LOCAL BREVITIES.

F. C. Sexton of Dufur is in the city.
H. W. Wells, of Sherar's Bridge, is in the city.
Hon. G. W. Johnston, of Dufur, is in the city.
A grand opening ball will be given at the Skibbe hotel on Friday evening next.
Mrs. J. C. Leary will leave to-night for Flint, Mich., to visit her mother, who is reported at the point of death.
A number of road supervisors of the county are in the city making their annual settlements with the county clerk.
The firemen of Jackson Engine company No. 1, are talking of giving a grand firemen's ball sometime in the near future.
George W. Filloon returned last night from a trip all over the eastern states, having been absent exactly four weeks to a day.
It is now reported, on the authority of a special representation of the government at Chicago, that China will make an exhibit at the world's fair.
We understand that the steamer D. S. Baker will be brought back to the mouth of Mill creek, and hauled on the beach of the river for repairs. P. Carstens has arrived in the city to superintend the work.
J. O. Mack lost a valuable brood mare last night. She had broken one of her stalls at the fair ground during the night and was found dead in the field inside the track this morning. She was in foal by royal Kisbar and her time was nearly up.
L. L. McCartney left at this office to day a sample box of raisins which he dried from his Muscat grapes, raised on the Thompson's addition to this city. The land on which the grapes were raised—and there is no better grape land in the world—was sold three years ago for \$35 an acre. It is less than a mile from the heart of the city. The grapes were raised without irrigation and did not need any.
At this session of the county court all necessary changes in the boundaries of road districts or voting precincts will be made. The requirements of the new election law will demand four voting places in this city instead of two. At least one new voting precinct will be created in the Hood River valley and possibly some changes will be made in other places. Sealed bids have been received for furnishing the county with voting booths, and the present court will decide as to this purchase.
G. W. Gilmore, of Klickitat county, would like to know how it is that it takes six days for the Union Pacific to haul six bushels of wheat from Biggs station to The Dalles. Mr. Gilmore holds a shipping receipt dated January 1st, and also a letter dated the day before, informing him of the shipment. He has come to The Dalles to get the wheat—the last time to-day—and still it has not come. The first time he

brought his team across on the ferry at a cost of a dollar; now he wisely takes the precaution of leaving his team on the other side. Mr. Gilmore is justly annoyed at the delay and says such things happen very often.

Wamic Items.

WAMIC, Dec. 29, 1891.

Editor of the Chronicle:

Last Tuesday we were visited by a heavy gale, which blew down fences, trees and scattered shingles off of barn roofs in all directions.

Those present at the ball on Christmas eve at Wamic hall, pronounce it a grand success. The attendance was more than expected, sixty numbers being taken.

Mrs. Strickland who some time ago received a stroke of paralysis, received another stroke December 13th, from the effects of which she died December 14th. All her children were with her in her last hours, except the youngest daughter Martha Kelly of Lafayette, who coming to see her sick mother, met the procession going to the cemetery, her grief was unutterable. Mrs. Strickland was a good and most affectionate mother, and her departure is a bitter sorrow to the children, who have the heartfelt sympathies of all who know them.

There are two cases of measles reported in our settlement. Those that have not had the experience this dread disease affords, may have the opportunity before they complete their rounds.

Miss Edna Driver at present lies quite sick with what seems to be a stroke of paralysis.

Mrs. Elsie Harvey has taken her two daughters to Dufur, to attend the Dufur school. Misses Neva and Laura are two bright little girls, and we hope will meet the approval of their teacher and gain the respect of the school.

We see by the market quotations in the "CHRONICLE" that wheat still demands a good price, the cause of which seems to be the demand and scarcity of this cereal. The ukase issued by the Russian government seems to have stimulated the market quite perceptibly. The Russian ukase forbidding the export of breadstuffs from the empire in connection with the known fact that there is a shortage in the wheat surplus the world over, seems to have startled the great grain centers, and prices have advanced through channels of speculation as well as through the actual need and demand of breadstuffs for the impoverished sufferers.

Taking the statistics given by Wood Davis, the Kansas statistician, concerning the shortage of wheat, and rye the world over, and as Secretary Friedlander of the Produce Exchange and California Board association says there will be only 60,000 tons of surplus wheat at the end of the year 1891 in the United States. It seems by these authorities, the world is shorter of breadstuffs at present than has been known for many years past. If this be the case how many years will it take to replace the surplus that was on hand at the beginning of the year '91 and will be consumed on account of the deficiency of crops this year. It seems prevalent that by the time another crop is ready to be harvested, "unless it be an unusual heavy crop," the demand and need of the cereals for breadstuffs, will be as great or greater than it is at the present time. If this be true the price of wheat will be governed accordingly and may go still higher than it now is or has been, and if it proves to be thus the farmer will naturally be inclined to sow more wheat; consequently the acreage sown will be larger than has ever been in Oregon before.

UNCLE TOBY.

Another Pioneer Gone.

Died, at Kingsley store, New Year's eve, December 31, 1891, after a severe and lingering passage from The Dalles, Dem I. John, aged 2 years, 9 months and 1 day. Mr. John complained somewhat on his trip homewards and was obliged to stop over night with our genial host at Eight Mile, A. J. Wall, but arrived home the following day comparatively in good spirits. He retired at his usual hour but was suddenly awakened by a choking sensation. Dr. Boynton was called who immediately removed the lump when blood seemed to flow freely from his mouth, but in spite of all the remedies available the patient finally succumbed by bleeding to death. Although Mr. John was comparatively youthful, yet he was amongst our first settlers having crossed the plains with an ox team in '49, he leaves quite a large family behind him including a number of friends to mourn his sudden demise. A large concourse of his admirers assembled to pay the last sad rites and conduct his remains to their final resting place. The postmaster has the sympathy of the entire community.
DAN MCGINTY, JR.

Against the World.

Thurston Goodpasture, who lives six miles south of Eugene, this morning left at the Guard office a barley straw, green and fully headed out, which he pulled up in his field today. What place is there in the United States that can furnish such a sample at this time of the year? "Our Oregon" has the boss climate.—Eugene Guard.

La Grippe in England.

LONDON, Jan. 5.—There were nineteen deaths from la grippe in this city last week. The disease is now prevalent throughout Great Britain. Whole families are prostrated. There seems to be no prospect of a change for the better in the near future.

Week of Prayer.

The following is the programme for this, Wednesday night, January 6th: Prof. Ingalls, leader.

Subject: "The family and the Young." Praise for the gracious promise to the godly and their children, and for the increasing number of young disciples.

Prayer for a deeper sense of the sacredness of the family relation; for invalids and the aged; for sons, and daughters, and servants; for the consecration of sons to the ministry; for Sunday schools and all Christian associations; for young people; for public schools and all educational institutions.

The meetings are held in the free reading room and commence at 7:30 o'clock. An earnest and cordial invitation is extended to all.

The Influenza in Belgium.

BRUSSELS, Jan. 5.—The influenza is raging all over Belgium. Many cases of the disease, including a number of fatal ones, have occurred among members of the colony for lunatics at Ghel. All the schools at Malleux are closed on account of the influenza epidemic.

Scandalous.

It is not often an article of this kind appears but this paper thinks it is its duty to unearth some of the happenings that are taking place in this city. A day or so ago a gentleman went to his home expecting to find dinner awaiting to satisfy his ravenous appetite, but instead he found his wife had gone and left behind this note.

MY DEAR HUSBAND:

It is with tears in my eyes that I write this, but your continued thoughtlessness prompts me to take this rash step. You have been a perfect husband with one exception, you have repeatedly forgotten to order a sack of eastern buckwheat flour and a can of log cabin maple syrup from John Booth, the grocer, and I am going to quit you.
Tearfully yours,
Annie Rooney.

They Speak From Experience.

"We know from experience in the use of Chamberlain's Cough Remedy that it will prevent croup," says Messrs. Gadsberry & Worley, Perry, Iowa. They also add that the remedy has given great satisfaction in this vicinity, and that they believe it to be the best in the market for throat and lung diseases. For sale by Snipes & Kinersly, druggists.

For the Children.

Our readers will notice the advertisements in these columns for Chamberlain & Co., Des Moines, Iowa. From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children and we are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost and are recommending it every day.—Centerville, S. D., Chronicle and Index. 25 cent, 50 cent and \$1 bottles, for sale by Snipes & Kinersly, druggists. daw

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

The Old and the New.

"Of course it hurts but you must grin and bear it," is the old time consolation given to persons troubled with rheumatism. "If you will take the trouble to dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain your rheumatism will disappear," is the modern and much more satisfactory advice. 50 cent bottles for sale by Snipes & Kinersly, druggists. daw

A Preventive for Croup.

We want every mother to know that croup can be prevented. True croup never appears without a warning. The first symptom is hoarseness; then the child appears to have taken a cold or a cold may have accompanied the hoarseness from the start. After that a peculiar rough cough is developed, which is followed by the first crop. The time to act is when the child first becomes hoarse; a few doses of Chamberlain's Cough Remedy will prevent the attack. Even after a rough cough has appeared the disease may be prevented by using this remedy as directed. It has never been known to fail. 25 cent, 50 cent and \$1 bottles for sale by Snipes & Kinersly, druggists. daw
