### LOCAL BREVITIES.

French & Lauer have dissolved and the works will be carried on by Mr. J. N. Lauer, at the old stand.

The sharp frosts of the past few nights have undoubtedly hurt some of the peach bloom, though, it is hoped not to any great extent.

The dalles and cascades fish wheels are expected to make an increased catch this summer and everything is in readiness for the fishing season.

W. M. Rand, of Hood River, who is attending the democratic county convention as a member of the third house, gave THE CHRONICLE a pleasant call today.

The first half mile of the lower end of the new Tygh hill grade will be built by the end of the week. Those who have seen it say it is a splendid grade and that a wagon may go down it easily without a brake.

R. McNeil left at this office today two apples of the Red Cheeked Pippin variety which were grown at Mosier by J. M. Elliott. They are simply beauties and are as sound as the day they were plucked off the tree.

A heavy blow, followed a low barometer of 29.35 and temperature of 70 deg., which reached a velocity of about forty miles an hour, visited this vicinity about 1 o'clock this afternoon. It made things rattle at a lively rate for about half an hour although no damage to speak of was done.

Tom McCoy, the barber, had his left hand severely cut by a razor the other day. He was just about to commence shaving a customer and stooped to pick something off the floor, when the razor was drawn across the fleshy part of the palm, near the base of thumb, cutting him to the bone. Dr. Eshelman put four stitches in it and the wound is healing as well as could be expected.

The invitations for the Columbia river centennial celebration are out, and are exceedingly pretty. On the front of the paper are the names of the officers of the society, together with the invitation signed by the president, recording secretary and secretary of the executive board respectively. On the reverse side are views of the mouth of the river, the jetty, and a chart of the channel showing the latest soundings. The good ship Columbia under full sail is also pictured faithfully, with the date of the discovery of the river neatly engraved beneath.

Altogether the work is artistic and displays very good taste.

### Meeting of the Wasco County Convention Today.

The democratic county convention of Wasco county met in this city this morning at 10 o'clock and was called to order by H. J. Maier, chairman of the county central committee. The committee on permanent organization reported as follows.

We recommend that officers of this convention shall consist of one chairman, one secretary, one assistant secretary, and two tellers. That the nominations for the respective offices be made in the following order: County judge; county clerk; sheriff; treasurer; assessor; surveyor; school superintendent; one county commissioner; coroner; and nine delegates to the state convention.

It having been conceded that the state delegates, be districted we recommend, therefore, that the districts be called and their delegates be named or balloted for as agreed upon, all of which we most respectfully submit.

A. BETTINGEN,  
F. M. THOMPSON,  
E. SCHUTZ,  
A. M. BARRETT,  
J. B. HAVELLY,  
Committee.

The report was adopted, with the amendment that the temporary officers of the convention be made permanent.

The report of the committee on resolutions was adopted, and is as follows:

To the democratic county convention.

GENTLEMEN: We your committee, appointed to draft resolutions, beg leave to report as follows:

Resolved, That we, as democrats of Wasco county, are in favor of an early completion of the cascade locks, and that the work be done by contract. And would urge upon our representatives in congress to give that matter their undivided attention at all times when convenient for them to do so.

Resolved, That it is the unanimous wish of the democratic party of Wasco county, that the congress of the United States extend the time of payment by settlers upon forfeited railroad land to two years from February 1st, 1893.

Resolved, That this convention heartily endorse the administration of Gov. Pennoyer, and especially his actions in relation to portage railways in this state.

Resolved, That we heartily endorse the action of our democratic majority in congress in distinguishing between the generous expenditure of public money for a proper purpose, such as the removal of obstructions in a great river, furnishing a broad and commodious

highway to the interior of four or five states, and the squandering and trifling away of said public money in useless and unnecessary public extravagance. And, as an illustration of this disposition to distinguish between the worthy and unworthy, we point with pride to the action of the democratic majority of the congressional committee on rivers and harbors, in recommending appropriations of \$435,000 for the improvement of the Columbia river at the cascade locks, \$150,000 for the improvement of the upper Columbia and Snake rivers, \$300,000 for the improvement of the mouth of the Columbia river, and \$50,000 for the lower Columbia and Willamette rivers, at the same time they are cutting down unnecessary and uncalled for appropriations for all trifling purposes and sham improvements, and carefully economizing in the expenditure of the people's money.

Resolved, That believing that tariff reform is and should be the natural battle cry and watchword of the democratic party, in this campaign, and believing that Grover Cleveland, of the whole United States, is the natural champion of that principle; and admiring, as we do, his honesty, courage and statesmanship, and believing that he should be made the presidential candidate of the democratic party in the coming national convention; now, therefore, it is resolved, that our delegates to the State convention be instructed to favor delegates to the National convention who will support Grover Cleveland for president, and to favor a resolution in the State convention instructing the delegates from this state to support him for nomination to that high office.

Resolved, That we believe that the time has come when there should be a reduction in the compensation of the clerk and sheriff in this county, to the same basis which they receive in the other counties of the state; and we therefore pledge our candidates for the legislature to favor an act cutting off the extra 33 1/2 per cent. over the regular fees of other counties now allowed to them by law.

Resolved, That a feeling prevails throughout the county of Wasco that useless extravagance has accompanied the actions of our county court during its present administration.

On motion Ben Wilson and George Nolin were appointed tellers.

The following names were then placed in nomination:

For county judge, M. V. Harrison, Geo. Blakeny and S. B. Adams.

The first ballot gave Blakeny 31 votes, Harrison 25 and Adams 13.

The second ballot gave Blakeny 37, Harrison 26 and Adams 6.

The nomination of Mr. Blakeny was then on motion, made unanimous.

For clerk, J. B. Havelly nominated J. B. Crossen the present incumbent, and E. B. Dufur presented the name of Mr. Keely of Eight Mile.

Mr. Crossen received 54 votes, against 16 given to Mr. Keely, and one blank.

On motion of E. B. Dufur, Mr. Crossen's nomination was made unanimous.

For sheriff, D. L. Cates was nominated by Morse of Hood River, and Tom Ward by Judge Bennett, in an earnest speech supported by one equally as earnest from E. B. Dufur.

Ward was nominated by 40 votes, to 29 for Cates, and one blank.

The nomination was made unanimous on vote of E. Schutz.

For county treasurer, J. P. McInerney and William Corson were placed in nomination.

Corson received 47 votes to 23 for McInerney and one blank.

On motion the nomination of Corson was made unanimous.

For assessor, G. T. Prather of Hood River, and Henry Pitman, of Dufur, were placed in nomination.

Prather received 41 votes, to 29 given for Pitman.

On motion, the nomination was made unanimous.

For surveyor, F. S. Gordon, of Wamic, was nominated by A. C. Sanford; and P. P. Underwood, of Boyd, by W. L. Ward.

Gordon was elected by 50 votes, to 19 for Underwood.

For school superintendent E. P. Fitzgerald was nominated by acclamation.

For county commissioner James Darnelle, A. N. Barrett, F. M. Jackson and A. J. Swift, were nominated.

Darnelle received 37 votes, Jackson 20 and Swift 4.

The nomination of Mr. Darnelle was made unanimous.

For coroner, Theo. Prinz, David Graham, Al. Bettingen and John W. Moore were nominated.

The name of Mr. Prinz was withdrawn, E. Schutz and Al. Bettingen declined, "respectfully," and the field was therefore left to Graham and Moore.

One ballot was cast for "Moody" and one for "Farley" but the vote was so overwhelmingly in favor of Moore that, on motion of Judge Bennett, the counting of the ballots was dispensed with, and the nomination of Mr. Moore was made unanimous.

Convention took a recess. We go to press at 4:45.

Reports from all parts of the country are to the effect that grain never looked better at this time of year and that the prospects for a bountiful harvest were possibly never so good.

### Diphtheria in The Dalles.

We regret to hear that three children of Rev. A. C. Spencer of this city are down with diphtheria, as is also Lily Richards, daughter of W. D. Richards of Eight Mile who is visiting with Mr. Spencer. Mr. Spencer's family arrived in the city last Sunday morning and doubtless contracted the disease before coming here. Dr. Sutherland is attending the patients and we sincerely hope for a favorable outcome, and that the much dreaded malady may spread no further.

### Something New.

A "Shadow Social" will be given by the members of the Good Templar's lodge of this city, tomorrow, (Friday) evening in the hall over the CROCUS building. The peculiar feature of the entertainment will consist in placing the young ladies behind a curtain so that the shadows are cast on it. In that position the ladies are sold at auction to the highest bidder, who may or may not get the girl of his heart, and whose reward for the money invested is the privilege of treating his purchase to refreshments to be furnished in the hall at 25 cents a head. All the profits of the social will go for the benefit of the lodge.

It pays to be moral and virtuous. Patti has disinherited her nephew for indulging in illicit amours. It's an ill wind that blows no advertising to the diva.

The latest discovery reported by the medical world is that baldness is caused by dyspepsia. This is new and will give the barber a chance to enlarge the scope of his trade.

It is proposed to run from New York to Chicago, at the time of the dedication of the Columbus fair building next October, ten special trains ten minutes apart, each train to have elaborate decorations and music. It is believed that fully 5,000 people will want to make the trip.

Senator Hill said recently to an interviewer when he went to the senate to be sworn in "and strode forward in the senate chamber the impression came over me of being in a pit of some kind, a hole dug and walled in, and people peeping over." When he reads the proceedings of the Harrisburg, Pa., democratic convention today the thought may come to him that he actually "is in a hole."

Glanders is prevalent to an alarming extent in San Francisco, horses dying by the score almost daily. The disease attacks men, as well as horses, and in many instances has been fatal to the former. A few years since while the sheriff of San Jose was driving behind a glandered horse a flock of the whirling mucus lodged in the officer's eye and in a brief time he was dead.

The mines which are attracting so many people over in Washington, are located about forty miles south of the Mineral creek district, and can be reached from Castle Rock with but little trouble. The finds are near Mount St. Helens and within twelve miles of a wagon road. Rich discoveries of gold and silver bearing quartz are reported and a general stampede to the district will soon begin.

It is said that one young man, enlisted in Company F, O. N. G., refused to go to the front, when his comrades were called upon to march to Vale. A number were excused on account of sickness or urgent business, and it is said that this one will probably have reason for wishing that he had taken his chances with his comrades, if there were any to be taken, before he gets through with it.

### A CLOUD BURST.

"Say, John, where did you get those well fitting stylish shoes from?"  
"Why, I purchased them of The Dalles Mercantile Company."  
"You don't say so?"  
"But why do you ask?"  
"Because I have never seen such shoes since I left Boston. What brand did you say they were?"  
"Why Walter H. Tenney & Co., of course."  
"Well, now; I thought so. I am right glad I met you, for I shall buy a pair for myself, and take my family along too, for my children have always worn them. And do you know? they last a whole year."  
"Yes, and you can get them in all widths, and prices, in men's, ladies, misses, child's, infants, boys and youths. And do you know, they are sold under a guarantee?"  
"No. Why do they do so?"  
"Because they have a world wide reputation, and can be relied upon."  
The Walter H. Tenney Shoe is sold only by The Dalles Mercantile Company, who are sole agents for The Dalles.

### Dissolution Notice.

The copartnership heretofore existing between S. F. French and J. N. Lauer, doing business in The Dalles under the firm name of French & Lauer, has been dissolved by mutual consent. The business will be conducted at the old stand First street, by J. N. Lauer who has purchased the same, and will collect and pay all outstanding accounts.
