We started early in the morning and made for a point called Chase's Landing, about five miles distant from camp, Charley carrying a dinner bucket and warer flask. We had reached a flat where there was a pretty dense covering of hazel brush and thicket when we spied, the first time I had been so near a live bear in its native jungle and you bet I began to get mighty weak about the knees. Presently Charly said 'I'm going to shoot, and if I should happen to miss her you must look out for yourself.' It was no sooner said than he let fly and the shot evidently took effect but not seriously and the next instant the bear came lumbering down the hill towardsus as fast as her heels could carry her. We lost no time, you may be sure, seeking the safety of two friendly fir trees which we hastily climbed, taking the precaution of bringing our guns with us. The two trees were at convenient speaking distance and the bear had taken to the tree that Charley had climbed, but the brush was so thick around the root of Charley's tree that I could not get sight of the bear. There Is None Better

Dr. R. L. St. John of Howland, Put-nam county, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. A Favorite Remedy.

Chamberlain's Cough Remedy is a favorite during the winter months on account of its great success in the cure of colds. There is nothing that will loosen severe cold so quickly, or as promptly relieve the lungs. Then it counteracts any tendency toward pneumonia. It is pleasant and safe to take, and fully worthy of its popularity. For sale by Snipes & Kinersly, The Dalles, Or. d-w

An Old Adage..

There is an old adage: "What every body says must be true." Henry Cook, of New Knoxville, Ohio, in a recent letter says: "Chamberlain's Cough Remedy has taken well here. Everybody likes it on account of the immediate relief it gives." There is nothing like it to loosen and relieve a severe cold. For sale by Snipes & Kinersly, druggists. dw
