### THE REPUBLICAN COMMITTEE

Meet At Washington—Fonseca Resigned to Save Trouble—Marriage in High Life.

**BUFFALO, Nov. 23.**—A special from Jamestown says: The old homestead hotel burned this morning. The flames cut off the escape by the stairways and the guests lowered themselves from a second story window. Three servants and one child were burned to death.

The fire broke out in the kitchen of the old homestead hotel, a three story brick structure at an early hour this morning, and the whole building was soon in a blaze. It is rumored that several persons were in the burning building. As the fire was driven back the firemen penetrated into the structure and as they reached the second story they found at the foot of the stairs leading to the floor above, the burned body of Maggie Wilson, a waiter. Mrs. Buchanan, pastry cook, with her son and Mrs. Marsh, dishwasher, was found dead in the room above, having been suffocated. Several other inmates escaped from the hotel in their night clothing, not having time to dress. The financial loss is small.

### In Danger of Choking to Death.

**NEW YORK, Nov. 23.**—As a result of the big break in the conduit in East New York Saturday afternoon in which four men were killed, Brooklyn is on the verge of a water famine. There is scarcely enough water in Ridgewood reservoir to last even with the utmost care, over twelve or fifteen hours. The situation will be serious by this afternoon, unless something is done before then to remedy it.

All the great industries of the city will be at a standstill for at least one day, as all the factories using water have been ordered to shut down. All the fires under the boilers at the Brooklyn navy yard have been drawn and work is entirely suspended. Water is shut off from boilers in all the hotels and office buildings. Not an elevator in the whole city is running.

Before noon a fire broke out in a three story and basement brown stone house. The firemen had no water and the report came in that they are tearing down the houses to prevent a spread of the flames.

The following programme is proposed by the council of state: To rehabilitate Chilean finances gradually, and at the earliest time advisable to retire the issue by Balmaceda of \$21,000,000 of paper; also to repay the banks the \$9,000,000 obtained in forced loans by Balmaceda, and authorize President Montt to issue \$30,000,000 bonds for the purpose of retiring the above paper and paying the banks, the government bonds to bear interest at 5 per cent and all paper issued prior to 1891. The reduction is to go on until it reaches \$18,000,000, and the government is to withdraw fractional metal coins, which are now only 2 per cent of silver. ### A Lively Time at a Dance.

**LEXINGTON, Ky., Nov. 22.**—A quarrel which broke out among the attendants of a dance given at the home of John Thomas near Donersel last night, developed into a fearful battle.
