The Ring of Cheops.

Cheops was the builder of the pyramid which bears his name, and, as if to make the structure perpetuate his deeds for all time to come, he used stones and bricks of which it is composed are stamped with his name. Cheops lived nearly 2,500 years ago, his great pyramid being an antiquity in the days when the great nations of old were in their youth, and yet we of this Nineteenth century can have the satisfaction of looking upon the very ring he wore so proudly upon his royal finger! The hieroglyphics on the ring are minutely accurate and beautifully executed, the ring itself being of finest gold and weighing nearly an ounce. The oval signet bears the name of Cheops, which is in hieroglyphics in perfect accord with the stamp on the bricks of the great pyramid. This remarkable antiquity was found in a tomb at Ghizeh. It now reposes in the museum of the New York Historical society.—St. Louis Republic.

Writing in Erect Characters.

As most adults write without much regard to the angle which the words take, it is to them a matter of supreme indifference whether upright or sloping calligraphy is best for their health. But with children it is different. Hence there may be something in the recommendation of Drs. Von Reuss and Lorenz to the supreme council of hygiene for Austria that in future children should be taught to write in erect characters, for in this form of penmanship the scholar faces his work, and is spared the twist of the body and neck which is always observable in those who write slantwise, and the tendency to spinal curvature induced thereby.—London Tit-Bits.

Women.

The common afflictions of women are sick-headaches, indigestion and nervous troubles. They arise largely from stomach disorders. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation, you can see why it is more effective than any other Sarsaparilla in the troubles. It is daily relieving hundreds. The action is mild, direct and effective. We have scores of letters from grateful women.

A Necessity.

The consumption of tea largely increases every year in England, Russia, and the principal European tea-drinking countries. But it does not grow in America. And not alone that, but thousands of Europeans who leave Europe ardent lovers of tea, upon arriving in the United States gradually discontinue its use, and finally, cease it altogether. This state of things is due to the fact that the Americans think so much of business and so little of their palates that they permit China and Japan to ship them their cheapest and most worthless teas. Between the wealthy classes of China and Japan and the exacting and cultivated tea-drinkers of Europe, the finer teas find a ready market. The balance of the crop comes to America. Is there any wonder, then, that our taste for tea does not appreciate? In view of these facts, is there not an immediate demand for the importation of a brand of tea that is guaranteed to be uncolored, unmanipulated, and of absolute purity? We think there is, and present Beech's Tea. Its purity is guaranteed in every respect. It has, therefore, more inherent strength than the cheap teas you have been drinking, fully one third less being required for an infusion. This you will discover the first time you make it. Likewise, the flavor is delightful, being the natural flavor of an unadulterated article. It is a revelation to tea-drinkers. Sold only in packages bearing this mark:
