A SEVERE STORM IN ENGLAND.

A Number of Lives and Several Ships Lost—News From Chili—The Farmers' Congress.

A Treasury Statement.

NEW YORK, Nov. 11.—Secretary of the Treasury Foster, in response to an invitation, addressed a letter to the American Bankers' association at New Orleans on the operation of the financial legislation of the last congress. The secretary says the amount of silver bullion purchased with treasury notes under the provisions of the new law from August 13th, 1890 to November 1st, 1891, has aggregated 66,508,546 fine ounces, at a cost of \$1.03 per fine ounce. From this silver \$27,848,475 have been coined and the remainder is stored in the shape of fine bars in the vaults of the mints as a reserve against treasurers notes outstanding. Under the operations of this law silver advanced from 96 cents per fine ounce to \$1.21. That it has again retrograded in price is owing in part to the fact that was exercised by the treasury in the purchase of silver both as to quantity and the large amount of foreign silver attracted to this market. It is claimed by those conversant with the product and movement of silver that when the visible stock upon our market is disposed of, the monthly absorption of 4,500,000 ounces of silver by this government will have a tendency to effectually and permanently steady the price of that metal. It seems to me the act under consideration is a decided improvement upon the provisions of the act of 1878, which it repeals, in that it furnished sound currency to meet the growing wants of our country, and has a tendency to reduce the difference in value between the two metals and thus help restore equilibrium so much desired.

A Stable Full of Stock Burned.

ST. HELENS, Ore., Nov. 11.—The large barn of Connell Brothers, situated on Deer Island was totally consumed by fire this morning. The barn contained one hundred and twenty-five tons of hay, seventy cows, and ten horses. Only two horses and one cow were saved. The fire is thought to be incendiary. The total loss is estimated at \$7,500. Insurance \$2000.

Most of the horses burned were valuable roadsters sent here from Portland to be wintered. Connell thinks the fire was set by parties who had ordered off his hunting grounds. Later estimate places the loss at \$10,000.

Another Severe Storm for England.

LONDON, Nov. 11.—Last night a heavy gale set in in the south of England and Ireland, and already a few dispatches have been received telling of wrecks caused by the storm. From Hythe, on the English channel, comes a report of an English schooner, whose crew reached shore safely, but the captain and his wife and son perished. At Sand Gate the ship Ben Venus was wrecked, her crew took to the rigging, and an attempt was made by the life savers to rescue them, but the sea was too high. Another vessel is reported ashore close to where the Ben Venus went ashore.

NEWS FROM CHILI.

Will Allow the Presence of an Officer who Must Speak Spanish.

VALPARAISO, Nov. 11.—The story about the sinking of the war ship Baltimore, has been brought to the attention of the Junta and has caused much vexation. Judge of Crimes Foster who is conducting a secret inquiry into the assault upon the sailors of the Baltimore, has agreed to so far comply with the conditions named by Captain Schley, under which the American sailors are to be permitted to testify, as to agree to allow the presence of an officer from the Baltimore at the investigation, provided he can speak Spanish.

The National Farmers' Congress.

SEDALIA, Mo., Nov. 11.—The national farmers' congress reassembled at 11 o'clock this morning. Congressman Heard of Missouri delivered an address on railway transportation. This subject he declared was of "supreme importance

to the farmer, one solution of the vexed question," he said, "was found in the state railway commissions, another method of controlling the railroad corporations in the interests of the people, was through a national railway commission."

We Have Enough Heathens Now.

VANCOUVER, B. C., Nov. 11.—The lepers are now at large. Neither the government nor the Canadian Pacific would take any action, and the city council was so rash as to turn them loose. They have been rejected and driven away by their own countrymen in the portion of the city set apart for the Chinese. The people are discharging Chinese help and great uneasiness is felt. There is some talk of them striking for the American line.

Action Against the Ringleaders.

CHICAGO, Nov. 10.—The anarchists yesterday defied the authority of the United States, and District Attorney Giljennist is today preparing to proceed against the ringleaders. During the anarchists parade yesterday the drivers of the two-United States mail wagons were delayed by the anarchists and riots were narrowly averted in each case by the prompt action of citizens.

Arsenic Instead of Baking Powder.

ORANGEVILLE, Cal., Nov. 10.—Z. P. Brandon and wife died today from arsenical poisoning. A grown son and daughter were also poisoned, and the former is expected to die. The latter may recover. Arsenic was used by the family, who are amateur taxidermists, and was placed in biscuits this morning in mistake for baking powder.

Two Men Drowned.

VERMILION, S. D., Nov. 10.—Yesterday afternoon, while three men were out on the river hunting, their boat sank with them. H. Sibert and John Brinkman died soon after being taken from the water. The third man was saved. They were all considerably under the influence of liquor.

Winter Has Set In.

LONDON, Nov. 10.—Winter is commencing with unusual severity in Eastern Europe. There has been a black frost in Southern Russia, which, it is feared, will ruin the winter crops. All the mountains in Greece are covered with snow, and severe frosts have occurred.

A Cincinnati Iron Firm Falls.

CINCINNATI, Nov. 10.—The Walton Architectural Iron Works, one of the largest manufactures of the kind in the West, assigned this afternoon. The assets are \$90,000. It is estimated the liabilities are about the same. The cause of the assignment was insufficient capital.

Heavy Rain in Andalusia.

MADRID, Nov. 10.—A dispatch from Adria, on the Mediterranean, in Andalusia, states that the town is threatened with great disaster through heavy rains and incessant gales prevailing in that vicinity. Much damage has already been done the surrounding country.

Steamship Burned at Sea.

SAN FRANCISCO, Nov. 10.—A dispatch to the Merchants' Exchange this morning from London says that the British ship Wamphray from Glasgow for this city has been totally destroyed by fire at sea. All on board were saved and landed at Iquique.

Fire in a Military Barracks.

PARIS, Nov. 10.—Fire broke out today in the military barracks at Macon, in the department of the Saone-et-Loire, and 2000 rifles were rendered entirely useless and a large quantity of military stores consumed.

The Gas Main Burst.

CHICAGO, Nov. 10.—By the breaking of a gas main in the Illinois Steel Company's mills in South Chicago this evening one man was asphyxiated outright and four others probably fatally. The men were all laborers.

Two More are Dead.

WILKESBARE, Pa., Nov. 10.—Thomas Thoma and Paul Koschinski, two of the miners injured in the Nanticoke disaster yesterday, died today. It is thought two others of the injured will die.

A Whole Family Asphyxiated.

PARIS, Nov. 10.—A family of four persons was asphyxiated near St. Denis today. It is not known whether the asphyxiation was accidental or intentional.

Chicago Wheat Market.

CHICAGO, November 11.—Close, wheat, firm; cash, .95; December, .96½; May, 1.03.

San Francisco Wheat Market.

SAN FRANCISCO, Nov. 11.—Wheat, buyer, '91, 1.84½; season, 1.88½.

Portland Wheat Market.

PORTLAND, Nov. 11.—Wheat, Valley, 1.60; Walla Walla, 1.50@1.52½

Weather Forecast.

SAN FRANCISCO, Nov. 12.—Forecast for Oregon and Washington: Scattering rains.

DRUNKEN HALFBREED.

He Tries to Kill his Entire Family in a Fit of Anger.

THE MAVERICK BANK MATTER.

Its Affairs Are Not in Such a Bad Fix as was at First Thought.

HEAVY MOUNTAIN FRESHETS.

Rain and Snow are Raising the Rivers to an Unusual Degree—Terrible Suffering in Russia.

COLVILLE, Nov. 10.—Last Saturday evening, Henry Marr, a halfbreed, who lives one mile south of Colville, returned home in an intoxicated condition and commenced abusing his wife and relatives, some of whom were visiting her. Then he dealt his mother-in-law a severe blow, which felled her to the floor. One of the women present upbraided him for his brutal conduct, when he stepped into an adjoining room and returning with a loaded rifle, began shooting indiscriminately at the inmates of the house, and succeeded in wounding his sister-in-law, Mrs. Vina Fairham, in the hand, and also shot one of his own children, a baby one and a half years old, through the ankle. He was disarmed, and fled but returned to the house later in the evening. The officers were notified, and next morning Sheriff Hayden went to the house and demanded his surrender. He had fixed a trapgun for the officer, who would have been shot if he attempted to open the door. Marr finally came out and gave himself up, and was brought to Colville and lodged in jail. Physicians reached the baby in time to prevent it from bleeding to death, but the child will probably lose her foot. Mrs. Fairham's wound is slight.

THE MAVERICK BANK.

A Statement of Its Affairs Issued by Receiver Beale.

BOSTON, Nov. 10.—Receiver Beale today issued a lengthy statement of the affairs of the Maverick National bank at the close of business October 31, as shown by its books. As compared with September 25, the loans, bond accounts, cash with the reserve agents, loans to banks, and specie, had been greatly reduced. The deposits at the date of the suspension, including certificates of deposit and the deposits of banks, aggregated \$8,260,000, as against \$9,910,000 five weeks before, a loss of \$1,650,000, of which \$734,000 was a falling off in individual deposits and \$500,000 on bank deposits. Thus far everything is found to be systematically conducted, and all accounts balanced on the books. The only difference thus far announced is in adequate collateral behind the loans to the directors. There was no blanket endorsement on file, as has been stated. Today's statement is gratifying, in that it shows less than \$3,000,000 of individual deposits, outside of the deposits of banks and bankers at the time of the failure.

Mountain Freshets.

TACOMA, Nov. 10.—Continuous rains, coupled with heavy snows in the mountains, followed by warm, hinook winds have combined to produce an unusual freshet in the mountain streams, which are bank full, and in many instances flooding the lowlands. A man who came in from the Stuck valley today reports that the west approach to the new bridge over the Stuck river is four feet under water. The rivers are higher than they were last week. Much damage has already been done to vegetable gardens in all the valleys. Potatoes in the ground are rotting, and the large crop will be much reduced by the surplus of water.

KILLED BY AN ENGINE.

James Bowler, a longshoreman, was struck by an engine at the railroad wharf tonight and killed. He was about 55 years old. A divorced wife and a grown up daughter survive him. He came here a few months ago from San Francisco.

Terrible Suffering in Russia.

ST. PETERSBURG, Nov. 10.—The acts of brigandage by men rendered desperate by hunger are increasing in Russia. Hundreds of men employed in the railways in Kensem, Kourak and Varionese have plundered freight trains and marauded the country in gangs, sacking farms and mansions. The mortality among children from typhus fever and hunger is frightful. A woman at Choslanski killed her three children and hanged herself on the refusal of a rich neighbor to lend them money to prevent their starving.

A Steamship Company in Trouble.

SAN FRANCISCO, Nov. 10.—The California Steamship company filed a petition of insolvency today. The liabilities are \$64,400; assets, \$20,000.
