## FIGHTING IN CHINA.

An Entire District Devastated by a Band of Robbers.

HUNDREDS OF PEOPLE KILLED.

The Hunger-Stricken Russians Are Becoming Desperate.

ARRANGING FOR THE CONVENTION.

The Russian People Want the Government to Furnish Grain—Melbourne thinks of Retiring.

PARIS, Nov. 25.—A dispatch received here from Pekin confirms the statement that well armed bands have devastated a whole district in the Northern part of China, and that they have pillaged and burned the Belgian mission stations at Tayatt and Sanchi where over a hundred converted natives were massacred by the bloodthirsty bands. The station at Gehol was sacked and burned. The priest in charge of the mission, a Belgian by birth was killed by the mob and several other Christians were also massacred. The natives had heretofore been quiet and there was no sign in the district that a revolt was meditated.

It may here be stated that the local governor in his report of the occurrence to the Pekin government, does not place the blame upon the natives of the province, but attaches the responsibility for the crimes to bands of Mongolian robbers who he says made a raid through the district and the general government has taken steps to prevent any further outrages on foreigners or native Christians, all the troops available were dispatched to the scene of the disturbances.

### The Situation in Russia.

ST. PETERSBURG, Nov. 25.—News from the famine-stricken districts of Russia does not in the least degree detract from the horrors of the situation which now confronts thousands of the czar's subjects. The area affected by the famine is equal in size to nearly half the area of the United States and its population is more than 4,000,000. The government is taking most energetic measures to help the sufferers. The hunger-stricken peasants are daily becoming more lawless and acts of brigandage are occurring more and more frequently.

### To Make Arrangements.

WASHINGTON, Nov. 25.—Chairman Clark and Secretary Passet of the national committee held a conference today with the citizen's committee of Minneapolis and practically agreed upon a meeting at Minneapolis some time in December of a sub committee from the national committee to confer with the citizens of Minneapolis as to arrangements for a hall and of preliminaries in regard to holding the convention.

ST. ### Luckily no one Was Hurt.

PITTSBURG, Nov. 24.—A trunk containing dynamite exploded this evening

in the baggage car of the mail train on the Pennsylvania road, as the train was passing Irwin. The explosion wrecked the trunk and tore a hole in the ceiling of the car. A baggage man accidentally dropped another trunk on the one containing dynamite. The trunk was shipped from Phillipsburg, Pa., by Michael Gody, a Hungarian, and was bound for Cambridge, Ohio. He and his wife was arrested at Pittsburg, and he at first denied the trunk was his, but when confronted with a picture of his wife, found in the wreckage, he gave in. He refused to explain why it contained dynamite and was locked up.

### An Attempted Train Robbery Foiled by Timely Warning.

SAN FRANCISCO, Nov. 24.—Particulars of a bold attempt at train robbery have just come to light. Last Saturday, a little after 8 p. m., the Los Angeles express stopped at Pixley, Cal., on the way south. When about to start again, the trainmen were warned that three men, masked and armed, were waiting in the shadow of the tank house, just beyond the depot. They had been loitering about during the afternoon, and were seen at the last minute by some Chinese, who gave the alarm. The train was backed some distance and then ran by the ambush at a very high speed. No clue to the robbers has been found as yet.

Some day during the meeting there will be a \$50,000 stake for stallions, in which no entrance fee will be charged. Phillip Wright had a piece of his thigh torn out and Michael O'Brien was injured in a similar manner. These were the most seriously hurt.

## A PECULIAR ACCIDENT.

A Little Boy Killed by his Playmates at Spokane.

A FAMILY FROZE TO DEATH.

While Trying to Cross a Range of Tennessee Mountains.

EXPERT CRIMINAL CAUGHT.

He is Supposed to be Wanted in Colorado—The Salton Sea is Drying up Again.

SPOKANE, Nov. 24.—The six-year-old son of Max Bollock was killed today in a peculiar way. Some boys at Franklin school were playing zip sticks. One of the sharp skewers flew into the air and struck the little boy in the windpipe. He staggered toward his teacher and fell dead in the hallway. Several children who witnessed the accident which cost little Eugene Bollock his life say he was returning from lunch at noon, when several boys were engaged in the game of "zip sticks." The game is played with two sticks. One about five inches long, sharpened at each end, is placed in a hole made in the ground and causing it to fly in the air, the trick being to strike it before it reaches the ground. As Eugene passed the stick was struck by one of the boys, and in flying it struck him in the windpipe. The little fellow immediately started to find his teacher, and got as far as the hallway, when he fell to the floor. His teacher's first impression was that he had fallen in a fit, but when she unbuttoned his shirt collar to help him breathe freely she noticed a small blue mark on his throat. On learning what had happened several doctors were summoned, who arrived as soon as possible, but it was too late. In about half an hour from the time he received the hurt he was dead.

### A Family Frozen to Death.

KNOXVILLE, Tenn., Nov. 24.—It is said that an immigrant train, consisting of thirty-three people, on the way west met with a snow blockade in the Chilhowie mountains. The men, women and children, with the exception of a farmer named George Akers, who was somewhat intoxicated, went into camp Sunday. Akers persisted in going on through the storm and said he would not stop until he reached the mountain top. Monday morning, when the other members started from Knoxville they traced Akers and his wagons a few miles and then lost all track of him. The supposition is that the fool-hardy man and his family lost their way and rolled into the river or fell into some deep ravine and were frozen to death.

### An Expert Criminal.

DENVER, Nov. 24.—Inquiry of the chief of the Denver detectives discloses the fact that J. F. Coyler, arrested in San Francisco, is believed to be Charles Ardine, alias Little, alias James Moore, who pleaded guilty on the 7th of last March to forgery, and was sentenced to three years in the penitentiary. During the morning of sentence he slipped his handcuffs, walked out of the courtroom and was seen in Denver no more. His plan was to forge a check, go into a large building, lay aside his coat and rush into an office and say a certain man wanted the check cashed. There are yet sixteen indictments against him. His description was sent to San Francisco today.

### The Salton Sea Drying Up.

LOS ANGELES, Nov. 24.—A gentleman who arrived from Salton yesterday said: "The Salton lake is fast drying up, the water having receded to such an extent as to show very clearly the old locomotive which was submerged at the end of the railroad spur near the salt works. This is three miles south of Salton sea. The spur to the mines has been partially rebuilt, and will be completed in a few days. A great stretch of desert, which was submerged, is now dry, and is covered with a glistening coating of salt. The salt company will resume operations very soon, taking chances on the waters coming in again at the high-water season next year."

### A Volcanic Eruption.

SAN FRANCISCO, Nov. 24.—Passengers aboard the steamer China, which arrived here this morning, report that at about 7 o'clock on the evening of November 3rd, the China was passing the Aleutian Islands in Van Diemen straits when suddenly the island of Suco seemed all ablaze and flames and lava shot up a distance of 800 feet in the air.

### English Minister to France Dead.

PARIS, Nov. 24.—Edward Robert Bulwer Lytton, Earl of Lytton, and British ambassador to France, died suddenly today from heart disease.
