#### STATE OFFICIALS.

Governor: G. Penney; Secretary of State: S. W. McBride; Treasurer: Phillip Metcham; Supt. of Public Instruction: E. B. McElroy; etc.

#### COUNTY OFFICIALS.

County Judge: C. N. Thornbury; Sheriff: D. L. Cates; Clerk: J. B. Groves; Treasurer: Geo. Ruch; Commissioners: H. A. Leavens, Frank Kincaid, John E. Barnett; Assessor: E. F. Sharp; Superintendent of Public Schools: Troy Shelly; Coroner: William Mitchell.

It is remarkable to what an extent men's judgments are governed by their interests. The silver producing states are the strongholds of the free silver advocates. Even in our state the First Oregon Free Coinage Silver League has been formed in Baker county and the members of the league are frank enough to say, that the time has come for the owners of silver mines to combine their strength and, in miner's parlance, "rake in a jack pot." At a meeting of the club held in Baker City last Sunday the members clamored loud and earnestly for free silver and the placing of the white metal, not simply the coined specie but the bullion itself, on an equal footing with gold. All this is perfectly natural from a purely selfish standpoint, but who is going to lose the more than thirty per cent. difference if the silver miner makes it? The demand for free silver is based on nothing but selfishness. It is a scheme to enrich the silver miner at the nation's expense, or in his own words to enable him to rake in a jack pot, and is the baldest form of class legislation ever suggested to the American people.

The Hood River Glacier publishes the following "to show the productiveness of Hood River soil." The CHRONICLE knows the acre referred to and does not wish to bate a tittle of the credit due to its productiveness, but something ought to be said for the water by which it is irrigated. The fact is, with sufficient water for irrigation, there are tens of thousands of acres of land in the Hood River valley and Wasco county just as good, and capable of producing equally as much as the acre referred to. The Glacier says:

To show the productiveness of Hood River soil we give below the actual product of one acre of ground last year, the same being cultivated by Mr. D. D. Rogers, who is 78 years of age: Three tons of hay, forty bushels of apples, forty bushels of peaches, 1,000 pounds of carrots, 150 hills of tobacco, 300 pounds of tomatoes, a two horse wagon load of watermelons, 1,000 pounds of prunes, and berries, grapes and vegetables enough for his family.

Wyoming is the only state in which women have unrestricted suffrage. They vote there on the same terms as men. They have had this privilege since 1870. In the state constitution adopted in 1889 in Wyoming the woman suffrage right of territorial days was incorporated, and congress knowing this provision was in its constitution admitted the territory to statehood. Women will vote for Presidential electors in that state next November, and the question of the constitutionality of this privilege will doubtless be brought up in the courts subsequently and definitely settled.

The Walla Walla Union Journal states that regular ore has been discovered in the Cascades in this state, a specimen of which is on exhibition in that city. This specimen contains 70 per cent. arsenic and 29 per cent. sulphur. It is said to be the first discovery of the kind ever made on the American continent, this ore being heretofore only found in Spain and Italy.

The bill for opening the Colville reservation that passed the house a few days ago will open up 1,500,000 acres of land to settlement.

Judge Gilbert's Court: PORTLAND, May 5.—The first United States Circuit court presided over by Judge Gilbert, was held yesterday. The following cases were disposed of today: Pacific Improvement company vs the Portland and Willamette valley company; final decree entered. Olaf Phil, administrator, vs. Marion county; demurrer to complaint set for hearing Monday, May 16th.

The Government Annoyed: St. Petersburg, May 4.—The anarchistic pamphlets blaming the czar and government for the famine and misery now prevailing in parts of the empire are largely increasing in circulation, much to the annoyance of the court and government. A reward of 400,000 rubles has been offered for the arrest of the writers, printers or disseminators of the inflammatory publications.

A traveling man who chanced to be in the store of E. V. Wood, at McKees Rocks, Pa., says while he was waiting to see Mr. Wood, a little girl came in with an empty bottle labeled Chamberlain's Pain Balm and said: "Mamma wants another bottle of that medicine; she says it is the best medicine for rheumatism she ever used." 50 cent bottles for sale by Blakeley & Houghton, druggists.

#### OREGON LIME

This lime is manufactured by The Oregon Marble and Lime Company, near Huntington, Oregon, and has earned the reputation of being the strongest lime in the market, and consequently, in addition to making the best work is at an equal price, the cheapest to the user. The following analysis by W. G. Jenne, chemist, Portland, Oregon, is worthy of consideration:

Mr. T. F. Osborn, Dealer in Building Materials. Agent Oregon Lime, Portland, Or. DEAR Sir:—Referring to your inquiry concerning the "Oregon" Lime, would say, that we have used this lime, that it has given satisfaction, and we consider it a first class-class lime in every respect. Yours truly, Mathew A. Rowe, Contractor, "Oregonian" Building.
