President Hill, of the Great Northern, will be in Spokane today. Connection between the Great Northern and the Union Pacific tracks was made yesterday, and the track-laying crew put to work ballasting the track. About 600 men are engaged in this work. The work of grading through westward, is completed at points all the way from Spokane to the Columbia river.

The Salvation Army band headed the Tacoma G. A. R. procession on the 30th. In fact it was the only band in the parade. The musicians union band was not employed because it demanded excessive pay. One of the union musicians who wished to evince his patriotism by playing free, but was prevented by the union, announces his intention never to play again in Tacoma.

A Delightful Place for a Woman. What a delightful day one could spend rummaging in the great cabinets at Windsor castle, where are stored away all the gowns that Queen Victoria ever wore. For the queen's robes are never sold or given away, despite the energetic attempts which have been made from time to time to induce the attendants to part with some of these thousands of gowns, which their wearer has probably forgotten that she ever possessed. The coronation robes, bridal gowns, resplend-ent garments of stately fete and royal ceremonial, worn in the old days before the magnificence of queenliness was for-gotten in the sorrow of widowhood. What will become of these relics when the long reign is ended and the enormous cabinets are made ready for the new queen's arrival?—London Letter.
