Mr. French can locate settlers on some good unsettled claims in the same neighborhood. His address is Grass Valley, Sherman county, Oregon.

**WAITED LONG ENOUGH.**

Harrison is in Favor of Settling the Chilian Business at Once.

WAR IS ALMOST ASSURED.

A Very Few More Days Will Settle the Matter.

**THE CHILIANS EXPECTING WAR.**

The People of That Country Are Ready for It—Another Story of the Killing.

WASHINGTON, Jan. 18.—A cabinet officer is quoted as authority for the statement that President Harrison will, in his message to congress, ask for authority to send an ultimatum to Chili, and in the event of its not being favorably considered by that South American republic that war will be at once declared. The character of the ultimatum which the president proposes to send is said to be such that Chili cannot reply favorably and accept to its demand even if president Montt so desired. The warlike party and the anti-government party of Chili are said to be in such a state that they would revolutionize the government if Chili should accept the terms demanded by the United States. It is now understood that the president will not send the full correspondence to congress, but merely a synopsis of it, so that it may be readily understood and acted upon with very little delay.

**BLAINE HINTS AT WAR.**

The Insult to Commander Evans Has Affected the Situation.

WASHINGTON, Jan. 19.—Secretary Blaine, in the course of a conversation conducted with a friend today, left it to be inferred that the probability of an amicable settlement of the difficulty with Chili was mighty improbable: in fact, he briefly hinted as much when asked how the latest phase of the quarrel, the gross insult to Commander Evans, of the Yorktown, has affected the situation. In Washington the feeling of impending war is rapidly assuming the aspect of a certainty, as indicated by the groups of politicians and citizens, who seriously discuss the question and express indignation and the determination to maintain the dignity of the country. The president's message to congress is already printed, and unless reparation is offered ere then it will go to the senate Thursday. The president awaits a more detailed report from Captain Schley, and when this is received it will doubtless be submitted to congress, together with the president's message to that body.

**Are Expecting War.**

SAN DIEGO, Cal., Jan. 19.—Authentic advices from sources in Chili state that among the common people of that country the talk is that war will result. The Chilians have no idea that their government will back down or retract any word or act. They consider themselves strong and expect additional strength from England. They agree that the United States navy is able to wipe their vessels off the face of the ocean, but they do not doubt their ability to secure recognized aid from England, or to secure some of England's warships by purchase. If the informant is correct, representatives of the Chilian government are now in England working on both propositions.

**A CRUEL ONSLAUGHT.**

A Sea Captain Describes the Attack on the Baltimore's Sailors.

SAN FRANCISCO, Jan. 19.—Captain William Jenkins, of the American steamship Keweenaw, was today examined by Judge Advocate Remy as to the attack on the Baltimore's sailors in Valparaiso on October 16 last. The Keweenaw was at Valparaiso at the time. Captain Jenkins testified:

"I was eating dinner at a hotel in the fashionable part of the city, on the evening of the 16th of October, when I heard the shouting of the mob outside. I ran out and found the mob attacking a Baltimore sailor. The man tried to enter the gate of the Intendencia, but was repulsed by the sentries, who crossed their muskets and barred the way. The mob then knocked the sailor down and beat him and the police afterward arrested him. I returned to the hotel and sat looking out of the window with a lady, when we saw another Baltimore

sailor coming running into the square pursued by the mob, who was stoning him. One overtook him and knocked him down in the gutter. Another then picked up a paving-stone and, raising it high above his head, brought it down on the prostrate body. The heavy stone struck the sailor on the shoulder, knocking the man stiff. It was the most cruel thing I ever saw. The lady with me fainted at the sight. The police came up and carried the insensible man away. I had seen, on the day of the assault, about twenty of the Baltimore's sailors on the shore, and all appeared sober. Those I saw attacked were certainly sober."

**Taken Under Consideration.**

WASHINGTON, Jan. 18.—Miss Susan B. Anthony, Mrs. Elizabeth Cady-Stanton, Miss Lucy Stone and Miss Howell Hooker appeared before the house committee on judiciary today in support of the joint resolution introduced in the house by Mr. Greenleaf, of New York, proposing an amendment to the constitution, extending to women the right to vote at all federal elections. The committee took the matter under consideration.

**Two Steamers in Collision.**

LONDON, Jan. 18.—During a gale yesterday the British brig Wellington, proceeding up the Tyne, dashed against the stern of the Huntsman, a British steamship, which was stranded near the south pier, at Shields, recently. One side of the Wellington was stove in, causing her to sink a few minutes later. Two of her crew were drowned, and the remainder were rescued.

**Senator Quay's Label Suit.**

BEAVER, Pa., Jan. 18.—The Quay-Star criminal libel suit began this morning, and great interest is felt in its progress. Attorneys for the prosecution are District Attorney Meschler, J. M. Buchanan and W. H. S. Thompson, the last two being prominent democratic leaders here, and J. Franklin Martin. Those for the defense are E. B. Dougherty, Robert Ritchie, chairman of the democratic county committee, and Lewis W. Reed, all democrats. The work of selecting a jury is in progress.

**O'Brien Denounces Redmond.**

BURLINGAME, Jan. 18.—William O'Brien, M. P., the McCarthyite leader has written a letter denouncing John Redmond, recently elected to the parliament from Waterford in the Parnellite interest for his wholesale abuse of himself (O'Brien) and of his political associates. O'Brien suggests that the whole question of Redmond's and his own relations with the late Parnell should be submitted to arbitration, with the understanding that the one whom the opinion adversely affects shall retire from public life.

**Favorable to the State.**

MADISON, Wis., Jan. 19.—Judge Newman today filed an opinion in the suits against ex-state treasurers, to recover interest on state money. The decision is favorable to the state, and orders a return of principal and interest, in all about \$600,000.

**TELEGRAPHIC TICKS.**

Silver has met another decline. The price is now 93 cents as against \$1.07 one year ago.

"If we must have a war with Chili we would wipe her off the map of South America" is the expression that one frequently hears in official circles at Washington.

Representative Mills returned to Washington from Texas Saturday night. His friends say he came back in good spirits and will take an active part in the business of congress.

Senator Hale has offered a resolution calling on the secretary of state for copies of all agreements with other countries relating to an interchange of trade, and for a report as to the practical effect of such agreements. Laid on the table for the present.

There is a unanimous feeling at Washington in favor of defending the country's dignity. A press representative is reported to have said: "Patriotism, not politics will be the motto of nearly every man on the floor, whether in favor of war or against it. Interest is gaining as Wednesday approaches for that is the day on which the correspondence in the emprolio is expected at the capitol. We make history on that day."

The following bills were introduced in the senate yesterday: By Peffer—Proposing an amendment to the constitution for the election of president and vice president by a direct vote of the people. By Allen—Giving the state of Washington 5 per cent. of the proceeds of the public lands in that state. By Wilson—For the classification of clerks and other employes of first and second-class postoffices, and to fix their salaries. By McMillin—Appropriating \$257,000 for the building of two revenue cutters for service on the great lakes.

**TO LAND THE REFUGEES**

The Yorktown Has Been Ordered to Land Them in Peru.

ACTIVITY IN NAVAL CIRCLES.

The Supreme Court Sustains an Important Decision.

**TROUBLE FOR THE RAILROADS.**

The Mexican Revolution is Ended—The Street Railroad Strike—Gets Another Trial.

WASHINGTON, Jan. 19.—Secretary Tracy has sent a cablegram to Commander Evans, of the Yorktown, ordering him to proceed to Callao, Peru, and land the Chilian refugees at that place. The president today denied himself to all visitors and worked on the Chilian correspondence. He is preparing his message to congress. It is still the belief that the message and correspondence will be sent to congress Wednesday. The secretary of state was unable to leave his house today, because of an attack similar to that of a week ago. He recovered from it soon, however. The Chilian minister had an interview with him lasting an hour. A rumor is circulated to the effect that the Chilian minister notified this government an apology from Chili would be forthcoming. This could not be confirmed. Colonel Remy, naval judge advocate-general, who has been conducting investigations into the Baltimore case at San Francisco, is expected to return to this city tomorrow or Wednesday, with concluding testimony.

**Activity in Naval Circles.**

WASHINGTON, Jan. 18.—The navy department today is still the scene of great activity. The secretary had frequent consultations with his bureau chiefs, and outward signs denote great work is being done. The greatest activity prevails in the bureau of naval intelligence, agents of which are said to be at work on the plan of a possible campaign, besides collecting all imaginable information abroad. Through this bureau the secretary has kept himself thoroughly informed on the movements of the agents of Chili, who, it is rumored, for some time have been ransacking Europe for war material. Comprehensive operations are now conducted by the department largely for the purpose of ascertaining just what the naval system can accomplish in the event of hostilities.

**An Important Immigration Decision.**

WASHINGTON, Jan. 19.—An opinion of importance in its construction of the immigration laws was rendered in the United States supreme court today in the case of Fishimura Egin, a Japanese woman, to whom entry into the United States was refused by immigration officers and collectors at San Francisco, on the ground she was likely to become a public charge. This ruling the immigration officers contested, and it was sought to have the Federal courts, on application for a writ of habeas corpus, review the facts in the case. The government contended the ruling of the treasury department with reference to the entry of immigrants was final and not reversible by the courts. This contention of the government the supreme court today sustains.

**The Railroad Strikers**

SAN ANTONIO, Tex., Jan. 18.—Last night the Arkansas Pass tendered the Southern Pacific car which was made up with the west-bound train. This morning the Southern Pacific trainmen refused to take out the train unless the Arkansas Pass car was cut out. This was done and the train departed. The superintendent of the road will arrive tomorrow and look into the state of affairs. Further trouble may be precipitated at any hour. Local business men are moving to assist in settling the strike on the Arkansas Pass, and prevent a spread of trouble.

**The Mexican Revolution Ended.**

LABEBO, Jan. 19.—The Garza revolution is believed here to be at an end, for the present at least. Armed men reported to be moving through the country are supposed to be Garza's forces going back home.

**The Street Railway Strike.**

PITTSBURG, Jan. 19.—No attempt was made to run any cars on the electric street railway today, and all is quiet. The strikers committee today presented a new proposition to the company.

**Curtis' Trial Again Postponed.**

SAN FRANCISCO, Jan. 19.—The trial of M. B. Curtis, the actor, charged with the murder of Policeman Grant, was again continued this morning until next Monday.
