No Use to Deny the Fact.
LONDON, Jan. 12.—Advices from St. Petersburg show that although the czar may declare there is no famine in his dominions, that already the sum of sixty-five million roubles has been appropriated by the imperial treasury for the purpose of providing the absolute necessities of life to be distributed among the suffering people.

ROCHESTER, N. Y., Jan. 12.—A fierce fire was raging here at noon. Hiram Sibley's seed house, a ten or twelve story building, covering nearly a whole square is a mass of flames. The heat from the fire makes it impossible for the firemen to be of much use in saving the adjoining buildings and it is feared that other fires will follow.
At 11:30, half an hour after the fire started, the south wall of the great building fell, crushing in the rear of the store of Howe & Bassett, which is in the Sibley block, in the rear of the burning building. A woman and baby were rescued by the firemen from the third story of this building.
A large portion of the southwest wall fell, setting fire to the Second Baptist church. Detective Long was in the back hall of the top floor, with ten or twelve firemen and citizens, helping to rescue the people within, when the walls caved in and all were buried in the ruins. When Long and two of the firemen escaped they saw nothing of the rest of the people who were with them. Long feels certain that some of them are still in the ruins.

The Influenza Spreading.
LONDON, Jan. 12.—There is no abatement whatever in the epidemic of influenza which is sweeping over Europe. Reports which are daily received from hundreds of places throughout the continent show that the disease continues to spread with increasing violence. The number of deaths resulting from the disease is very large.

Indianapolis Strike Growing Serious.
INDIANAPOLIS, Jan. 12.—The street car strike situation is growing ominous. The company declared its intention of running today and asked the board of public safety for protection. The strikers say they will not allow a wheel to turn.
This morning a salt car started over the College avenue line with an escort of police. The strikers attempted to stop it and the row was only quelled by the arrest of eight strikers. The strikers immediately telephoned to five employes of the Atlas Engine works for assistance.
The situation is becoming more critical every minute. The strikers arrested were afterwards hailed out. There is a possibility of the militia being called out this afternoon. The police have all been called in from the outlying district to be in readiness for an emergency and the board of public safety is now in session.

Recovered a Small Verdict.
BUFFALO, N. Y., Jan. 11.—Mrs. Margaret Q. Allen recovered Saturday a verdict of \$1332, against the estate of her uncle, Lewis F. Allen, who was also the uncle of Grover Cleveland. The verdict covered the amount claimed to be due from the sale of a small piece of land entrusted to her uncle, the proceeds of which had been paid to the executors of the estate.

A Ship With Yellow Fever.
NEW YORK, Jan. 11.—The steamship Moorish Prince arrived in quarantine yesterday morning. The captain reported that on November 26 Chief Officer Hughes and Willi m Fusch were taken with yellow fever, while the ship was at Rio Janeiro; both died. The second engineer, James Curncross, became ill on November 28 and died on December 3. Robert Richardson, the third engineer, was taken on December 2 and died a day later. Since leaving Rio Janeiro there has been no sickness on the Moorish Prince. The health officer detained the ship and will not allow her to come to the city until he is certain all danger of a fresh outbreak of the malady has passed.

The Nebraska Farmers' Alliance in Session.
LINCOLN, Jan. 12.—The eleventh annual meeting of the state farmers' alliance was held here today. The meeting will be held with closed doors but it is known that an attempt will be made to pass a resolution endorsing the sub-treasury scheme. The action of the state legislature in replacing a bounty on beet sugar has been endorsed and a resolution bordering on free trade was discussed. The meeting promises to be harmonious. Much interest is shown in discussing the probable candidates for governor. Ex-Senator Van Wyck is mentioned as a probable candidate on the independent ticket.

Thinking of Old Scores.
LONDON, Jan. 11.—The Chronicle says: "It is probable it was a lively recollection of the Alabama award which caused the hitch in the Behring sea negotiations. English representatives need to beware of all ambiguous proposals emanating from the other side. We believe, however, the obstacle will not prove insurmountable."

Insurgents in Buenos Ayres.
BUENOS AYRES, Jan. 11.—Rumors are current here that a revolt has taken place among the Second and Seventh regiments of the line. It is commonly believed that the revolt was suborned by the followers of General Roca. The government has taken measures to suppress the insurrection. The First regiment of the line and the Third artillery have been ordered out to reinforce the Buenos Ayres garrison, and cartridges have been served to all of the men; but it is feared that despite these preparations the insurgents are so strong that they will march from Rosario, Mendoza and La Plata upon Buenos Ayres.

The Strikes Confident of Success.
PORTLAND, Or., Jan. 12.—The striking brakemen on the Southern Pacific held a meeting this morning, the outcome of which was a resolution to continue out until the company rescinded the order compelling one brakeman to remain on the top of the train. The freight conductors on the Ashland division have joined the brakemen. The strikers are confident of carrying their point, for the reason that the company will be unable to fill their places.
