WAITED LONG ENOUGH.

Washington, Dec. 14.—A editorial in the Washington Times editorializing on the statement that President Harrison (D.C.) in his Proclamation, asked for authority to send an ultimatum to Chili, is not being fairly considered. It is true that Chili ceded a small portion of its territory to the United States, but the fact remains that the terms demanded by the United States are so harsh that the Chili government would not sign them. It is understood that the position of Chili will not be altered, but merely the terms of the ultimatum. It is hoped that this will be an acceptable solution of the dispute.
