000. A small part of the liabilities is held by the St. Paul banks. The larger creditors are all in the east. The failure is the result of two suits for \$5000 each, recently brought against them in the courts here, and the garnishment of their bank accounts.

To Capture the East Coast Trade.

WASHINGTON, Oct. 29.—The Pacific Steam Navigation company, which for many years has had a practical monopoly of trade between the west coast of South America and Europe, has decided to establish a separate service with the east coast, between the Argentine Republic and Uruguay. The new service was inaugurated on the 23d of October, when the steamship Aracunia left Liverpool for Bahia, Rio de Janeiro, Montevideo, Buenos Ayres and Rosario.

The Result of the Fight.

CORK, Oct. 30.—The infirmaries of this city have been busy since early this morning attending to the injuries of persons hurt in last night's rioting. There are now 92 patients in the hospital suffering from wounds received during the fighting. This number is in addition to a much larger number of persons who are being treated at their own homes.

A Fire at La Grande.

LA GRANDE, Or., Oct. 30.—A fire last night destroyed the frame building occupied by Gerst Bengelsdorf as a bakery, and by Messrs. Flinn and Williams Brothers as a law office. Bengelsdorf, who was asleep up stairs when the fire started, escaped with difficulty, after being seriously burned. The loss is about \$2,700. Insurance \$1,700.

Will Meet at Chicago.

CINCINNATI, Oct. 30.—Notices are now being sent out that the next meeting of the American turf congress, will be held in Chicago, November 11th.

Fire in Oklahoma.

GUTHRIE, O. T., Oct. 30.—Reports from the Patawatomie reservation, state that the prairie fires are still raging there and are doing great damage.

Weather Forecast.

SAN FRANCISCO, Oct. 30.—Forecast for Oregon and Washington: Scattering rains in northwestern Washington.

A Prairie Fire for Dakota.

BESMAREK, N. D., Oct. 30.—Two large prairie fires are raging north and west of this city.

Chicago Wheat Market.

CHICAGO, October 30.—Close, wheat, weak; cash, 93 1/4; December, 94 1/4; May, 1.00 1/4.

Portland Wheat Market.

PORTLAND, Oct. 30.—Wheat, Valley, 1.55; Walla Walla, 1.45.

San Francisco Wheat Market.

SAN FRANCISCO, October 30.—Wheat, buyer, '91, 1.75 1/4.

EARTHQUAKE IN JAPAN

The Cities of Hiogo and Osaka Received Severe Shaking Up.

THREE HUNDRED PEOPLE KILLED

And a Great Many Buildings Totally Destroyed.

NOTHING HEARD IN WASHINGTON.

The Japan Minister has Heard Nothing of the Affair—A Child Burned to Death.

LONDON, Oct. 29.—Dispatches have been received this evening from Japan announcing that the telegraph wires beyond Hiogo and Osaka were down. It was added there had been an earthquake at Hiogo, and a rumor was current that a great amount of property had been destroyed and that the loss of life was considerable. Hiogo is a seaport town of Japan, on the island of Hondu, and is situated about twenty miles by rail from Osaka. Hiogo is a fine harbor at the head of the gulf of Osaka, and adjacent to Kobe. It is lighted with gas and has a number of fine public buildings. The seaport has an extensive foreign and coastwise trade. The population in 1884 was about 40,000 souls. Osaka is also on the island of Hondu and on the sea thirty-seven miles southwest of Kioto, to which place as well as Hiogo and Kobe railways have been built. Osaka has a large foreign trade, arsenals, a great castle, machine shops, city hall, mint, college and an academy, and is traversed by canals, over which are more than 1100 bridges, some of iron. The city also has many theaters and about 1900 places of worship. In point of size it is the third or fourth city in Japan, but in social affairs, fashion, commerce and industry, it takes the first rank. Osaka has a population, according to the census of 1884, of about 50,000. A private telegram, dated Hiogo, and received tonight, says a severe shock of earthquake was experienced at Osaka, and the destruction of both life and property was very great. So severe was the shock, that a number of houses were thrown to the ground, and many occupants were caught in the falling buildings and crushed to death. A large number of persons succeeded in escaping from their homes only to meet death in the streets. There are no means at present of estimating the total loss of life. In fact the details are very meager. All the telegraph wires were broken in all the districts affected by the falling poles. The private dispatch, however, states it is known that in Osaka alone the death list contains the names of 300 residents of that city.

CHILD BURNED TO DEATH.

A Little Girl Who Had Been Permitted to Play With Matches.

ELGIN, Or., Oct. 27.—The little 4-year-old daughter of E. Graff was burned to death this morning at her home near this place. The father was absent from home and the mother was in the garden, when it is supposed the little one secured some matches, with which she has often been permitted to play, and set fire to her dress. The mother heard cries of agony and immediately hastened to the house, only to find her child with her clothing almost burned from her body. It was an hour and a half before a physician arrived and the child died soon after.

Robert Henderson, a respected farmer of this place, was found dead in his bed yesterday morning. A physician was summoned and upon examination found that he had died from an attack of paralysis of the heart, of which he has been troubled for some time. He was 62 years of age.

Julian, the 11-year-old son of John Bloodworth, was kicked by a horse yesterday and his leg broken.

Failure Caused by a Defalcation.

PITTSBURGH, Oct. 29.—A bill was filed in court today, asking for the appointment of a receiver for the Dexter Spring company of this city. The bill alleges the company is insolvent through the defalcation of President Doeringer, who is now under arrest in Omaha. The bill says the indebtedness will be \$45,000 in thirty days from now.

The Russian Ukase.

LONDON, Oct. 29.—The English journal of agriculture has received information that the Russian decree prohibiting the exportation of wheat, was delayed for fear that it would jeopardize the new loan, but that now the decree will probably be issued within a short time and will likely include barley and rye.

After the Mexicans.

GUAYMAS, Mex., Oct. 30.—Information has reached this city of the burning of the Mexican Village of Santa Rosa and the massacre of several of its inhabitants by the Vague Indians.
