The Louisiana Lottery Gets a Lot of Dead Head Advertising.

BOOKER'S KNOWLEDGE SPREADS.

The English Syndicate Again Heard From—Discontent in Germany—Russian Duels.

SPOKANE, Feb. 17.—The opening of an enormous dancehouse at Sand Point, Idaho, resulted in riot and bloodshed last night. Three hundred railroaders, cattlemen and miners were present. In the midst of dancing a row started, in which one man was shot in the breast, another had his brains blown out, and two dissolute females were probable fatally wounded. In the midst of the affray, United States Marshal Warren and Sheriff Morley, with five men, entered and closed the house, and now twenty-five of the worst characters in the Northwest are penned up in a stockade corral and guarded by deputy sheriffs.

Crazed From La Grippe.

BROCKTON, Mass., Feb. 17.—Charles Hudson, 87-years old, has not eaten anything for thirty-nine days. Early in January he had an attack of the grip, and became impressed with an idea that he would never leave his bed alive. His physician told him that his recovery was certain. He remarked: "I shall only have the same thing to go through with again, and I prefer to die now." From that time he has refused to eat. He takes water in small quantities to moisten his lips, and on several occasions small pieces of ice have been accepted with relish. He is now unable to speak above a whisper. He was one of the pioneer merchants of San Francisco, being interested in the boot and shoe trade, and later identified in the boot and shoe and leather trade of Boston.

The Modern Style of Advertising.

NEW ORLEANS, Feb. 16.—The president of the Louisiana Lottery was seen yesterday and asked with reference to the report that the lottery intended to remove to Mexico. He said that the story was false, and was evidently started by an enemy of the company for the purpose of booming Mexican lottery stock. The lottery will continue its existence here until the expiration of its charter, and after that time it will not seek a home anywhere.

The Man Who Hadn't Heard It.

NEW YORK, Feb. 17.—Under the heading: "The Prince not Coming," a dispatch from Albany printed yesterday said that a private citizen in that city had received a cablegram which stated that the Prince of Wales, attended by a retinue of twenty-five persons, expected to land in New York May 26th, and go hence to Niagara Falls and Canada. William Lane Booker, the British consul-general, said yesterday: "The Prince of Wales has not told me that he is not coming, but I don't believe that he intends to visit this country or Canada."

"It's So English."

SANTA BARBARA, Feb. 17.—Elwood Cooper has sold his olive ranch to an English syndicate for \$200,000. The olive ranch is the largest of its kind, and is noted for being the scene of the earliest attempt at American olive-oil making. The syndicate will colonize the property with immigrants.

Typhus and Blackpox.

BERLIN, Feb. 17.—A dispatch from Warsaw says typhus fever and blackpox are spreading westward, and that political agitators are doing their utmost to inflame the peasantry, with the result that the spirit of discontent is spreading in an alarming manner.

Austrian Elections Aftermath.

VIENNA, Feb. 17.—The Hungarian elections have been followed by a number of duels. Four have already been fought at Pesth. In two of these, Deputies Munich and Acranzi received saber wounds. In the other encounters nobody was hurt.

Shall Utah be Americanized.

WASHINGTON, Feb. 17.—The house committee on territories gave a hearing

this morning to the opponents of the proposed legislation to give a local government to the territory of Utah, as proposed in the bill introduced by a delegate from that territory. The committee was addressed by O. W. Powers, representing the liberal party in Utah. That party, Powers said, was composed of democrats and republicans, who for the time being had cast aside their national political preferences and had joined hands for the purpose of building up an American state in the mountains. It was because the Mormon people were honest and sincere that the liberal party opposed the measure, the time not having come, in its opinion, for it.

Good for Wannamaker.

PITTSBURG, Feb. 17.—It is now regarded as positive that the Reading company has secured absolute control of the Baltimore and Ohio and its numerous branches, and also the New York and New England Railway company. The terms of the agreement, lease, etc., were finally determined upon by the great financiers who have been negotiating the deal at a conference in Philadelphia last night, at which all the necessary papers were signed by the contracting parties. It is the opinion of local financiers that the next announcement will be that it has a transcontinental line to the Pacific.

Better File the Bond.

WASHINGTON, Feb. 17.—On the application of Senator Mitchell, the superintendent of the money order system, postoffice department, has ordered that the postoffice at Myrtle Creek, Douglas county, be placed upon the list of additional money order offices next to be established, and the postmaster at that office will be authorized to commence the issue and payment of money orders and postal notes about April 1st, the beginning of the next quarterly period; provided he shall have filed the required bond.

John Chinaman in the Senate.

WASHINGTON, Feb. 17.—Senator Dolph today reported adversely the Chinese bill introduced by Senator Sherman. He expects in a very short time to call up for consideration in the senate his own Chinese bill, and believes it will go through after a brief discussion. As it extends the present Chinese laws, it cannot be criticised very severely, and gives congress an opportunity to amend the Chinese legislation at some future time, and procrastination is what the average congress levels in.

The Storms in Europe.

VIENNA, Feb. 17.—Terrible snow storms are still raging in Galicia, a province of Austro-Hungary in Cisleithania, and the greater part of Austrian Poland. Snow is piled up in immense drifts and traffic on the various railway lines is almost wholly suspended. Wagon roads are also badly blockaded.

London, Feb. 17.—It is thought a number of vessels were lost in the recent storms, as a large quantity of wreckage is coming ashore at different points on the coast.

PARIS, Feb. 17.—A storm is raging here since last evening. Traffic is almost at a standstill.

Matched for a Big Purse.

BUFFALO, N. Y., Feb. 17.—C. J. Hamlin, the millionaire horseowner, and George Leavitt, of Boston, are arranging to trot their respective horses in a race at Lexington this spring for \$50,000 a side. Hamlin's Chimes Girl, 3-year-old, will be matched against Ralph Wilkes, of the same age.

Mount Etna Disturbed.

An Epidemic of Incendiarism.

MEMPHIS, Tenn., Feb. 17.—There is an epidemic of incendiary fires here. Every effort is being made to discover the fire-bugs.

The 9th Circuit Judgeship Still a Theme for Speculation.

BEN WILL RUN—STEVE SAYS SO.

Myrtle Creek Advanced—The Reading Railroad Deal—High Price for Grain.

ARLINGTON, Feb. 17.—George West, a prisoner in the Condon jail, made his escape Sunday last, secured a horse from a livery stable while the owner was at church, and succeeded in reaching the railroad ten minutes before the east-bound train was due, which he boarded. Deputy Sheriff Johnson left Condon as soon as the prisoner was missed, but only arrived in time to see the train depart.

RECOVERING FROM THE WOUND.

Light Morris of Fossil, who accidentally shot himself a week ago, is progressing favorably, and hopes of his recovery are entertained unless blood poisoning sets in. The bullet has not been extracted.

THE FOSSIL LINE.

The question of a telegraph line between this point and Fossil is being agitated, and it is hoped will have a successful issue.

A Very "Mysterious" Burglary.

SAN DIEGO, Feb. 17.—The most mysterious burglary that ever occurred in Ensenada took place last Saturday night, when \$1,200 in Mexican silver was taken from the safe in the cashier's office of the Colonization Company. The first known of the theft was when Cashier Narra-way opened the safe in the morning and found the interior bare of money. He had put \$1200 in the safe Saturday and had locked the inner and outer doors with combinations as usual, and yet the money was taken out and the safe doors as securely locked as ever. Mr. Narra-way carries the only key to the inside door of the safe. As soon as the robbery was discovered the chief of police was notified and a careful examination was made of the office. There was not the least sign of the windows or doors having been tampered with.

Unsettled as Yet.

WASHINGTON, Feb. 17.—Zera Snow, of Portland, is in Washington, and is looking after the prospects for the appointment of W. B. Gilbert, as circuit judge. He seems to feel very much encouraged over the prospects, and says, upon investigation here, he finds that matters rest about the same as indicated in the Oregonian dispatches; that Gilbert is now the favorite candidate, and, unless something new should be developed, he has very flattering prospects of success.

Uncle Sam to Russia.

WASHINGTON, Feb. 17.—The sub-committee to whom were referred several Russian Hebrew resolutions introduced in the house, has reached an agreement to be reported, that the American people express sympathy for Russian Hebrews and their depressed condition, and hope that the Russian government, with which the United States has always been on terms of amity and goodwill, will mitigate as far as possible the decrees lately issued respecting them.

Benj. Harrison in the Field.

NEW YORK, Feb. 17.—Stephen B. Elkins, secretary of war, announced today, in a letter to a personal friend here that President Harrison is a candidate for renomination. The secretary added that the president would, moreover, be the choice of the Minneapolis convention, and, furthermore, would be re-elected. This is the first authentic announcement that the president is a candidate for renomination.

No New Cases Reported.

NEW YORK, Feb. 17.—No new cases of typhus fever in this city were reported today, and, with two exceptions, the patients on North Brothers Island are doing well. The exceptions are women, both of whom will die.

High Price for Grain.

GARFIELD, Feb. 17.—At a public sale on a farm near here, barley sold for \$1.12 per cental, and wheat reached \$1.14, on eight months' time without interest.
