WERE SHORT ON CORN.

Assignment of a Large New York Firm,
Caused by High Prices.

DOES NOT EFFECT THE MARKET.

Wanted to Suspend the Corporal From
From Active Service.

DISHONEST OFFICIALS CAUGHT.

The Condition of the Weather in the
East—The Texas Alliance
Draws Out.

New York, Nov. 27.—Edwin M. Field, Daul Levdey, John Frederick, Weichers and Herman, C. Helms, composing of the firm of Field Lindley Weichers and Co., bankers and brokers, assigned today without preference.

The failure was announced on the produce exchange at noon, but the grain market was only slightly affected. The house is an old one, but has lately been somewhat restricted in its dealings. The failure is attributed to the rise in corn at New York and Chicago. It has been protecting some large lines of corn from S. V. White deal and had been on the short side of the November market, and a few days ago had to cover 500,000 bushels. Just how much of an amount the firm will find itself unable to pay is not yet clear. The grain markets is only slightly affected by the failure. The head of the firm is a son of Cyrus W. Field. The firm was rated at \$750,000 to \$1,000,000.

Wanted to Suspend Him.

LONDON, Nov. 27.—Intelligence was received today from Aldershot, where is situated the great military barracks, that the privates of the second battalion of the prince of Wales Westminister regiment, had attempted to hang a corporal who had taken advantage of a little authority to make life unpleasant for the private by petty tyrannies. Their complaints to the higher officers were not noticed, and so angry did they become that they at length seized the corporal and suspended him in the air. After hanging a short time the corporal was discovered and cut down by a sergeant and he was resuscitated after considerable effort.

Dishonest City Officials.

SAN FRANCISCO, Nov. 27.—It is understood that the grand jury will today indict assessor John D. Siebe city and county attorney John A. Durst and street Superintendent James Gilleran and that an application will be made to Judge Wallace to declare the positions held by these officials as vacant. It is alleged that the assessor and city attorney have made illegal and unwarranted reductions in the assessment rolls and that the street superintendent has been exacting a percentage of the wages of his employees.

Conditions of the Weather.

WASHINGTON, Nov. 27.—The storms of last night off the Atlantic coast and over Lake Huron joined as one single deep storm over Maine. It has been decided that the storm waves were from Montana and developed over Iowa. Snow or rain is falling in Northern New England thence to the Ohio and Missouri valleys, and northward. Continued unsettled weather may be expected to prevail while the storm is moving over the lakes and down the St. Lawrence.

The Texas Alliance Draws Out.

CORSICANA, Texas, Nov. 27.—The Texas state farmers' alliance adopted a resolution appointing twenty-five delegates to represent Texas at the Memphis, Tennessee, convention. Resolutions condemning the action of the supreme council at Indianapolis and proposing to sever all connection with the "Defacto Nall alliance, for a separation of the organization with an entirely new set of officers, were adopted.

Still in the Corner.

CHICAGO, Nov. 27.—The corner in November corn is still on but attracts little attention.

An Election Bet Killed Him.

WAYNESBURG, Pa., Nov. 26.—John Dougherty, an oil well driller, died last night from pneumonia. Mr. Dougherty was a democrat and he made a bet with a republican that Campbell would defeat McKinley for governor of Ohio. The loser was to climb to the top of an oil derrick, seventy-two feet high, and remain there from 6 in the morning until 6 in the evening. Dougherty mounted the derrick last Saturday morning, and although the rain poured down all day he did not flinch. When he came down at night he was cramped and weak. On the following day violent pneumonia set in, brought on by the exposure, and his death resulted.

A Water Famine in Maine.

BANGOR, Nov. 26.—The farming community of eastern Maine is suffering severely because of a lack of water. The failure of brooks and streams on account of a long drought will cause a loss of thousands of dollars to lumbermen. Unless rain comes speedily and in large quantities no ice will be cut on the Penobscot river. All the water flowing past the ice privileges is salt, and it will take a week of rain to effect it ever so slightly. Millions of trout in northern Maine have perished, owing to the drying up of the streams.

The University of Glasgow.

GLASGOW, Nov. 26.—Right Hon. Sir Arthur Balfour, first lord of the treasury some time ago elected to the rectorship of the university of Glasgow, was installed today. A brilliant assemblage was present, including professors of the university and many men well known in the literary and social world. Balfour received an ovation from the students.

Sunken Cruiser to Be Raised.

VALPARAISO, Nov. 26.—The government invites bids for raising the warship *Blance Enculada*, which was sunk by Balmaceda's torpedo-boats, in the harbor of Caldera. The ship's guns are valuable, and may be easily made good if proper appliances are used.

An Expected Failure.

WILMINGTON, N. C., Nov. 27.—The Clinton Loan association at Clinton, Simpson county, has suspended. It was a small state banking company with a capital of \$50,000 and has been known to be a shaky condition for some months.

WHOLE FAMILY DEAD.

A Strange Fatality that Exterminated
an Entire Family.

EIGHT DEATHS IN SIX WEEKS.

Accidentally Killed Her Child While
Chopping Wood.

A DARING FEMALE MARSHAL.

The Cruiser Baltimore Ordered North
---Killed by an Election Bet---
Will Raise the Cruiser.

CHADRON, Neb., Nov. 26.—The death of Charles Barnett, a farmer aged 40 years, living about four miles south of here is the end of a chapter of fatalities which is out of the usual run. Ten weeks ago the Barnett family numbered eight people. They were Charles and his wife and five children and Miss Martha Barnett his sister. One after another of these have all died, and today not a soul remains of the family. The youngest, a child was the first to be taken. Diphtheria, in a malignant form, attacked the babe, and it died within two days, followed by the next child with the same disease one day later. The other children were attacked but all recovered with the exception of the eldest, who was slow in convalescing. He took cold just when it was thought he was getting well, and died. The next day one of the remaining children fell from the top of the barn, and when found its neck was broken. On returning from the funeral the team ran away and threw Mrs. Barnett and her sister-in-law from the wagon, killing the latter instantly and inflicting such injuries on the former that she died three days later. Two weeks ago the remaining child was trying to light a fire, when her clothing caught fire and she was so badly burned that she died. A week ago Barnett was working in his stable, when he received a kick from one of his horses, from the effect of which he died the next day, his death completing the round of fatalities and finishing putting the family out of existence. He had no known relatives. The farm reverts to the state unless there can be found some other members of the family.

A Child Accidentally Killed.

VINELAND, N. J., Nov. 26.—At Alliance, a small Hebrew settlement six miles from this place, Mrs. Hershkivsky went to the woodpile Monday and began to chop wood. She had half completed her task when her 3-year-old daughter, who was playing near, ran in front of her mother just as she was swinging her ax. The blow struck the child fairly on the head, laying open the brain. The mother carried the child into the house and tried to staunch the flow of blood, and a physician was at once called to dress the wound. He could plainly see the pulsation of the brain, and some of it oozed out. The child retained consciousness for some time after she was hurt. She is reported to have died last night, twenty-eight hours after the accident.

A Daring Female Deputy Marshal.

MUSKOGEE, I. T., Nov. 26.—Mrs. Fanny Miller, a United States deputy marshal, is the heroine of the territory. She recently accompanied her cousin, Deputy B. C. Cantrell, on a hunt in the Cherokee mountains for Fagan and Kinslee, the noted cattle thieves. Mrs. Miller was riding along, when, to her surprise, she came face to face with Fagan, whom she covered with her pistol and placed under arrest before he realized the position. Kinslee's hiding-place was also found, and in securing his arrest several shots were exchanged. Mrs. Miller also arrested the Warren brothers, noted whiskey peddlers. She is thirty-one years old, weighs 135 pounds, and associates with the best people.

The Cruiser Baltimore Ordered North.

WASHINGTON, Nov. 26.—Captain Schley, of the cruiser *Baltimore*, will receive in a few days orders from the naval department authorizing him to proceed north with the *Baltimore* immediately upon the arrival of the *Yorktown* at Valparaiso, instead of waiting for the *Boston*. The *Yorktown* should reach Valparaiso by December 1st. This decision to hurry the *Baltimore* north is the result of a telegram from Captain Schley, calling attention to the serious condition of the bottom of that vessel. Divers who were sent below report the paint off in many places, and the plates thus exposed are badly corroded and pitted by action of the salt water.

A Failure in Berlin.

BERLIN, Nov. 26.—Berlin was startled today by the failure of the Berlin Banking and Exchange company. The police closed the head office and branches.
