THE STAR OF PEACE.
The State Officials all Declare There Will be no war.
TWO BOYS BURNED TO DEATH.
A Move to do Away With a Number of Soft Jobs.

MADE A VIGOROUS KICK.
But the Bill Passed all the Same—Short House Session—Mills Resigns—Minor Mention.
WASHINGTON, Jan. 20.—The star of peace is in the ascendancy at the capitol today. There is no tangible reason for the waxing pacific view of the Chilian situation and the waning warlike talk which has been indulged in during the last few days by many congressmen. Nevertheless there is a widespread conviction that war will not be the necessary outcome of the present complications between the United States and Chili, although there is also a general belief the good temper and forbearance of this country is being sorely tried by the exasperating procrastination of the Chilian government in its correspondence. A Pacific coast senator tersely summed up the views of many of his colleagues today when he said:

"There will be no war. Chili deserves a spanking, but the United States cannot afford to sacrifice her dignity and play schoolmarm unless it is absolutely necessary, and it is not. Our government adopted such a quiet dignified tone in its correspondence and has awaited the pleasure of the Chilians in the conclusion of their hair-splitting, equivocating judicial inquiry with so much patience that the little South American nation has grown presumptuous, but they at last have come to realize the fact that the dignity of this country is not to be trifled with, and when the president's ultimatum is sent they will come down from their lofty position and make due reparation."

A Frightful Death.
SEATTLE, Wash., Jan. 21.—News reached this city this evening of a sad affair which occurred about two miles west of Seattle, near Colby, in which two sons of Albert Baxter were burned to death, and the family residence burned to the ground. Baxter is a rancher and lives at a remote distance from his neighbors. Sunday morning the two sons, aged 16 and 7 respectively, went visiting. Their parents took their daughters about 6 o'clock in the evening and went on a similar trip. They returned about 8 o'clock, and found the house in ruins and no sign of the boys. On searching the ruins, the two charred bodies of the boys were discovered. It is supposed they came home and went to bed, leaving a fire burning, and that the house caught fire and they were smothered. The Baxter family are in destitute circumstances and dependent on their neighbors. The community have appealed to Seattle citizens for help.

To do Away With the Agents.
WASHINGTON, Jan. 20.—The commissioner of Indian affairs has written a letter to the secretary of the interior, recommending that a number of Indian agencies of the lesser sort be abandoned, so far as an agent was concerned, and that the agencies be placed in charge of the superintendents of schools at the particular agencies; also that the physicians at the various agencies be required to act as clerks, which would be something of a saving in the matter of expenses. Whether the secretary will act favorably upon this recommendation or not, is unknown, but as the movement is in the interest of economy it is probable that it will receive his approval, although there are a number of senators and members of congress who might seriously object to anything of this kind, as it would leave a number of personal appointees without a job.

Made a Vigorous Kick.
WASHINGTON, Jan. 20.—The biggest fight the democrats have made on any public building bill occurred upon that introduced by Senator Mitchell, and which passed the senate today, for a building at The Dalles. There was a long discussion and several democrats made a vigorous fight against it. Both Senators Mitchell and Dolph made speeches on the subject and urged the necessity for a building at The Dalles, and combatted the opposition of the

democrats. It was necessary to have a roll call. There were twelve democrats who voted against the passage of the bill while thirty-five republicans voted for it.
Short Session in the House.
WASHINGTON, Jan. 20.—The session of the house was short. Among the bills introduced was Springer's free-wool bill. On motion of Stone, of Kentucky, a resolution was adopted calling on the secretary of the treasury for a statement of all goods imported into the United States from the Dominion republic and Porto Rico, dutiable or free; also a statement of all goods exported to those countries for ten years prior to the passage of the McKinley act. The house then adjourned.

Mills Resigns His Chairmanship.
WASHINGTON, Jan. 20.—Representative Mills has written a letter to Speaker Crisp resigning his position as chairman of the committee on interstate and foreign commerce. Mills, in his resignation, says he is simply following out the line of action indicated in his former letter to the speaker, in which he declined the second place on the committee on ways and means. He is willing, he says, to serve in the ranks, but does not desire the chairmanship.

A Family of Thieves.
RIVERSIDE, Cal., Jan. 20.—The jury in the case of the four Settler brothers was dismissed. They stood four for acquittal and six for conviction. The Settler brothers were, some weeks ago, arrested for wholesale thieving of raisins in the valley. They have a history as criminals. Fred is serving five years for stealing a lot of bullion from the Waterman mine. Seven years ago he was tried for an assault to murder but for want of evidence was only convicted of simple assault and served his sentence. Last winter he was arrested for stealing oranges, but compromised by paying for the oranges taken. Another brother, Charles, served two years in the Albany, N. Y., prison for burglary.

Grand Army Patriots.
NEW YORK, Jan. 20.—Mansfield post, the largest Grand Army post in Brooklyn, held a meeting last night and drafted a letter to the president, which concludes as follows:
"We respectfully and urgently request that measures may be adopted to make suitable reparation for the killing of our sailors, and redress for the insults to our flag in the city of Valparaiso, and that they be continued till the last dollar has been expended, and the last volunteer has responded."

Arrested for Fraud.
SAN FRANCISCO, Jan. 20.—Frank Cummings, a leather dealer, has been attached by a number of creditors for an aggregate sum of \$18,000, and also has been arrested for alleged frauds. His assets are about \$800.

Five Rioters Convicted.
PINE BLUFF, Ark., Jan. 20.—Five of the Linwood rioters were convicted and sentenced to the state penitentiary from one to ten years each. Several of the gang were fined and the remainder will be tried today.
TELEGRAPHIC TICKETS.
Senator Peffer voted aye on the question of appropriating \$100,000 for a government building at The Dalles. Bully for Senator Peffer.

The only democrats who voted for The Dalles public building were Blodgett, Brice, Call, Daniels and Vest.
An effort is being made at Washington to investigate the scandalous features of the census bureau and the had business methods pursued by the superintendent. The friends of Porter are endeavoring to prevent the investigation and may succeed.
B. F. Dowell has at last, thank indulgent heaven! obtained a judgment of \$200 against the government for that mule he lost thirty years ago. Upon Dowell's monument let the fact that he was a hero be inscribed in letters of gold. Over the bones of a mule did the sturdy man fight the United States thirty long years! He took up the kick where the mule laid it down in 1862, and never ceased to kick until the great government unhung yielded to his opposition!—*Klamath Star.*

D. D. Prettyman brought into the Journal office today some very fine specimens of apples, free from worms and sound in every respect. He claims to have kept off the ravenous codlin moth by an original and novel plan, and reports grand results from the same. It consists in throwing strong wood ashes onto the trees whilst in bloom and covered with dew, in lieu of spraying.—*Salem Journal.*

The selection of Attorney-General Chamberlain of Albany as president of the democratic society of Oregon, proves satisfactory to the democratic organizations of Portland as well as the interior. It is stated that the young men are particularly gratified, as the new president is one of them.—*Cornwallis Leader.*

GOING THROUGH THE STRAITS.

WATCHMAN KILLED BY ROBBERS.
CHIEF'S New War Vessel—Five Rioters Convicted—Governor Boles is a Candidate.

LAREDO, Tex., Jan. 20.—A correspondent telegraphs that he has had an interview with one of Garza's chief lieutenants. The officer indignantly denied the report that they were bandits, and said they paid for everything they used. Garza, he said, represented a principle. He was a patriot, and was determined to overthrow the tyrannical yoke of Diaz. Garza, he said, had over 15,000 followers on this side of the country. All the people are with him, he added, and half the army. Garza was not ready to strike the final blow, but would do so in six or eight weeks, or not till the grass sprouts, so that they might have forage for their horses and men. The lieutenant considered that they had a rich and powerful backing, and that when they were ready to enter the field their forces would be commanded by one of the most popular and capable men in Mexico. Garza had no eye to the leadership himself, nor does he expect to succeed Diaz when that government is overthrown.

Will Go Through the Straits.
WASHINGTON, Jan. 20.—"There are three Chilian war vessels in the Straits of Magellan," said a naval officer today. "They are not obstructing that important ocean highway against the vessels of any nation, but there is an understanding between the state department and the naval department that the presence of the Chilian vessels is intended as a menace against the passage of any more war vessels of the United States from Atlantic to Pacific waters. Inside of ten days the Miantonomah, one of the strongest warships in the world, will start for Valparaiso in company with the Newark. At Montevideo the Atlanta and Chicago will join them. The vessels, accompanied by the cruiser Bennington, are not only going to the Straits of Magellan, but they are going right on through. If there is any obstruction it will be swept out of the way. They are going to Valparaiso, and nothing will stop them." The above statement was made by an officer who knew his authority and meant every word of it. His name cannot be given.

Killed by Robbers.
FAIRFIELD, Cal., Jan. 20.—Last night while Watchman John Howard, of Rio Vista, was making his rounds he came across a man at the wharf with a shotgun, who ordered him to throw up his hands, and on his not complying with the demand he was shot by the guard the robbers had placed while robbing the safe of the Southern Pacific company in a building on the wharf. After the shots were fired the robbers left in a boat, leaving their tools behind them, which the officers have now in their possession. They had drilled a hole in the safe and inserted a fuse ready to light when Howard came along. They are supposed to be the three men who stole a small sloop a few days ago in San Francisco. Howard died a few minutes after being found by citizens who were attracted to the spot by the shots.

CHIEF'S New War Vessel.
NEW YORK, Jan. 20.—The latest news from France concerning the fitting out of the Chilian armored warship Captain Pratt is to the effect that the work shops will have the vessel ready for sea in thirty days' time. A number of small fittings remain to be placed in position, though the larger part of the work is what almost any wide-awake officer would undertake to carry on at sea. It is even thought probable the Chilian commander now with the vessel, may take this view of the case, and, under pretense of a steaming trial, make off with the new ship for South America. Among naval officers here it is recognized the Captain Pratt, when fully completed, will be one of the best fitted-out warships in the world.

Governor Boles is a Candidate.
DES MOINES, Ia., Jan. 26.—It is announced that from this time forth Governor Boles will openly take the field as a presidential candidate.
Fullman Quarterly Dividend.
NEW YORK, Jan. 20.—Directors of the Pullman Palace Car Company have declared a regular quarterly dividend of 2 per cent.
