THE MINE HORROR.

The Work of Rescuing the Miners is Being Pushed.

FORTY-EIGHT BODIES RECOVERED.

Of One Hundred Rescued Men Fifteen Have Died.

ANOTHER POLITICAL PARTY.

It is Intended To Take Everybody In—The Oregon Democrats Organizing—Mexican News.

McALLISTER, I. T., Jan. 9.—The excitement which was intensified almost to insanity because of the mine explosion, shows no abatement. All day yesterday and today there has been three thousand people around the shaft of the mine, crowding, gesticulating and shrieking.

Up to 2 o'clock this morning forty-eight dead bodies had been taken out of the mine and 100 who were injured, fifteen of whom died before morning. The remaining eight-five miners are lying at their homes swathed in cotton and yaseline. This morning the company ordered sixty-five and the local undertakers ordered an entire carload of coffins. All the mines in the vicinity have shut down and the miners and women of Krebs have come to aid in the work of rescue and to perform the last offices for the dead and to relieve the suffering of the wounded.

Everybody is helping with the work of rescue with the exception of the negroes. Some time ago the white miners refused to work with the negroes. This morning a number of negroes went to Krebs and assisted in the work in only a half-hearted way, and one of their number was heard to say that it served the miners right to have been killed. The word passed from mouth to mouth and the indignation of the miners knew no bounds. The United States deputy marshal, anticipating trouble was on hand with a posse and drove the colored men from the place at the point of Winchester.

Still Another Party.

CHICAGO, Jan. 9.—A morning paper says: "A new political organization has been formed, with reciprocity as its platform and Blaine as its chief. It is a combination of the laboring men in the protected trades, of the farmers who are not in or who are weary of the alliance, and democrats and republicans generally who believe in Blaine and a protective tariff." The organization is secret and oath bound. It claims 5000 members in Chicago. Encampments or lodges are to be organized in every city in the land. The old time political associations are to be laid aside. Ex-Assistant Postmaster-General Clarkson is said to have conceived the idea of the organization.

Getting Ready For Work.

PORTLAND, Jan. 9.—At the meeting of the democratic state central committee today. It was decided to hold the next state democratic convention at Portland, on April 19. The number of delegates was fixed at 265. The apportionment was based on the number of votes cast for governor Penoyer at the last state election, and fixes the representation at one delegate for every one hundred and fifty votes, and one for every fifty over.

The convention for the purpose of forming a democratic society or organ assembled at 2 p. m.

They are supposed to be revolutionists.

OBJECT TO THE REPORT

The American Citizens in Mexico Declare the Reports False.

HE LOOKED LIKE A DETECTIVE.

And Had to Take a Beating Because of It.

THE BALTIMORE IN GOOD SHAPE.

A Disappointed Robber—Financial Affairs in Chili—Monarchists at Work in Brazil.

CITY OF MEXICO, Jan. 8.—The Two Republics will publish the following call in the morning, which is signed by upwards of thirty of the most prominent members of the American colony here: "Many newspapers in the United States have recently published dispatches, letters and interviews concerning Mexico. A large number of these contain certain exaggerated or false statements, which are not only unjust to the government and people of this country, but actually injurious to all the interests here. In view of those facts, the undersigned citizens of the United States, animated by a spirit of justice toward Mexico, and a desire to see the truth prevail, request their countrymen residing in this city to assemble tomorrow for the purpose of taking such action as the circumstances may seem to demand. All the Americans in sympathy with this movement are earnestly asked to attend." Very angry discussions have been excited between the liberal and clerical press over dispatches from the United States stating that the clerical party is backing Garza in the troubles on the frontier, and duels are expected.

A Preacher Mistaken for a Detective.

BIRMINGHAM, Ala., Jan. 8.—The Rev. G. R. Hicks, of Barbourville, Ky., is visiting friends near Fort Payne. While taking a walk last night he was attacked by four men, who began beating him. When he protested they told him that he was Tom Hewlett, a detective of this city. He had molested friends of theirs, they declared, and they were going to even up accounts. The Rev. Hicks undertook to open his satchel and identify himself with his bible, but his assailants thought it was a ruse to get hold of his pistol and they knocked him senseless. After beating him unmercifully with clubs and sticks they left him in the road, where friends found him. He is not mortally injured, but will be sore and lame for many days. The preacher had never before heard of Tom Hewlett, but thinks seriously of altering his personal appearance if he looks like the detective. It is thought the four men belong to a gang of moonshiners who successfully repulsed the officers from their fortified still on Sand mountain last week, but who afterward surrendered their stronghold and fled.

Examining the Cruiser Baltimore.

SAN FRANCISCO, Jan. 8.—The cruiser Baltimore is at Mare Island drydock. It is said an examination of her hull showed that she was not so badly fouled as was expected. Up to the present time only her officers have been permitted to land, but on Saturday Captain Schley will give some of his men a little liberty. The inquiry now going on at Mare Island is expected to end Saturday. The Baltimore will probably return to San Francisco next week, to await orders from Washington.

He Made a Water Haul.

MOCKELMUNE HILL, Cal., Jan. 8.—The driver described the highwayman who stopped the Valley Springs stage yesterday as having an old slouched hat, a red bandanna handkerchief over his face and wearing a long overcoat with a rent in the side. The man carried a shotgun and compelled the driver to throw out the express box, which, however, contained no money. The man secured \$5 from the driver. There were no passengers on the stage. Officers are looking for the robber.

Financial Affairs in Chili.

LONDON, Jan. 8.—The Times today publishes a dispatch from the Santiago de Chili which says the minister of finance has presented to congress a measure to change the silver reserves for fiduciary circulation for gold laying in the bank of England. The finance minister's measure also makes the nitrate duties payable in sterling bills. No change was made in the rate of duty.

They Will Pay the Price.

NEW YORK, Jan. 8.—The wires of the Gold and Stock Telegraph company were connected with the stock exchange at 10 o'clock this morning, the ticker company having agreed to pay \$100 per day demanded by the stock exchange for the use of quotations.
