The Democrats in the Speakership Race.

WASHINGTON, Dec. 5.—A caucus of democratic congressmen met at two o'clock this afternoon to consider the question of speakership. There was present 227 representatives. A roll call showed the presence of all the democratic members except seven, and the first trouble came with the question as to how the voting should proceed, by secret or open ballot. The question was referred to the committee on rules, consisting of one member named by each candidate. The committee recommended an open ballot, which report was subject to the caucus, and was adopted.

Russell Sage Recovering.

NEW YORK, Dec. 5.—Russell Sage is looking bright and cheerful this morning and will be all right again in a few days. The men who were injured by the explosion yesterday are doing well. Sage said no bonds were lost, the only loss will be by the destruction of the office and furniture. Inspector Byrnes is exerting himself to try and locate and identify the bomb thrower. The entire detective force of the city is put on the case.

It is now believed to be an undisputed fact that only two people were killed, the bomb thrower and E. F. Norton, Sage's private secretary.

Thirty People Drowned.

NEW YORK, Dec. 5.—Nothing definite is yet known as to the number of lives lost by the barge disaster in the Hudson last night. It is known that 30 persons were saved, but no two stories are alike as to the number of people on the barge at the time they capsized. It is believed that at least thirty lives were lost. A dispatch from Haverslaw, states that only two lives are lost by the disaster last night. All on board the barge is accounted for.

Utah will also be an applicant for admission but the lingering traces of Mormonism will probably keep her out. It is quite probable that there will be no opposition in either house to the admission of New Mexico and Arizona if they are not to vote for president next fall.

RENO, Nevada, Dec. 5.—An incendiary fire occurred this morning in a place known as Gilmore gardens and William Hedges, thirty-years of age, was burned to a crisp. His skull was found fractured and foul play is suspected. A man named Jack Savage has been arrested as the incendiary.

Several of the unions in other trades, in demanding eight hours, will concede a small amount in wages. The granite-cutters will easily carry their point, one large firm having already conceded the eight hours. Officers of the federation say they do not expect any trouble, and that by spring the eight-hour rule will be general in Baltimore.

From Central and South America.

CITY OF MEXICO, Dec. 4.—The Brazilian government has decided to retain its legation here. President Peixotto has ordered Signor Alvin to remain at his post. ONE OF THE ROBBERS KILLED.

A Buffalo, N. Y., Young Man Married to Save His Life.

THEY DID NOT LIKE BRAZIL.

Russian Refugees Not Satisfied With South America--In Favor of Using Silver--Noblemen Snubbed.

CHICAGO, Dec. 4.—Developments in the Gardner, Ill., bank robbery reveal strange stories of the manner in which McAdam and Boye, two doctors, now living in the county jail at Morris, charged with attempting to crack the box of Banker Lutz on the night of November 20, were captured in the very act. The charge is made that Jack Kehoe, a Chicago-detective, William Twining, a relation of Banker Lutz, and R. H. Fryer deliberately entered into a scheme to induce McAdam to commit a felony for the purpose of securing Banker Lutz' promised reward. It is claimed that Twining approached Dr. McAdam with a proposition to rob Lutz' bank. McAdam fell in with the scheme. Twining introduced Fryer to McAdam as "Jack Ryan, an expert crackman." The night of November 20 was fixed upon for the commission of the crime. Dr. McAdam and "Ryan" entered the store in which the bank is located, while Twining remained outside as guard. While at work on the vault door, Twining suddenly called on McAdam to surrender. There was a shot or shots, and McAdam fell bleeding on the floor, with Officer Kehoe and a number of citizens standing around him.

Had to Marry or be Killed. BUFFALO, N. Y., Dec. 4.—A strange wedding was celebrated at Fredonia, N. Y., this afternoon. For some time George White, a young man of the village, has been paying attentions to Hattie Hill, a pretty young daughter of Charles Hill. White called at the girl's home this afternoon, and Mr. Hill asked him the nature of his intentions. Some words followed. The irate father demanded that he marry the young woman at once. White refused; then Mr. Hill sent for a clergyman, and when he arrived the angered father pointed a revolver at White's head and exclaimed: "You may take your choice; marry my daughter or have your brains blown out." White quickly agreed to the former proposition.

Russian Refugees from Brazil.

NEW YORK, Dec. 4.—Among the passengers by the steamship Oregon, which arrived in Brooklyn yesterday from Brazil, were thirty Polish and Russian Hebrew refugees, and several of them were accompanied by children. They say they were induced to go to Manaus, Brazil, from Russia by promises from the Brazilian government. When they reached the South American republic they found that the soil was practically worthless, and to add to their trouble, fever and other climatic diseases broke out among the party and several died. The government finally aided them to come to America. One of the passengers is destitute and he has five children. His wife died at Para, Brazil.

In Favor of Using Silver.

NEW YORK, Dec. 4.—A Washington special correspondent telegraphs thus: "The expression of Goschen, chatteclor of the exchequer, in favor of the enlarged use of silver by the Bank of England causes great satisfaction at the treasury department. It is regarded as a direct result of the effort which Secretary Foster has been making through Seligman and other American bankers to secure a candid consideration of the silver question by the European governments. Communications received at the treasury department indicate a strong feeling in France in favor of the enlarged use of silver, which will probably receive fresh stimulus from the declaration of Goschen."

Snubbed By the Czar.

LONDON, Dec. 4.—The Chronicle's St. Petersburg correspondent says the czar has refused to receive the deputation of noblemen desiring to present an address asking him to grant a constitution to Russia. Many nihilists are being arrested daily in Russia.
