LABOR UNION FIGHT.

The Rochester Boycott Resisted by the Federation.

AN ILL OMEN OF BROTHERHOOD.

Second Days Proceedings of the California Earthquake.

DREAD APPREHENSION REALIZED.

Ireland's Appeal to America an Important One—The Mushroom of Oklahoma, etc.

NEW YORK, April 21.—At a meeting of the executive committee of the federation of labor which is to be held in this city next week, a plan of campaign will be marked out for a fight, which means "the survival of the fittest" so far as the American federation of labor and the Knights of labor are concerned. Then the great battle will begin, and in every city the fight will be taken up by the federation. These two powerful bodies of organized labor will enter into a combat which will be lengthy and quite spirited. Such is the meaning conveyed by an interview with Henry White, general auditor of the united garment workers of America, affiliated with the American federation of labor. In the interview he is emphatic in the denunciation of the Knights of labor policy regarding the boycott on Rochester clothing manufacturers. He stated that the federation has taken the matter up, and would endeavor to counteract the effects of the boycott.

California's Earthquake.

SAN FRANCISCO, April 20.—A singular impression possessed many residents of Vacaville yesterday to the effect that they had not passed all danger, and this dread apprehension was realized, when, at three separate times, from 2:02 to 6:40 a. m., shocks of an earthquake were repeated, and if a building was only slightly injured yesterday, today the wreck is complete. In the creek one mile above town are fissures from one to six inches wide, from which gases escaped, making a loud, hissing sound. Water was thrown out of the creek on the banks on either side a distance of twenty-two feet by the explosion. There was no apparent excitement but more shocks were awaited. There were none, however, until 8:25, and that was almost as sharp as its early-morning predecessors. The town presents even a more ruined appearance than yesterday. Debris is piled up everywhere. Buildings all around town have opened up, and many walls that were only cracked yesterday are nearly ready to fall today. Shocks were also felt at Dixon at 2, 3, and 8:30 a. m. They were all of short duration compared with the one of the night before. A large force of men have been engaged to clear away the ruins of yesterday morning's damages. Similar reports come from Hayward, Benicia, Stockton, Woodland, Sacramento and Elmira. At the latter place seven distinct shocks were felt.

An Appeal for Aid.

NEW YORK, April 21.—The friends of Ireland in America are appealed to by the committee of National Federation, for aid to carry home rule for Ireland at the elections soon to follow the dissolution of parliament. The appeal says: "The election will decide the home-rule question for our generation, if not forever. Will you aid the Irish people now? The tory party has arranged to contest every seat in Ireland; to impose new burdens on our people, knowing their poverty. Heavy statutory fees must be deposited when the nominations are made. The necessary funds should be in our treasurer's hands before the dissolution of parliament, in order to be available at once. The hour for a final effort is upon us." The appeal is signed by Thomas A. Emmett, president. It requests that contributions be sent to Treasurer Eugene Kelly, 22 Cooper Union.

A Mushroom Town.

OKARCHE, O. T., April 20.—Yesterday morning Okarcho was a lonely depot on the Rock Island road. This morning it has 1,500 inhabitants, including twenty women. There is a grocery store and lumber yard, both doing a rushing business. About the first men to alight were two drummers, who went right to work taking orders. At 11:40 yesterday, twenty minutes before the hour, at El

Reno, a revolver shot was fired. It was taken for the signal, and the crowd dashed across the line. The soldiers managed to stop most of them, but a large number continued on in the race. This will doubtless lead to many complications. During the rush, nine miles west of Union City, one man was killed in a dispute over a claim. A number of boomers are returning, disappointed at not getting claims.

Should Have Been Lynched.

LOUISVILLE, Ky., April 20.—There were seven attempts to burn the city last night. Inside of four hours fifteen buildings were destroyed, all incendiary, and all in the same section. Saturday night there were five incendiary fires in the same neighborhood. Two arrests have been made. One man had cotton balls saturated with oil on his person. The loss is light so far.

Very "Prominent" Citizens.

MONTREAL, April 20.—A tremendous sensation was created in St. John's, Quebec, by the arrest of five prominent citizens, including lawyers and officials of the provincial government, on a charge of the most revolting nature. It is alleged the prisoners were in the habit of enticing small boys into a rendezvous known locally as the "Fishing Rod Club."

A Big Land Sale.

DUBOIS, Pa., April 20.—The Pennsylvania railroad company has bought the Dubois estate, comprising 28,000 acres of coal and timber land in Clearfield county, for \$17,000,000. John Dubois, who was made sole heir of the estate at the death of his uncle, is in Philadelphia. The low grade of the Allegheny valley railroad, now controlled by the Pennsylvania, runs through the tract from east to west. It is said the transfer will be made to individual stockholders of the Pennsylvania.

Portland Live Stock Market.

PORTLAND, April 21.—The following prices of live stock in this market are furnished by A. Faragher & Co.: Cal. steers, average 1,150 to 1,250 lbs., \$4.00 @ \$4.15; Grass fed steers, average 1,000 to 1,200 lbs., \$3.75 @ \$4.00; Grass fed cows, average 900 to 1,100 lbs., \$3.00 @ \$3.80; Hogs, block, average 125 to 200 lbs., \$5.00 @ \$6.25; Stock, average 80 to 125 lbs., \$5.75 @ 6.00; Grass fed sheep, average 80 to 95 lbs., \$4.75 @ 4.90; ditto average 100 to 110 lbs. \$5.00 @ \$5.10; Grass fed sheep, Eastern Oregon, average 95 to 110 lbs., \$5.00 @ \$5.10. The market is strong, or good stock.

Herr Jaeger, who for twenty years has been in the service of the Rothschilds, at Frankfurt-on-Main, is a fugitive and an embezzler of nearly 2,000,000 marks. No event within many years has created a greater sensation in the financial circles of Germany.

One of the most sensational and remarkable international transactions known in many years, and one which will make a great stir in England and Germany, consists in the virtual sale of the island republic of San Domingo to private parties for the United States for \$5,500,000 in 5 per cent debentures, secured on the revenue from tobacco, etc.

Senator Mitchell was feeling very good over having a convert in John Sherman to his opinion that the present Chinese exclusion acts did not expire until 1894. Senator Dolph believes that the end will come May 6, this year, and Senator Sherman said he too was of that opinion until he read all the amendment carefully. The members of the judiciary commission agree with Senators Mitchell and Sherman on this proposition.

A Woman and Three Wolves.

BIG NEW YORK STEAL.

A Gang of Crooked Custom House Employees Detected.

IMPORTERS CHEATING UNCLE SAM.

The Stealings of Seventy-Five Persons Aggregate \$300,000.

NUMEROUS ARRESTS TO BE MADE.

A Clan of Importers, Brokers and Custom Employes Pull Together for Years.

NEW YORK, April 21.—For some weeks past Collector Hendricks has been quietly working upon a crew, which has at last unraveled a proceeding which has been carried on in this port for years, between a clan of importers, brokers and customs employes, by which the government has been defrauded of large sums of money. About forty persons have been arrested, and as many more will be taken into custody this week. Special treasury agent Whitehead, and a force of detectives, are co-operating with collector Hendricks in the matter. The system of frauds practiced has been in the undervaluation of imports, and the operators are mostly of a class of persons hitherto considered honorably connected with some of the most respectable merchantile houses of the continent. The first arrests, made on Tuesday, created great excitement in the circles of those implicated, and when the newspaper reporters heard of it efforts were made to get at the facts, but the collector and his assistants had provided against revelations so closely that no information could be had until the beginning of the wholesale arrests, then it was learned that the authorities have been for some time quietly investigating what has turned out to be the most gigantic conspiracy of the times. At least seventy-five persons are implicated in the steal, and the sum taken aggregates over \$300,000. Importers, customs inspectors, weighers and assistants, as well as some gaugers, belong to the ring, which appears to have been operating successfully a number of years.

San Francisco Ringsters.

CHICAGO, April 20.—Government officials this morning resumed their search for contraband tobacco, sent here and to other cities by the San Francisco ringsters, who have been defrauding the customs. The treasury agents received dispatches from San Francisco and New York this morning, and on information contained therein an inspector was sent hurriedly to a city in Ohio, where it is believed 100 boxes of the tobacco were sent for disposition. Meyer & Son, C. Heller and S. Kullentach, who have had dealings with San Francisco men, have been victimized by them, have a Collector Clark some valuable information, and it is believed before many days the tobacco will be located in Chicago and seized.

Union Pacific Affairs.

NEW YORK, April 20.—Capt. R. S. Hayes has consented to take the presidency of the Union Pacific when Sidney Dillon retires, at the coming election. Jay Gould and Russell Sage will be dropped from the board of directors, and Mr. Dillon retained only as a concession to his long service to the company. A suggestion that the place of chairman of the board be created for him was not favorably considered by the people who will represent the controlling interest. Vice-President S. H. H. Clarke may continue his connection with the company, upon condition that he resign his position as general manager of the Missouri Pacific railroad, which he is said to have expressed a willingness to do.

Building Accident.

NEW YORK, April 21.—A building on State street, Schenectady, fell in yesterday with a terrible crash. Workmen were excavating alongside of the wrecked building, for the foundation of a new building adjoining, and they just had time to escape. Mrs. Carling, wife of the owner of the wreck, was in the building when it fell, and was buried in the debris and some time elapsed before her rescue was effected. The roof was finally lifted and propped, and she was found conscious and uninjured, beneath a sewing machine which had fallen over her and acted as a shield, protecting her from the roof timbers.
