So little is heard of Gen. Alger nowadays that some folks dimly surmise that he has crawled into his barrel and pulled the bung-hole in after him.

General Weaver predicts that M. V. Rock, the peoples' party's candidate for congress for the first district, will get as many votes as Yeatch.

It takes a whole page of the Boston dailies to report the baseball games, and only three sticks to cover a lecture upon the Literary Influence of Browning.

Commenting upon the dispute of Astorians that the war ship cannot safely come up to Portland, the Oregonian refers to the arrival of a deep ship, 21 1/2 feet, and then says: "We certainly have deep water from Portland to the sea, and all the Astoria tales can not make the world believe otherwise."

The Salem Journal warns its readers to look out for Pennoyer. It predicts that "he is too active a man and has too large a following to lie still and allow the chariot of destruction to be drawn over his mangled political remains."

Representative Hermann is again pressing the committee on public lands to call up his bill extending the time to settlers to purchase lands within forfeited railroad land grants.

The Prineville News says one of its typographical force understands stereotyping, and talks some of branching out into that industry.

At a recent convention in Chateaux county, Montana, the following resolutions were submitted: "Whereas, The leaders and organs of a great political party persistently affirm that the removal of protective tariff will make the price of that article higher than it is at present in Montana, and at the same time will make it lower in Massachusetts; and

"Whereas, It is evident to many people that either the parties who affirm that this peculiar condition could exist, or the parties who would believe it, are fools, and in need of a little education in the first principles of common sense; therefore be it

Resolved, That we hereby respectfully recommend to the present house of representatives at the national capitol assembled that they appoint a special committee of their most learned members in logic and mathematics to give an opinion as to who are occupying an idiotic position—the aforesaid leaders and organs, or the wool-growers of Montana, the manufacturers of Massachusetts and the general public who would entertain their views."

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination at his office in The Dalles, beginning Wednesday, May 11th, 1882, at one o'clock p. m.

Booming Slater. Eugene State Journal. The Portland Dispatch, Tony Noltner's paper, has been enlarged to make room for campaign literature, and it is now filled with three and four columns at a time, telling what a great man Slater is and what gigantic things he has done for Oregon.

He made the Pacific coast in six days and went to sleep on the seventh. And on June sixth, when wakes up our Slater, Ellis will jump out of the bunch grass and knock him down with a sater. Tony is a queer bird, like the do-do, now almost extinct. He and Slater would make a well-matched team but for the fact that each is near sighted, on account of the coarse, imported Australian wool of Democracy having grown down over his eyes, and can work only on the off side of all public interests.

The best spring medicine is a dose or two of St. Patrick's Pills. They not only physic but cleanse the whole system and purify the blood. For sale by Blakeley & Houghton, druggists. d&w

Mr. J. P. Blaize, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review. Mr. Blaize had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and that in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaize regards his cure as simply wonderful. 50 cent bottles for sale by Blakeley & Houghton, druggists. d&w

TO THE TRADE AND CONTRACTORS.

I DESIRE IT TO BE UNDERSTOOD that I have appointed Wm. Butler & Co. exclusive agents for the sale of the "Oregon" lime, at The Dalles, and surrounding country. Other parties have, through surreptitious and unbusinesslike methods, obtained a small quantity of this lime, which may naturally cause the idea that Butler & Co. are not the exclusive agents of these goods.

Such, however, is not the fact, and further stock of this article cannot be obtained from others than Wm. Butler & Co. The trade, however, will not lose sight of the fact that the great strife to obtain the Oregon lime by other dealers proves conclusively that the "Oregon" is the best lime in the market. Very truly T. F. OSBORN, Gen. Agt. Or. Marble and Lime Co.
