TROUBLE ANTICIPATED

The Sandwich Island Kingdom is Again Threatened.

ROBERT WILCOX STIRS UP STRIFE.

The Royal Palace Piled Breast High With Sand Bags.

PROTECTED FROM EXPECTED RAID.

The Queen, Court and Cabinet in Full Dress. Make an Official Visit to the Cruiser San Francisco.

SAN FRANCISCO, April 6.—The steamer Australia arrived from Honolulu at noon yesterday, brings advices of a "tempest in a teapot" affair created by a defense against an anticipated raid by Wilcox and his malcontents, on the morning of March 29th, when at an early hour the curbing surrounding the royal palace was found piled breast high with sand bags. The situation was explained by the statement that the barricades were placed there as a protection against Wilcox, who has heretofore made a record in that line. Early risers had also seen guns in position, and the rumors were magnified to such extent that considerable uneasiness was felt among the people among whom are a large number of visiting strangers. Besides the sand bags placed in position along two sides of the protecting curb of the palace, further investigation showed two Knapp breech-loading cannon concealed beneath tarpaulins at either side of the steps leading to the basement of the palace. Inquiry of Minister of Foreign Affairs Parker and of Gov. Cleghorn elicited the information that they knew nothing of the preparations for defense and had no knowledge of any intended revolution, and absolved themselves from all responsibility in the affair. Gov. Cleghorn, father of Princess Kaiulani, was very indignant as was also Minister Parker at what they termed as these unwarranted preparations, and blame was laid on Marshal Wilson, the head of the household troops and so the tempest subsided. The queen, accompanied by a number of the members of court and cabinet in full dress, paid an official visit to the United States cruiser San Francisco, on March 19th. The whaler Andrew Hicks has arrived at Honolulu from San Francisco. On the voyage a whale smashed one of her boats, killed one man and severely injured two others.

Chinaman Heap Sabe.

WASHINGTON, April 6.—Word has come direct from the Chinese legation that if the bill passed by the house yesterday became a law it would be so offensive as to cause retaliatory measures to be taken. It is proposed to drive every American out of China and to adopt such other means of reprisal as may seem necessary. The act, as it passed the house 179 to 42, absolutely prohibits any Chinese, whether or not subjects of China, excepting diplomatic and consular offices and servants, from entering the United States, and Chinese who may hereafter leave the United States, are prohibited from returning to this country. It makes liable to arrest Chinese or persons assisting Chinese to enter the United States, or found unlawfully therein, and provides for their punishment by imprisonment not exceeding five years and their subsequent removal to the country whence they came; provided, when they come by way of contiguous foreign territory they shall be returned to China. A proviso of the law is that the secretary of the treasury will admit Chinese, other than laborers or artisans, to a temporary visit in the United States under such rules as he may prescribe.

One Immense Cow.

CHICAGO, April 6.—Chicagoans will, in the near future, be compelled to patronize one immense cow, to be known as the Milk Trust. Such a corporation has been organized and duly incorporated. It has assumed the name of the Farmers' Dairy company, and its first official act has been to secure control of the Chicago milk dealers' association. Already immense warehouses have been secured and temporary preparations made for handling all milk which comes to the city. The surplus product will be made into butter, cheese and milk sugar.

A quantity of nice, clean rags wanted at this office.

Minister Egan Coming Home.

WASHINGTON, April 6.—Minister Egan is soon expected home on a leave of absence. He has not been in America since he entered the diplomatic service three years ago, and it is quite natural that he would desire to return. His work there has been anything but easy, and no doubt that he feels the need of a vacation. Our diplomatic relations with Chili are cordial, and it has not been even suggested that these relations should be severed by what appears to be to some a singular circumstance, that Senor Montt, who made his adieu to the president today, should leave America for Chili at the same time that Egan was about to leave Chili for the United States. It is simply a coincident. Every diplomatic relation with Chili is thoroughly satisfactory, and the only question now at issue between the two countries is one of indemnity for the Baltimore affair.

Liberals Manifest Disappointment.

LONDON, April 5.—In the house of commons today Labouchere asked whether the government intended to seek the adoption by Great Britain and the United States of a general treaty of arbitration for the settlement of any disputes that might arise between the two nations. Lowther, on behalf of the foreign office, said Great Britain did not intend to seek for the passage of such a treaty: that disputes frequently arose that could properly be submitted to arbitration, but there were some differences that could not be decided in that manner. The reply of Lowther was received with manifest disappointment by members on the liberal side, as there is a strong movement in favor of a permanent treaty of arbitration with the United States.

Not Yet Knocked Out.

REDFIELD, S. D., April 5.—A terrible storm of sleet and high wind is prevailing, practically suspending all business. Train service on the Northwestern is abandoned here. There are four inches of snow on a level.

A CYCLONE IN ILLINOIS.

BRIDGEPORT, Ill., April 5.—The cyclone last night damaged the Presbyterian and Methodist churches and several residences. It totally demolished a number of barns, killing several horses.

ALSO IN IOWA.

COLUMBUS JUNCTION, Ia., April 5.—A cyclone yesterday destroyed a number of buildings at Cairo. No one was seriously injured.

LIVESTOCK DROWNED.

OGALALA, Neb., April 5.—The storm yesterday drifted cattle and livestock into the Platte river. Many were chilled to death. The loss will be heavy.

A BLIZZARD IN MINNESOTA.

RED LAKE FALLS, Minn., April 5.—A furious blizzard has been raging here for the past twenty-four hours, growing in violence. It is feared there will be loss of life on account of the small supply of fuel kept in reserve by the inhabitants.

GREAT LOSS OF CATTLE.

GUTHRIE, O. T., April 5.—Late cold snaps and storms have caused a great loss of cattle in the territory. In the Chickasaw country the losses are 20 per cent. In the Creek country hundreds are dead and others are dying daily. In Comanche and Iowa reservations the loss is the greatest. Thousands have died and are still dying fast.

Direct Process Steel.

PITTSBURG, Pa., April 6.—A new method of making steel, known as the direct process, has been adopted by Carnegie, Phipps & Co., that will revolutionize the iron and steel trade of the world. The new process has been in operation and the results have exceeded all expectations, the product being of a superior quality, with a very material reduction in the cost. The company expects a practical monopoly of the steel trade of the future. Under the new process a workman can make four heats to a turn, whereas, under the old method, he could make but two.

St. Petersburg Shaken.

ST. PETERSBURG, April 5.—Five tons of gun-cotton in the state powder factory exploded last night. The whole city was shaken. The building was wiped out of existence. The remains of nine workmen employed in the factory were scattered to the winds. At first it was thought the nihilists had begun work again, and a panic prevailed till the true cause was made known. The adjoining factories were greatly damaged and five workmen were hurt.

No Revolt in Peru.

LONDON, April 5.—The Peruvian legation here denies the reports that have been circulated regarding a revolt in Peru. The officials at the legation say that there is no revolt nor any sign of one, and that the country is everywhere tranquil.

Government Funds Applied to Paying off Election Bribes.

SIR ADOLPH CARON IMPEACHED.

The Lake John Railway Subsidy Contributed to Buy Voters for the Government.

OTTAWA, Ont., April 5.—The sensation in parliamentary circles is the formal impeachment of Sir Adolph Caron, postmaster-general, by Mr. Edgar, member for West Ontario, who has given notice of a resolution charging Sir Adolph with corruption and demanding an investigation. The resolution alleges that during the years between 1882 and 1891 the Lake St. John railroad received from the Dominion government subsidies, aggregating over \$1,000,000; that Caron corruptly received large sums of money out of the government subsidies, and money raised upon the security of such subsidies. That large sums were contributed out of the company's funds at Caron's request for election purposes to aid the election of members and supporters of the government.

A Lawyer's Pay.

FRANKFORT, Ky., April 5.—It developed yesterday, through a gentleman in this city on the closest terms of intimacy with Senator John G. Carlisle, that in the Preston-Beall case, decided by the court of appeals Saturday, in which the heirs of Robert Wickliffe won the suit, involving more than \$220,000. Mr. Carlisle had a contract with Gen. Draper, of New Jersey, who married one of the heirs, by which, if the suit was won, Mr. Carlisle was to receive \$25,000 to represent the interest of Gen. Draper's wife. Mr. Carlisle, the intimate friend said, did not have to go into an exhaustive study of the case, but made his argument before the court of appeals, the briefs in the case being prepared by Judge Alexander Humphrey and George Davie, attorneys for two of the heirs. To do this required Mr. Carlisle's presence in Frankfort five days at an earning of \$5,000 a day.

Deeming the Demon.

MELBOURNE, April 5.—The inquest upon the body of Mrs. Deeming, formerly Miss Mather, for whose murder Deeming is in custody, began today. Deeming sat in full view of the audience. He seemed to enjoy the opportunity to give the people a chance to see him. The evidence went to show his connection with the murder. Deeming laughed loudly at the different points in the testimony.

Nicaragua Canal Convention.

SAN FRANCISCO, April 5.—In regard to the mooted project of having a convention of the governors of all the states of the Union on the subject of the Nicaragua canal, Gov. Markham said yesterday the plan was not yet perfected. It had been deemed advisable to hold a convention at St. Louis as a central point, but Gov. Markham has been asked to consider the plan of having the invitations issued in the name of California.

Lessons of City Elections.

CHICAGO, April 5.—A resume of the city elections in Michigan, Ohio, Iowa, Kansas and North Dakota shows that in a majority of places local issues took precedence over politics; that when party lines were drawn the republicans had the best of it. The democrats generally were successful, and secured large majorities.

A Lick at Reading.

TRENTON, N. J., April 5.—Gov. Abbott this morning vetoed the bill legalizing the Reading Railroad Company, on the ground that it is unconstitutional. This will have an effect to cause the coal trust some trouble.

Take No Bail.

WASHINGTON, April 5.—Representative Geary, of California, in an interview on the subject of the Chinese exclusion bill passed by the house yesterday, condemns the system of taking bail in Chinese cases.

Old papers, nice and clean, for sale at this office. They are useful for many things.
