From the Buffalo Courier we learn that the Baptist chapel car "Evangel" was in Buffalo a few days ago on its way to Philadelphia. Rev. E. G. Wheeler who has charge of the car was on his way to the convention of the church in the Quaker city, to report on the work of the year.

A private letter from J. R. Rankin of the chairman. Hood River informs the CHRONICLE that on last Wednesday there were shipped from Hood River station, at one time nearly \$800 worth of strawberries. It is expected this amount will be greatly exceeded in the near future. George T. Prather, democratic candidate for county assessor, estimates that for the next fif-teen days, at least, Hood River will also Booth Wm teen days, at least, Hood River will ship Byers M P an average of 200 crates of strawberries Cole A a day. A crate contains 24 pounds and at an average of 16 cents a pound, which is about the average for the second it. is about the average for the season, this Jark L D would amount to \$768 a day. This may give a hint as to the importance of an Keley Mrs Mary industry only in its infancy in that country. In this connection it may be remarked that the Oregonion of last Sunday quoted Hood River strawberries at 50 cents a box while California berries were selling alongside of them for 15 cents. Hurrah for Hood River!

Hon. H. H. Dufur and M. J. Anderson of Dufur, visited Kingsley last Tuesday night and organized a republican club with thirteen charter members.

A Salted Undershirt for the Grip. Five years ago I was suffering with a very severe throat trouble, so much so that I did not expect to live. An acquaintance told me that he could give me a remedy that would cure it and, as I had tried all of the doctors in my town without receiving any benefit, I decided to try the remedy suggested. I tried it, was permanently cured of my cough, and besides I discovered that I was not subject to colds.

I served a palace car company for two years in that time. I was conductor, running in the states of Virginia, North Carolina, South Carolina, Georgia, Florida, Tennessee and Alabama. I was of course subjected to very hot cars in winter, and of necessity had constantly to get out in the cold at all hours of the night. In all that time I have never had a cold or the grip.

You will be astonished at the remedy. It is simply to wear a salted undershirt. Take a summer undershirt and soak it limitation Clough, Asa C. Straght, Clark McCown in brine made with, say, a half pint of ordinary salt to about a quart of water, and put out to dry. Wear this shirt next to the body. It is not unpleasant to wear and will, I am sure, keep off grip and bad colds, and, I firmly believe, consumption. If I were to live to be eighty years old, I have so much faith in the salted shirts that I would never cease to wear them. My reason for preferring the thin gauze shirt is because the salt makes a heavy shirt too stiff and hard. Wear the heavy shirt over the salted shirt.—Cor. New York Times.

> Dr. Fridtjof to Lecture. Dr. Fridtjof Nansen, the eminent arctic explorer, will, at the instance of the Lecture Agency, visit England during February and March and deliver a number of lectures. A special interest attaches to the lecture on the north pole, as the doctor will describe in detail his theories as to the currents which he believes to exist in the Arctic ocean, and by the help of which he hopes to pass near the center of the polar regions during the expedition he proposes to start in the spring of 1893, and for which the Norwegian government has voted him a large sum of money.
> Dr. Nansen's previous visit to England

on the occasion of the British association meeting at New Castle will be well remembered. What money Dr. Nansen is able to raise on this short lecture tour will go toward the outfitting of his expedition.-Pall Mall Gazette.

Olives in California.

It is said that olive growing will have a wonderful impetus throughout southern California during the next few months, because of the present very large crop of olives, the introduction of

new methods and machinery for making olive oil, and especially because of the splendid prices the olive growers are getting for their crop this season. Olive growing has reached such a stage in Pomona valley that two olive mills are now being built for immediate use there. Prices for cured or pickled olives are as high as ever, and the demand for olive oil is far in excess of the supply.-San Francisco Chronicle.

Ladies Capture a 'Possum

Three ladies of Rockingham county, Va., on their way home from church treed a possum. One of them ascended the tree and shook the animal to the ground, and the other two, who were married, caught him. One of the latter. on reaching home let the animal run loose in her husband's room, and he was nearly scared to death on finding him there when he awoke.-Spirit of the
