## FORMERLY PRESENTED

The Chilean Minister Montt and President Harrison Meet.

## THE CHILIANS WANT PEACE.

The Rumor of the Intended Seizure of the Hawaiian Islands Unfounded.

## BIG FOOT'S BAND OUT AGAIN.

They Want to Live at Pine Ridge—Fined Fifty Dollars—Seattle Wants a Convention.

WASHINGTON, Nov. 14.—Senor Montt, the Chilean minister was formally presented to the president this morning by the secretary of state. In his address Senor Montt said, "The object of the mission which the government of Chili confided to me is to cultivate and maintain the relations of peace and friendship between the United States and Chili which have ever been close and cordially."

In response President Harrison said: "The presence of a representative of the government of Chili at this capital will I hope, tend to promote a good understanding between the two governments and an early settlement upon terms just and honorable to both of the diplomatic questions now somewhat urgently awaiting adjustment. The government of the United States as well as its people particularly desire and rejoice in the property of our neighbors in this hemisphere. We hear with sorrow every fresh tale of internal strife and are always ready to give our friendly offices to the promotion of peace. If these are not acceptable it is our policy to preserve honorable and strict neutrality, as done during the recent war in Chili."

## No Grounds for the Rumor.

WASHINGTON, Nov. 14.—Commodore Ramsey who is acting today as secretary of the navy, denies positively that any orders have been sent to the United States steamer ship Charleston, in China to seize Hawaii Islands. The Charleston when last heard from was at Yokohama, Japan, and it has been the intention to have her return to the United States as soon as the Lancaster, with admiral Harmony aboard reaches the China station.

## No War in Brazil.

WASHINGTON, Nov. 14.—The Brazilian minister this morning received a cablegram from the minister of foreign relations at Rio Janeiro stating that the news of the secession of Rio Grande, or any other state is untrue, and that perfect peace prevails. Governor Costilhos resigned at the request of the people and a provisional Junta was organized. Tranquility is re-established and public opinion satisfied.

## The Shoux Out Again.

PIERRE, South Dakota, Nov. 14.—The remnant of Big Foot's band of Indians, numbering some sixty families, are in open revolt against the authority of the agent of the Cheyenne agency. The Indians have left the agency and stated that they are going to Pine Ridge agency to reside. A force of Indian police has been dispatched to bring them back without fail.

## Fined Fifty Dollars.

PORTLAND, Oreg., Nov. 14.—The proprietors of the Astorian "Town Talk," recently indicted for sending lottery matter through the mails, by the federal grand jury, plead guilty today in the United States court. They were fined fifty dollars.

BOSTON, Nov. 14.—Today's session convention of the national W. C. T. U. announced that a telegram was received last night from the governor of Washington, asking that the next convention should be held in Seattle.

## Turkish Rule in Asia.

CONSTANTINOPLE, Nov. 12.—The sultan has ordered the strengthening of the military forces in Tripoli, the only important African province still acknowledging the actual sovereignty of the porte. The Tripolitans have been con-

siderably shaken in their allegiance by the reports of the prosperity of Tunis under French and Egypt under English rule, and the symptoms of discontent have of late become alarming to the tyrannical pasha. This officer has endeavored to put down discontent by the infliction of barbarous punishments, and it is no uncommon sight in the capital to see half a dozen poor wretches impaled in the market-place. These horrors have only served to excite the popular feeling in a still higher degree. Turkish rule is in real danger, and the appearance of a French fleet would doubtless be followed by an overwhelming insurrection against the sultan's authority.

## The Resigned Ministers.

NEW YORK, Nov. 13.—The Herald's Valparaiso special says the complications that have arisen in the provincial government of Chili on account of the resignations of Minister of the Interior Irrazabal and Minister of Agriculture Walker Martinez seem in a fair way to be straightened out. As I cabled you yesterday they surrendered their offices because the dominant liberal party failed to elect conservative councillors of the state as, it is alleged, they had agreed to do. It is now reported that two of the members of the council of state intend to resign, rather than cause any political ill feeling, if this action is taken. It will create vacancies in the council for two conservatives. It is expected, in view of the concessions made to their party, that Irrazabal and Walker Martinez will resume their portfolios.

## An Attempt in the South.

BIRMINGHAM, Ala., Nov. 13.—All unsuccessful attempt to capture a passenger train from Cincinnati, on the Green & Crescent line, at Collinsville, Ala., was made last night. Fifteen men captured the station, and lay in wait to rob the train. About 1 o'clock an officer appeared and drove the gang away. Three or four returned as the train came in, and attempted to down it. The trainmen and citizens fired on them, and they fled. One was wounded and captured. The woods are being scoured for the others.

VANCOUVER, B. C., Nov. 12.—Dr. Adolph Langis, one of the best known and most popular physicians in the northwest, spent the day shooting at the butts across the inlet. While handling his rifle carelessly, a cartridge exploded, the bullet passing through the doctor's cheek and coming out at the top of his head. His chances of recovery are about even.

## In Balmaceda's Footsteps.

VALPARAISO, Nov. 12.—A report has just reached here from Santiago that Pedro V. Grandillas has shot and killed himself at his hiding place, on a farm in the mountains in the vicinity of the capital. He was Balmaceda's minister of agriculture in the first cabinet formed by the dictator. The cause of suicide was fear of persecution on the part of the junta. He did not dare to stand trial.

## No Trouble in Brazil.

BALTIMORE, Nov. 14.—Telegrams touching on the political disturbance in Brazil are given little credence by the large Baltimore coffee house. Root Levering is in receipt of cables from there positively denying the existence of any trouble in Rio Grande Do Sul.

## A COLLISION AT SEA

A Mexican Coasting Steamer Sunk With all on Board.

## NAME OF THE VESSEL UNKNOWN.

The Other Steamer in Collision Puts into Port for Repairs.

## VIOLATING THE INTERSTATE LAW.

Reciprocity with the British West Indies Spanish Anarchists Celebrate—The World's Fair.

NEW YORK, Nov. 13.—A cable was received here late yesterday that the steamer Ciudad Condal, of the Spanish transatlantic line, had come into collision with a Mexican coasting steamer. The coaster sank with all on board and the Ciudad Condal put into Progress for repairs. The agents of the steamer in this city, J. M. Cimballis & Co., said they knew nothing of the collision until told about it by a reporter. They were very much surprised to hear of the disaster. Consul-General of Spain Topete received a cablegram from Havana in which the above facts were corroborated. Ramon V. Williams, the Mexican vice-consul, said such an accident had happened. After consulting several lists and books he concluded that the coaster reported sunk was one of these three vessels: Tabasco, Phoenix, or the Conception. The report of the accident spread in Spanish-American business circles, and many persons who have friends or relatives on board the vessel, were busy telegraphing for information. The general belief is that the night was foggy. The Ciudad is of English build, and carries a crew of seventy men.

## Grecian Conspiracy Discovered.

PARIS, Nov. 12.—L'Eclair, of this city, publishes a dispatch from Athens which contains information of startling importance. In substance the correspondent of L'Eclair states a conspiracy was discovered in Athens, with ramifications in other portions of the kingdom, having for its object the overthrow of the present ruling dynasty of Greece. Among the prominent men said to be desirous of overthrowing the government of King George, is Tricoupis, a well-known Greek statesman, who at one time held the position of prime minister of the kingdom.

## Violating the Interstate Law.

CHICAGO, Nov. 13.—The investigation of the alleged violations of the interstate commerce law by the railroads, giving special freight rates to the big packers at the stock yards, was begun by the Federal grand jury today. The manner in which these rates were given was shown to be by a clever system of rebates, the full legal rate being charged up to the firm, but a discount allowed after the bills were paid. In this manner the heavy shipper got from 1 to 2 cents lower rate than the small shipper. The investigation will be continued tomorrow.

## Reciprocity With the British West Indies.

WASHINGTON, Nov. 13.—Sir Neville Lubbeck, who has been sent to Washington to negotiate a reciprocity treaty between the United States and the British West Indies, called on Secretary Blaine today and was introduced to the secretary and other officials of the department by Sir Julian Pauncefote, the British minister. Sir Neville and John W. Foster, representing the state department, had a conference this afternoon on the subject of reciprocity.

## About the World's Fair.

HARRISBURG, Pa. Nov. 12.—The state world's fair commission this afternoon considered petitions for various religious bodies against the opening of the fair on Sunday. Secretary Wright moved that the managers of the fair be notified that the Pennsylvania board favored closing the fair on Sunday. After much discussion this motion was voted down, 19 to 13, and the question was referred to the executive committee.

## Mexican Revolutionists Routed.

LAREDO, Tex., Nov. 13.—Garzi, the revolutionist, it is now learned, entered Mexico again, a few days ago, with a band of men. This morning the commander of the Mexican troops in New Laredo, received word that the Mexicans met Garza and his gang at Laguna, Neugena, routed them and were pursuing the remnant of the party.

## Indemnity for the New Orleans Lynching.

ROME, Nov. 12.—The Italia says that it understands that the United States government has recognized its responsibility for the breach of international law in the New Orleans lynching affair, and the only question is the amount of indemnity to be paid by the United States.
