The republican state senators of New York are reported to be seriously considering the proposition of one of their number resigning in a body.

Chilian affairs have now come to such a pass that war can only be evaded by the failure of congress to declare it or by such action on the part of the Chilian government as shall make war unnecessary.

Mr. Martin of Indiana has introduced a joint resolution in the house the title of which reads as follows: "Looking to the adjustment of international disputes without resort to war."

AS TO TOBACCO.

A Scientist Says Several Good Words in Favor of the Weed.

From All The Year Around.

It has long been a popular opinion that tobacco is an antiseptic, and the belief seems to have some solid basis of fact.

FACT AGAINST FICTION.

An Instance of the Misleading Character of Circumstantial Evidence.

There is no figment of the imagination—if it is at all within the limit of possibilities—more curious or strange than some things that actually happen.

A few years ago Frank Millet, the well known artist, war correspondent and story writer, published a short story in a leading magazine which had as its principal feature the mysterious killing of a Parisian artist in his own studio.

The story was a vivid and ingenious figment of the imagination. Now for its parallel in fact.

The Albany Law Journal tells of the arrest of a man upon the charge of killing his cousin. The dead man was found lying upon a lounge about 8 o'clock in the afternoon with a .32-caliber ball in his brain.
