#### WEATHER PROBABILITIES.

FAIR SAN FRANCISCO, Mar. 22, 1892. Weather forecast till 8 p. m. Wednesday, Fair, followed by rain. KERKHAM.

#### LOCAL BREVITIES.

Dr. Siddall returned today from a trip to Portland. A very light frost in places, was noticed in The Dalles. F. H. Button, a prominent citizen of Hood River is at the Umatilla house. George C. Blakeley, the popular druggist, went down to Portland last night. C. J. Bright, the well known lawyer of Wasco has been in the city for the last two days. Mr. S. L. Brooks yesterday observed that lilacs were in bloom in The Dalles, and that pear trees were in blossom. Half an inch of rain, by actual measurement, fell last Friday night at the ranch of H. Simons on Eight-mile creek. Judge Thornbury has been obliged to use a cane for the past day or two, on account of an attack of rheumatic gout in one of his feet. Mr. Geo. A. Leibe is building another cottage on the lot immediately west of the one occupied by the residence of Mr. Frank Hill. The protracted meetings at the M. E. church will be continued nightly during the week and Rev. J. C. Warren of Pendleton will assist the pastor in the same. Miss Ella Crabtree and Miss Minnie Fisher, of Portland, reached The Dalles yesterday on the noon train on a visit to their friend, Miss Annette Sylvester of THE CHRONICLE. David A. Turner of Hood River, was in the city yesterday attending the county court on matters relating to proposed improvements on the eastern approach to the Hood River bridge. N. C. Long, the longest man in Sherman county, was in the city last night. Mr. Long is the only man in Eastern Oregon, that we know of, who has experienced, and successfully too, with ensilage as a winter forage for stock. Mr. Anderson of the D. S. Baker, is prolific in resources for replies to the curious who daily ask, "Have you steam up on the Baker? I see smoke issuing from the stack." "Oh, yes," was the reply when the boat was on the ways, her hull all open, "we keep up steam for the purpose of pumping her out." Now that she is in the water, and her fire-box and machinery all to pieces, his answer is, "we have to keep up steam to try the boiler." The smoke still comes out of the stack, fire-box or no fire-box, because a stove pipe leads into it.

Hon. John P. Wager, at present on the Portland Telegram staff, formerly editor of the Pendleton East Oregonian, writes to the Condon Globe that he intends to make his home in Condon about the first of April and follow his profession as a lawyer. Condon has no attorney at present.

There is no better natured fellow in the world than Sam Lester, clerk of the Warm Springs agency. But Sam's good nature drew a line the other day when he recognized in the flavor of a commissary beef stake, one of his own cows that Abel Gadshaw and Peter Symantie, two enterprising swashes, had sold to the boss of the agency commissary as their own. Sam had the Indians arrested and taken to Prineville for trial.

#### A Lively Town.

Two "good men" met on the streets of Prineville the other day and each entered into a contract with himself to lick the other. When both were satisfied and their passions had cooled down, like as good men should, they settled their differences. But the marshal saw a chance to make a fee and he arrested one of the combatants on a warrant sworn out by himself. The prisoner was brought before the recorder who promptly fined him in what, with costs, amounted to \$22.75. This sum the man refused to pay and sued out a writ of habeas corpus before County Judge Summer. The writ was sustained and the prisoner discharged. Then the marshal and recorder rose up in their wrath and had the sheriff arrest the recorder and marshal, the former of whom he fined \$100 and the latter \$50. Latest stage telegram reports the county judge on top. Prineville is a real lively town.

#### Millinery Opening.

Mrs. C. L. Phillips invites the ladies of The Dalles and vicinity to call at her millinery store today and tomorrow, on which occasion she will take pleasure in exhibiting all the latest styles of new millinery goods for the spring of 1892.

#### DIED.

In Schleswig, Germany, on March 3d, 1892, Mrs. Hanna C. Neilsen, mother of H. C. Neilsen of this city. Aged 82 years.

#### County Court Proceedings.

The county court met yesterday afternoon pursuant to adjournment. The following business was transacted:

In the matter of road district No. 14, it appearing that the proportion of the 2 mill tax is \$196 Supervisor, Henry Hudson was authorized to draw this amount and expend the same on needed improvements of roads in his district.

In the matter of road district No. 8, the proportion being \$55 a similar order was made in favor of Supervisor G. B. Halver.

In the matter of bids for repairing the grade leading to Hood River bridge, the bid of J. W. Harper being the lowest the contract was awarded to him for \$415 and his bond fixed at \$800. The other bids were James McGinty, \$720; B. H. Thurston, \$640; Frank Bolton, \$980; J. W. Morton, \$1,542.14.

E. Schano, R. G. Closter and L. D. Davis were appointed viewers, and E. F. Sharp surveyor to view and appraise damages in the matter of a road of pub- easement for Seufert Brothers, through the lands of C. Coventon.

The report of the viewers and surveyor of Tygh Hill road was read a second time and the road ordered opened and established as a legal county road.

In the matter of operating and building of the Tygh hill road—

It appearing to the court from the petition of the citizens of the southern portion of this county, as expressed in a public meeting of such citizens, and by a committee of such citizens appointed to represent the matter before this court and from the personal knowledge of the court, that the proposed road up Tygh hill, is a great necessity, involving the future prosperity of that portion of the county, and consequently a great benefit to Dalles City, and it appearing that this is an extraordinary work, which will require the expenditure of a large sum of money, and the services of an expert in the road making business; and that it is the wish of the people interested, who have contributed means to aid in this work:

It is ordered that Thomas J. Driver be and is hereby appointed a commissioner to build the said road. That he is vested with authority to superintend and carry on the work to the best advantage to the county, and the construction of said road.

That the sum of \$2,000 is hereby appropriated from the 2 mill tax levied by this county for road purposes toward the building of said road. And it is requested that all contributions, either of monies, work, or other benefits to said road, be placed in the

hands of T. J. Driver, and at his disposal for the building of said road to be so used and appropriated by him. That the said Thomas J. Driver, commissioner, be required to give a bond in the sum of \$5,000 for the faithful discharge of his duties as such commissioner, and that he be required to take and file an oath of office for the faithful discharge of his duty as such officer. That he shall receive a compensation of three dollars per day for his services in such office during all of the time necessarily given in the discharge of the said duties as such officer. And the county clerk is authorized to draw warrants, not to exceed the said sum of \$2,000 in favor of said commissioner, for the said purposes, in such sums as may be required by said commissioner, after he has filed the necessary bond and taken his oath of office.

In the matter of the affidavit of H. W. Steel, in relation to error of boundaries of road districts 10, 12 and 25, it was ordered that to avoid complications the boundaries remain as they are till the next January term of court.

The sum of \$265.60 was apportioned to road district No 4 from the 2 mill tax. No bond having been filed in the matter of the county road petitioned for by Chas. Ehreck and others, the petition was laid over till next term.

The court adjourned till Monday April 4th proximo.

#### Brought the Officials to Terms.

A determined German brought the officials of a New Jersey railroad company to terms. So crowded was a local train on the Morris and Essex railroad that many of the passengers could not find seats. As the train started, an indignant Tontou stopped the train by pulling the bell cord and demanded that an empty car on the track be attached. The other passengers sustained him, but the demands were not heeded. When the train started again the German once more pulled the bell cord and announced that he would pull it every time the train started unless another car was attached. After considerable dispute the railroad officials gave in, backed down the train, attached another car, and thus furnished seats for all its passengers.—Yankee Blade.

#### A Meteor with Gold in It.

The discovery of gold in a meteorite which has just been made by Federal Government Geologist Turner in California, is of unusual interest. The meteorite in question is about the size of a man's fist, and around a good portion of it is a solid film of gold. In one part the metal is about an inch square. Gold has never before been found in connection with meteoric iron, and it demonstrates, says Mr. Turner, "that there is gold in the worlds of space."—New York Recorder.

#### Found No Indians.

A New Haven small boy who ran away from home four years ago to slay Indians was heard from the first time the other day, when he wrote to his parents. According to his letter he had traveled over nearly every state west of the Mississippi, and had endured untold privations, but had not succeeded in his undertaking. He is said to be on his way home, heartily sick of his wild life.—Exchange.

#### The town of Fort Benton, Mon., which a few years ago had a population of over 2,500, now has less than 200, and the greater part of this it is expected will be wiped out by the recent action of a railroad company in deciding to move its tracks about five miles away.

While seeing the sights of St. Louis some days ago Mr. T. Julian, of Washington, Ind., visited the morgue. There a painful shock awaited him. On one of the tables he unexpectedly saw the body of his brother, whom he had not seen or heard of for many years.

#### Neuralgia Cured in 15 Minutes.

Mr. J. S. Sturtevant, editor of the Waupaca (Wis.) Post, says: "Last night Chamberlain's Pain Balm cured my wife of neuralgia of the face and tooth in fifteen minutes. We would not be without it." 50 cent bottles for sale by Blakeley & Houghton, druggists.

#### La Grippe Successfully Treated.

"I have just recovered from a second attack of the grip this year," says Mr. Jas. O. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the first attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy, as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" 50 cent bottles for sale by Blakeley & Houghton, druggists.

#### A Remarkable Cure of Rheumatism.

Messrs. Cages and Sherman, of Alexander, Texas, write us regarding a remarkable cure of rheumatism there as follows: "The wife of Mr. Wm. Pruitt, the Postmaster here had been bed-ridden with rheumatism for several years. She could get nothing to do her any good. We sold her a bottle of Chamberlain's Pain Balm and she was completely cured by its use. We refer any one to her to verify this statement." 50 cent bottles for sale by Blakeley & Houghton, druggists.

Don't forget the medal contest Wednesday night. Tickets at Leslie Butlers'.
