THE ENGLISH IDEA OF IT

A Few Remarks by the Leading English Papers on the Message.

A FEW BILLS INTRODUCED.

There Will Evidently be Plenty of Work for the 52nd Congress.

A DEEP SEA CABLE PRACTICABLE.

Want Congress to Close the Exposition on Sunday—A Verdict for \$11,000 Damage.

LONDON, Dec. 10.—The St. James Gazette in commenting today on President Harrison's message says: "The most important point in the document is that part which has reference to the result of the McKinley tariff. The figures presented," the Gazette declares, "compare significantly with British figures, which remain stationary. The calculations of the supporters of the McKinley bill are working out much better than any one in England expected." The Globe sarcastically comments on the message, which it says was adroitly traced to catch the voter. The Globe disputes the statement made in the message that the prosperity of the United States is entirely due to the McKinley bill. On the contrary it says the prosperity of this country is the exceptional harvest there at the time when Europe is short of grain.

A Few Bills Introduced.

WASHINGTON, Dec. 10.—Among the bills introduced into the senate today was one by Stewart to provide for the free coinage of gold and silver bullion. This bill was laid on the table. Stewart can call it up at any time. A bill to authorize the sale of mineral lands to aliens, to authorize the construction of a railroad in Alaska, and to amend the Chinese exclusion act, to transfer the revenue cutter service to the navy department, to punish officers for summoning jurors with reference to their political or religious affairs.

A bill was introduced by Cullom to suspend the coming of Chinese laborers to the United States, also to reduce letter postage to one cent. And also providing for an income tax to pay pensions and to prevent the summary cancellation of pension certificates and to establish postal saving banks.

By Wolcott—to provide for the coinage at the branch mint of Denver, and to appoint a commission to devise a patent law and to amend the constitution so as to provide for the election of senators by the people.

The Laying of the Cable is Practicable.

HONOLULU, Dec. 10.—The United States steamer Albatross arrived here on the 21st inst. and is expected to remain in port about two weeks, when she will make a second survey on her return trip to San Francisco. Lieutenant Tanner states that there is no reason why, in his opinion, a cable could not be laid. There would be several difficulties to overcome, but only such as are usual in laying deep sea cables. The greatest depth reached was 3,100 fathoms, the average depth being about 2,500.

Want the Fair Closed Sunday.

WASHINGTON, Dec. 10.—Among the documents laid before the senate and referred were the annual reports of the secretary of the treasury and many memorials asking legislation for closing the world's fair on Sunday. Among the bills introduced and referred were the following: To prevent food adulterations; to provide for better enforcement of the quarantine laws, and to establish a national board of health.

Not a Bad Kind of Accident.

PORTLAND, Dec. 10.—In the case of Grace Isaacs versus the Southern Pacific company, to recover \$31,000 damages for injuries sustained in the Lake Lehigh disaster, November 12, 1890, the jury this morning brought in a verdict awarding the plaintiff \$11,000. The defendants were given ten days to file a motion for a new trial.

Trying to Breed Trouble.

LONDON, Dec. 9.—The Times today publishes a dispatch from its Santiago de Chili correspondent stating that insulting notes written to the government by United States Minister Egan and his own telegrams to his government have caused a proposition to be made that Chili suppress her legation at Washing-

ton. This proposition was discussed at a meeting of the finance committee of the house of representatives last night, but the government declined to support the proposal.

Will Be Dealt Fairly With.

NEW YORK, Dec. 9.—A Valparaiso special says General Valasquez, who was minister of war under the Balmececa regime, and who upon the fall of Valparaiso sought a temporary refuge in the German legation, left that asylum some time ago and has since been in hiding. He surrendered himself to the military tribunal yesterday, after having received guarantees from Intendente Lira, of Santiago, that he would be dealt with fairly.

The Cleveland Theatre Destroyed.

CLEVELAND, Dec. 9.—The Cleveland theatre was destroyed by fire this morning, entailing a loss of \$75,000. The flames started in the basement shortly after 6 o'clock, and had gained considerable headway before discovered. Kennedy's "White Slave" company, playing a week's engagement at the theatre, suffered a loss of about \$10,000.

A Wisconsin Town Destroyed.

NEW RICHMOND, Wis., Dec. 9.—A large portion of the business part of the city was wiped out by fire last night. The loss will aggregate about \$100,000, with \$40,000 insurance. Fire engines from St. Paul saved the city, as it is without fire apparatus.

Storm Still Raging.

LONDON, Dec. 10.—The gale which set in last night is still raging. It has already done a large amount of damage and has been attended with a large number of accidents. A number of small coasting vessels are reported lost along the south coast of England.

A Scarcity of Fuel.

MACON CITY, Iowa, Dec. 9.—It is stated that there is not a week's supply of coal in the hands of the dealers in Iowa, Dakota, Minnesota, Illinois, Kansas or Nebraska, and the miners are working on half time because of the scarcity of cars.

Chinese Preparing for War.

LONDON, Dec. 9.—Advices are received from Rangoon, a town of India and capital of British Burmah, stating serious trouble is apprehended, as the Chinese across the river are strengthening their posts. The authorities have dispatched reinforcements.

Committed Suicide.

PORTLAND, Or. Dec. 9.—In the case of Mrs. Stephenson, who suddenly died at Troutdale yesterday under suspicious circumstances, the coroner's jury today rendered a verdict that the death was due to poison taken with a suicidal intent.

To Satisfy Mr. Quay.

BEAVER, Pa., Dec. 9.—The grand jury of Beaver county today in the case of United States Senator Quay against the Beaver Star for criminal libel found a true bill against that paper.

Laid Before Congress.

WASHINGTON, Dec. 10.—President Harrison today sent to the senate a list of appointments made during the recent congress which require confirmation. There were about 75 in all.

A Serious Calamity.

SAN FRANCISCO, Dec. 10.—The latest advices report the loss of life by the late earthquake in Gifuken, Japan, as 5,173 killed, 6,527 wounded, and over 45,000 houses demolished.

Must Settle With France.

PARIS, Dec. 9.—The French government has demanded reparation of Brazil for the killing of twelve Frenchmen at the time of the recent uprising.

Killed By an Explosion.

PITTSBURG, Dec. 10.—By an explosion of hot metal at Lucy furnace this morning two men were killed and three others seriously burned.

Weather Forecast.

SAN FRANCISCO, Dec. 10.—Forecast for Oregon and Washington: Light scattering rains in Western portion.

Chicago Wheat Market.

CHICAGO, December 10.—Close, wheat, cash: December, .92½; January, .93½; May, .98½@¾.

Portland Wheat Market.

PORTLAND, Dec. 10.—Wheat, Valley 1.65; Walla Walla, 1.60.

San Francisco Wheat Market.

SAN FRANCISCO, Dec. 10.—Wheat, Season, 1.90.

The hundred papers received in this office, from all parts of the northwest, and of all shades of political belief, are almost unanimous on one point: That Joseph Simon is grossly unfit for the position to which rumor has assigned him—the vacant circuit judgeship.—Astorian.

WORK OF THE FLAMES.

Two Fires in Louisville, Ky., Cost a Number of Lives.

SEVERAL FIREMEN KILLED.

A Dozen Lives Lost in a Burning Candy Factory.

ADVANCED THE FREIGHT RATES.

On Flour and Wheat From Oregon and Washington—Republican Clubs Meet.

LOUISVILLE, Dec. 9.—Sixteen lives were lost in a fire this morning. Early this morning a fire broke out and destroyed the four-story building of Bamberg, Strong & Co. A number of firemen were caught under a falling wall of the building, and the chief of the firemen, Hughes, and Captain Wetherford were injured. There are four dead firemen under the walls and four others are badly hurt. The dead are: William Davis, Sam Baker, William Moore and Tony Schlich. At 8 o'clock another fatal fire started at T. M. Menn & Co.'s wholesale candy and fancy grocery house, one square above Bamberg & Strong's establishment. There were forty girls at work on the fourth floor and all of them were not able to escape. The bodies of six girls have already been taken out, and are almost beyond identification. G. T. Menn, a brother of the senior member of the firm, is supposed to have been burned to death and the firemen think that at least five more girls will be found as soon as a thorough search can be made. The fire cut off escape by the stairway leading from the fourth story, where the girls were at work, and many jumped from the windows to the second story projection and escaped with broken limbs and bruised bodies. Many others got out unhurt. Great confusion exists.

The street, where the principal wholesale traffic of the city goes on, was blocked, and most of the business was almost at a standstill, the loss on Menn & Co.'s building and stock is placed at \$75,000, and the total loss will be of nearly three quarters of a million. The flames were stopped at George W. Wickes & Co.'s cotton house.

Raised the Rates.

ST. LOUIS, Mo., Dec. 9.—A committee of the Southwestern railway and Steamship Association assembled yesterday. The special committee having charge of wheat and flour rates between Texas and Washington and Oregon points, reported an advance of twenty cents per 100 pounds had been made in these rates and upon the committee's recommendation decided to take no action other than to arrange for a joint action on this rate in the future, should Oregon and Washington lines desire to change it at any time in the future.

Republican Clubs Meet.

PORTLAND, Dec. 9.—The republican clubs of the state convened here today, pursuant to the resolution of the executive committee of the state republican league, the object of the convention is to extend the organization throughout every voting precinct in the state.

The following officers were elected: President, J. Laver of Portland; First Vice President, W. R. Ellis; Second Vice, M. G. Broderick; Secretary M. Dimmick. Thirty seven delegates were present.

The Turkish Flot Denied.

LONDON, Dec. 9.—The Times, in its issue this morning, gives prominence to an official communication from the Turkish embassy in this city, emphatically denying the report sent out by Duzell's news agency to the effect that a plot against the Turkish government was discovered in Constantinople, and that a number of officers were placed under arrest for connection therewith.

Do not Like the Zollverein.

LONDON, Dec. 9.—The Standard's Vienna correspondent says: "Here the public regard the Zollverein with less enthusiasm than the press. It is recognized that Italy will profit most by the agreement, then Germany, then Hungary."

The Sale Postponed.

CORVALLIS, Or., Dec. 9.—By mutual consent the sale of the Oregon Pacific railroad has been postponed until January 20, 1892. The employes are receiving pay today for their month's and a half service.
