Sherman people this morning insisted that they will have the support of Senator Lampson, president pro tem, of the senate, but the Foraker people also claim hlm, while the senator himself still maintains his position of uncertainty. Senator Sherman, on being questioned, said: "I have received the assurances that Sampson will cast his vote for me." A strong effort is being made by the Foraker men generally to induce labor organizations throughout the state to declare for Foraker, and against Sherman. A little excitement was occasioned this morning

Contraband Chinamen Caught.

SEATTLE, Jan. 2.-Eighteen contraband Chinamen were arrested today by police and custom officers. They were brought over from British Columbia in a sloop manned by white men. There were about forty Chinamen in the party and the sloop landed them north of the city on the sand spit in the mouth of Smith's cove. The officers raided a Chinese laundry near the edge of the town, where they captured the Celestials. The other members of the party escaped arrest by taking to the woods.

Mr. Montt says that if the questions in the controversy had been left to Mr. Blaine and himself a settlement would have been arrived at long before this. The chief difficulty, he says, in the way of an adjustment has arisen from the strained relations between the United States minister, Mr. Egan, and the Chilian government. All matters are now taken out of that channel, and the correspondence is being conducted direct from here chiefly by cable and without the interveution of our minister in Santiago. This removes one great source of friction, though at the same time it leaves the

The Coroner's Jury Blames the Rail-

LA GRANDE, Or., Jan. 2.- The verdict of the coroner's jury, empaneled to investigate the cause which led up to the recent disaster on the Union Pacific railroad near the city, was practically to the effect that the company was responsible for the wreck, because of the imperfect ballasting of the road-hed, and of the poor judgment shown in running such a heavy engine at the high rate of speed required. It is said that the families of the deceased enganeer and fireman intend to enter suit against the Union Pacific company to recover damages, and that this verdict will be of great advantage to them in its prosecution.

Driven Past the Golden Gate.

SAN FRANCISCO, Jan. 2 .- The wellknown schooner Robert and Minnie, which arrived this week from Humboldt with a load of shingles, had a very rough passage. Three times she was driven past the Golden Gate, and with five feet of water in the hold. As the vessel lay alongside the wharf this morning, she was carried away and the crew had to use the lifelines to prevent themselves being washed overboard. Not a morsel of food could be cooked for two days.

Nine Men Lost in the Snow.

Carson, Nev. Jan. 2 .- The snow at Summit is from six to fourteen feet deep on the level. Two Italians left Bijou a week ago for a wood camp, a distance of six miles. They have not been heard of since and are supposed to be lost. A heavy snow storm is now raging and a search of them is prevented. Richard Hesse and John Douglass left last Mon-day in search of the Kline party, supposed to be lost in the snow between Placerville and Lake Valley. Nothing has been heard from them since. This makes nine men lost in the snow, with the storm still raging.
