Five years ago Rev. Hugh Pentecost drove him to a Unitarian pulpit; then he became an agnostic. Our understanding of an agnostic is a man who doesn't know; doesn't deny or affirm; simply doesn't know. From an agnostic Pentecost became an atheist. From atheism he flung himself into anarchy, and was an anarchist in Chicago. As anarchist he was the editor of the Twentieth Century. Now he announces that he will cease to be an editor and will be a lawyer. The interesting ques-tion arises in Pentecost's career, "What next?

J. E. Eldredge, of the government works at the Coos bay jetty, had a novel and thrilling experience last week which he will not soon forget. He was shooting in the vicinity of the ponds on the sand hills when a large flock of pelicans came trooping in. The bird is quite a curiosity and is not a very frequent visitor in that locality, so Mr. Eldredge secured two or three with shots from his gun, and one of them, which he picked up was not dead, but screamed pitifully. On hearing the cries of their wounded companion, the whole flock shrieked like a band of fiends, came down upon the astonished sportsman, tried to bite him with their long bills. which look night from a short visit to California. The Oregon hog crop bids fair to be short this year. ## A Favorite Remedy.

Chamberlain's Cough Remedy is a favorite during the winter months on account of its great success in the cure of colds. There is nothing that will loosen a severe cold so quickly, or as promptly relieve the lungs. Then it counteracts

any tendency toward pneumonia. It is pleasant and safe to take, and fully worthy of its popularity. For sale by Snipes & Kinersly, The Dalles, Or. d-w
