**TAMMANY NOT FOR HARRISON.**  
 The East Oregonian says: Every oppressor of the people and every man who secretly desires to destroy liberty and equality in this country, are for Harrison. The East Oregonian forgets. Tammany is not for Harrison. What is Tammany? It is a political society which rules New York city, which rules the state of New York, which largely rules the nation. It is a society whose minions, according to the statement of Henry M. Tabor, foreman of the New York grand jury, draws from seven to ten millions annually from keepers of gambling dens, saloons, concert halls and houses of prostitution in the city of New York, a city that Dr. Parkhurst characterized as "this rum-besotted, Tammany-debauched town." Of the Tammany rulers of New York city, Dr. Parkhurst says: "They are a lying, perjured, rum-soaked and libidinous lot. Every effort made to improve character in this city, every effort to make men clean and respectable, honest, temperate and sexually clean is a direct blow between the eyes of the mayor and his whole gang of drunken and lecherous subordinates, in this sense, that while we fight iniquity, they shield and patronize it; while we try to convert criminals, they manufacture them; and they have a hundred dollars invested in manufacturing machinery to our one invested in converting machinery. Such, in brief, is Tammany, the friend and chaperon of David B. Hill. But Tammany is not for Harrison."

The Walla Walla Mutual Aid Society has changed its tactics. It has abandoned the boycott on the Chinese and instead of attempting to drive them out of the city by force it will endeavor to freeze them out. The chief reason given for the employment of Chinese is their indispensability—white men cannot be found to take their place. The society has acted upon this suggestion and will endeavor to demonstrate its falsity. An employment office will be opened at which white men wanting work can be put in communication with those requiring their services. It is presumed the agency will make no charge for its services, the expenses of the office, if any, being raised by the voluntary contributions of those in favor of the scheme. Will the scheme work? That is the question. The trouble is, there is always a class of white laborers who would rather starve or beg or loaf than saw cord wood or do other chores that give employment to so many chinamen.

To the inventions of women the world is indebted for a street sweeper, an improved method of heating cars, a chain elevator, a reaper and a mower, a machine for feeding cattle on cars, a fire escape, the paper bag, an ice cream freezer and perambulator, yet she will get off a car backward. Could not hit a nail with a hammer without striking her thumb, and never was known to hit anything with a rock smaller than a straw stack.

The East Oregonian says: "The moral character of Cleveland, is as high above that of Harrison as the heaven is above the earth, is as much brighter as the sun is brighter than the moon. Even Hill is a more admirable character." It is impossible for the insanity of blind, besotted ignorance, contempt of truth and partisan bigotry to go farther than this?

The Prineville News says: "The Dalles Chronicle man has evidently been raised a good way east and cannot distinguish between a 'prairie schooner' and a common freight wagon." That's where the News man is way off. The Chronicle man was raised far west and crossed the MacGillivuddy mountains in a "prairie schooner" before the News man was born.

No bank failure has occurred in China for 900 years. The last banker who failed in the Flowery Kingdom had his head chopped off.
