THE PRESS COMMENTS

Blaine and Possibly Harrison are now Able to Carry New York.

WHAT THE ENGLISH THINK.

They Consider the McKinley Bill Accepted by a Popular Vote.

A RUN ON A SAVING BANK.

Caused by the Failure of the Maverick Bank—The Silver Question—Sent to Jail.

The Philadelphia Press says: "The accomplishment of the present result in a year following such a democratic tidal wave as swept over the country last fall is certainly encouraging and proves the strong vitality of the republican party and its principles."

The Engineer says: "Blaine could carry Massachusetts next year and probably President Harrison could. The New York republicans want Blaine for president and figures show that he can carry that state. The west is still restive. There is one man who can certainly recall every wandering western state and his name is 'Blaine.'"

The Baltimore American says the tide which set so heavily against the republican party in '90 has already ebbed and is rapidly and unmistakably a continuance of a movement in the opinion which caused the astonishing political result of November 3rd.

The Boston Herald (Independent) predicts a republican defeat in the presidential year unless the party modifies its high tariff views. The Globe says New York ranges herself with the glorious line of states to be counted upon as surely democratic in '92. Of the result in this state the Transcript says: "It was great personal triumph for Governor Russell." The Advertiser (rep.) says: "It is evident from the greatly diminished plurality of Governor Russell as compared with last year's figures, Massachusetts is returning to her (rep.) allegiance." The Post says: "The majority are not so very large but just think what it means. It means Massachusetts is now a doubtful state, doubtful for the republicans, but pretty certain for democrats. It is flowing in an opposite direction so rapidly that the republican national triumph in '92 may be reasonably anticipated."

The English View.

LONDON, Nov. 5.—The Globe this morning says in referring to the elections just held in the United States: "They prove beyond a doubt that there is a popular reaction in favor of the McKinley tariff." The Pall Mall Gazette says: "The result of the elections clears the field for a distinct trial of strength between Harrison and Cleveland with a strong probability that Cleveland will win."

The Latest From Ohio.

COLUMBUS, Nov. 5.—The latest figures with nine counties estimate and a few others unofficially made by the republican state executive committee place McKinley's plurality at 20,486. The republicans now claim for forty-eight fifty on joint ballot in the legislature.

An Official Count Necessary.

NEW YORK, Nov. 5.—The complete returns show that the state senate will stand 17 republicans to 17 democrats. The assembly will probably stand 63 republicans to 65 democrats. Although in one case it will take an official count to decide.

Condition of the Maverick Bank.

BOSTON, Nov. 5.—A run on the five cent saving bank was continued this morning. Examiner Ewer reports \$2,500,000 in cash in the Maverick bank vaults and collections still coming in. Much of the paper in asset will prove available and is marketable.

Outside of the bank there is a crowd of people, mostly foreigners, waiting to get into the bank or selling their accounts to speculators at 95 cents on the dollar. President Evans says they will pay the depositors who desire their money, as fast as possible.

The Silver Question.

NEW YORK, Nov. 5.—The New York Chamber of Commerce today appointed a committee of five, including Ex-Mayor Hewitt and Carl Schurz, to urge upon congress such a modification of the act of July, '91 as will suspend further purchase of silver and any additional coinage until the international agreement arrived at between the United States and the other commercial nations of the

world. The president is also petitioned to call the attention of congress to the subject in his next message.

Expect to Settle the Chilian matters.

VALPARAISO, Chili, Nov. 5.—The election as president, of Admiral Montt, was hailed with much enthusiasm on all sides, as he is popular with all classes. It is believed that with the institution of a constitutional government, the questions now at issue between Chili and the United States will be more calmly discussed and the outcome be satisfactory to both nations.

Snow in Washington, D. C. and Virginia.

WASHINGTON, Nov. 5.—Snow began falling here at an early hour this morning and fell for several hours.

CHARLOTTVILLE, Va., Nov. 5.—It is snowing here today, it is the earliest for years.

Went to Jail.

BOSTON, Nov. 5.—As Jonas H. French, director of the Maverick bank was unable to procure the satisfactory securities in the sum of \$75,000, he was ordered and committed to jail.

STAGE ROBBER KILLED.

Refused to Throw up His Hands When Ordered by the Officers.

REDDING, Cal., Nov. 4.—Ever since the arrest of Howard and Jones for the robbery of the Redding and Alturas stage, about two weeks ago, the officers have been on the alert for the parties interested with them in helping them out. These two men were arrested near Alturas a few days ago, and in bringing them down they both got away from the officers by slipping off their shackles and jumping out of the stage, one on either side of the stage, and breaking through the woods for liberty. Since that time they have never been seen until yesterday an officer was on their track, when his horse was shot from under him. Detective Thacker has had charge of the whole matter. He at once ordered Cornelius Howard, the father of the boy arrested, and his daughter who lives with him on the ranch, brought here for safe-keeping, and placed two men in Howard's house to await developments, for he knew that young Howard would return home in the night for something to eat. He was correct in his theory, for last night about 12 o'clock, while the officers were awaiting his arrival, who should appear and knock at the door but young Howard. The officers in the house heard him long before he knocked, and they immediately blew out the lights. Howard stepped up to the door and knocked, saying: "Father! Father!" The officers opened the door, and at the same time ordered him to throw up his hands. He answered: "Go to h—l," when one of the officers fired, hitting him just above the heart, killing him instantly. Thacker is close on the track of Jones and he will be taken either alive or dead today. The man who was driving the team at the time of the arrest of Howard and Jones, is now confined in jail here. The coroner's jury, in the case of the killing of Howard, exonerated the officers. The driver of the team has made a full confession, and reported they have been in six different robberies recently.

Blackguard Tim Wept.

DUBLIN, Nov. 4.—Tim Healy is greatly disturbed by the publicity which the story of his whipping has received. He now declares that he throttled McDermott, and prevented him from striking. There are plenty of witnesses to the contrary. These witnesses heard at least fifty strokes of the horsewhip as McDermott rained the blows on Healy, while Healy danced and jumped about, yelling with pain and calling for some one to help him. Healy must be black and blue all over from McDermott's blows, and it is believed that the real reason he refused to complain against McDermott for the assault was his fear that the whole story would come out in the courts. After the horsewhipping Healy wept with vexation and pain. He has since been unable to sit down, at least in public.

A Conciliatory Message.

NEW YORK, Nov. 4.—A Valparaiso correspondent of the Herald says: "I am just in receipt of a report from Santiago to the effect that Minister of Foreign Affairs Matta has sent a dispatch to Minister Egan relative to the Baltimore affair. It is said to be couched in a conciliatory tone, and to evince in every way a desire to see that justice is done as soon as the inquiry in the city is concluded."

Weather Forecast.

SAN FRANCISCO, Nov. 5.—Forecast for Oregon and Washington: Light rains except in Southeastern Oregon.

DON'T LIKE BARRILLAS

The People of Guatemala are Determined to Change Presidents.

ARE PREPARING FOR ACTION.

Chilian Gunboats and Forts are Being Put in a State of Defense.

THE FAMINE IN MEXICO.

Preparation to Relieve the People—A Revolution in Brazil—Other News.

CITY OF MEXICO, Nov. 4.—Advices received from Guatemala says that where President Barrillas has heretofore muzzled the press and banished journalists, the most absolute liberty in writing is now allowed and newspaper men are taking advantage of the opportunity to score the government. This change of heart is occasioned by his terror that he will be deposed before his term of office expires in December. His previous arbitrary acts have made him so unpopular that should he attempt to banish another journalist a revolution would follow. Barrillas was advised by his friends and cabinet to leave Guatemala, but this he refused to do until after the election. His mode at present is simply the only means he can devise to hold the presidency until the expiration of his term. He also assured Salvador, through the lately appointed minister, that he does not desire war with that country.

PREPARING FOR ACTION.

Gunboats Being Made Ready for Service and Forts Being Strengthened.

LONDON, Nov. 4.—The latest advices from Valparaiso state that there is no diminution of the popular animosity against Americans, and that no real effort is being made to bring any Chilians to justice for the killing of the American sailors. While the American negotiations are progressing, the junta has ordered the Chilian war vessels to be ready for service, and the forts defending Valparaiso harbor are being strengthened. These steps are taken very quietly, as if with a view to avoid attracting attention. The Baltimore maintains great vigilance, and Captain Schley is evidently on the outlook for a treacherous attack. The opinion is expressed that should the situation not culminate before the 18th inst., the new president, probably George Montt, may bring matters to a settlement. Montt is believed to be the best disposed to Americans of any of the revolutionary leaders. The correspondent of the Times at Valparaiso is said to be a writer who has been noted in the past for his hostility to the United States. The Times articles continue to be the subject of unfavorable comment in London as calculated to create trouble.

A Famine in Mexico.

MONTERREY, Mexico, Nov. 4.—Patricio Mateos, the representative of Jesus Asehigo, governor of the state of Zacatecas, is here arranging for the importation of corn from the United States, for the famine-stricken people of his state. In addition to the drought, the prospect of crops in that part of the republic was utterly ruined by recent heavy frosts. There has been much feeling aroused among the citizens of the famine district over the action of the government officials in the City of Mexico assisting to raise several hundred thousand dollars for the relief of the Spanish flood sufferers, while their own condition is unnoticed.

A Revolution in Brazil.

LONDON, Nov. 4.—A dispatch received here from Rio Janeiro, Brazil, brings news of what seems to be another revolution. Congress, the dispatch says, is dissolved, and martial law proclaimed at Rio Janeiro and throughout the provinces. A cablegram announces a directorship has been established in Brazil.

Christians to be Expelled.

LONDON, Nov. 4.—A dispatch to the Times from Singapore says: "Herman Literati has issued a manifesto ordering the search and expulsion of all native Christians, and confiscation of their property and destruction of the churches. Christian native officials are menaced with disfavor at Pekin."

Result of the Cork Election.

CORK, Nov. 4.—The result of the Cork election will not be announced until midnight on Saturday, with a view to avoiding the conflicts that might arise from an announcement on the night of the polling. There are 3000 unionist voters in Cork, and they do not appear to be settled as to their course in the election.

The Australian Gold Fields.

LONDON, Nov. 4.—Diggers who have returned to Perth, Australia, from the Mirchison gold fields, report that the fields do not support more than 200 workers, and that but few of these are getting very profitable results.
